B.E.M. Degree

Minimum Requirements for Degree: 129 – 131 credits

There is an ever-increasing demand for fire department and emergency services administrators educated in fire science, emergency medical services, rescue practices, hazardous materials, terrorism threats and business management practices. The business administration department offers students the opportunity to combine technical expertise derived from the associate of applied science degree in emergency services with a curriculum in business management to become highly competitive candidates for job openings and promotion to chief officer or administrator positions within fire departments and other related fields of emergency services.

Fire chiefs and emergency services administrators of the future will need a combination of knowledge and experience covering fire science, EMS, government and politics, accounting, business practices, personnel management, employment law, organizational theory and behavior, training and management development, organizational communications, technical writing, public policy, and leadership and civic engagement offered in the emergency management degree curriculum.
