B.A., B.S. Degrees

Minimum Requirements for Degrees: 120 credits

The number of new fields in which professional mathematicians find employment grows continually. This department prepares students for careers in industry, government and education.

In addition to the major programs, the department provides a number of service courses in support of other programs within the university. Current and detailed information on mathematics degrees and course offerings is available from the department.

The department maintains a math lab which is available for assistance to all students studying mathematics at the baccalaureate level.

The Department of Mathematics and Statistics also offers programs in statistics (see separate listings).

Major — B.A. or B.S. Degree

1. Complete the following pre-major requirement:
   a. Students must be ready to matriculate into MATH F200X before they will be allowed to declare mathematics as their major.
2. Complete the general university requirements (page 131).
3. Complete the B.A. or B.S. degree requirements. (See page 135 or page 136. As part of the B.S. degree requirements, complete PHYS F103X and PHYS F104X, or PHYS F211X and PHYS F212X.)
4. Complete the following program (major) requirements:*#  
   a. Pure math electives:
      MATH F305—Geometry ..................................................3
      MATH F320—Topics in Combinatorics ............................3
      MATH F422—Introduction to Complex Analysis ............3
      MATH F404—Topology ..................................................3
      Additional elective credits ..........................................9
   b. Applied math electives:
      MATH F302—Differential Equations ............................3
      MATH F421—Applied Analysis ......................................4
      MATH F422—Introduction to Complex Analysis ..........3
      MATH F460—Mathematical Modeling ............................3
      Complete two of the following:
      MATH F307—Discrete Mathematics ............................3
      MATH F310—Numerical Analysis .................................3
      STAT F300—Statistics ...............................................3
      Additional elective credits ......................................9
   c. Requirements for mathematics teachers (grades 7 – 12):****
      CS F201—Computer Science I ....................................3
      MATH F305—Geometry .............................................3
      MATH F306—Introduction to the History and Philosophy of Mathematics .............................................3
      STAT F300—Statistics or MATH F371—Probability and MATH F408—Mathematical Statistics (6) ...............3 – 6
      Two courses chosen from:
      MATH F302—Differential Equations (3)
      MATH F320—Topics in Combinatorics (3)
      MATH F321—Number Theory (3)
      MATH F310—Numerical Analysis (3)
      MATH F460—Mathematical Modeling (3) ...............6
      Additional elective credits ......................................3
   d. Statistics concentration electives:
      MATH F371—Probability .............................................3
      MATH F408—Mathematical Statistics ............................3
      MATH F460—Mathematical Modeling ............................3
      STAT F300—Statistics ...............................................3
      STAT F401—Regression and Analysis of Variance ..........4
      Additional elective credits ......................................6
6. Minimum credits required ........................................120

* Student must earn a C grade (2.0) or better in each course.
** Satisfies core or B.A. or B.S. degree requirements.
*** In some cases, courses with strong mathematical content from other disciplines may be used as electives. Such an elective package must be approved by an advisor in the Department of Mathematics and Statistics.
**** We strongly recommend that prospective secondary science teachers seek advising from the UAF School of Education early in your undergraduate degree program, so that you can be appropriately advised of the state of Alaska requirements for teacher licensure. You will apply for admission to the UAF School of Education's post-baccalaureate teacher preparation program, a one-year intensive program, during your senior year. Note: All mathematics majors— including double majors — must have an advisor from the Department of Mathematics and Statistics.

Minor

1. Complete the following:
   Math F200X—Calculus I .............................................4
   Math F201X—Calculus II .........................................4
   Math F202X—Calculus III .........................................4
   Math F215—Introduction to Mathematical Proofs ..........2
   Math F314—Linear Algebra ........................................3
   Math F401W—Introduction to Real Analysis ..............3
   Math F405W—Abstract Algebra ..................................3
   Math F4900—Senior Seminar ......................................1
   Additional elective credits .....................................15

2. Minimum credits required .........................................21

Note: Courses completed to satisfy this minor can be used to simultaneously satisfy other major or general distribution requirements.
All degrees (e.g. B.A., B.S., etc.) require additional courses. Refer to specific degree and program requirements.

**Baccalaureate Core Requirements**

**COMMUNICATION (9)**
Complete the following:
- ENGL F111X ..............................................(3) ___
  *ENGL F190H may be substituted.

Complete one of the following:
- ENGL F211X OR ENGL F213X ..........................(3) ___
- ENGL F231X OR COMM F141X ........................(3) ___

**PERSPECTIVES ON THE HUMAN CONDITION (18)**
Complete all of the following four courses:
- ANTH F100X/SOC F100X ....................................(3) ___
- ECON F100X OR PS F100X .................................(3) ___
- HIST F100X .....................................................(3) ___
- ENGL/FL F200X ...............................................(3) ___

Complete one of the following three courses:
- ART/MUS/THR F200X, HUM F201X OR ANS F202X .... (3) ___

Complete one of the following six courses:
- BA F323X, COMM F300X, JUST F300X, NRM F303X,
- PS F300X OR PHIL F322X .................................(3) ___

**OR complete 12 credits from the above courses PLUS**
- two writing intensive courses designated (W) ..........(2) ___
- three oral communication intensive courses designated (O) ... (3) ___

**MATHMATICS (3)**
Complete one of the following:
- MATH F103X, MATH F107X, MATH F161X OR
- STAT F200X ....................................................(3 – 4) ___
  *No credit may be earned for more than one of MATH F107X or MATH F161X.

**OR complete one of the following:**
- MATH F200X, MATH F201X, MATH F202X,
- MATH F262X OR MATH F272X ............................(4) ___
  *Or any math course having one of these as a prerequisite.

**NATURAL SCIENCES (8)**
Complete any two (4-credit) courses:
- ATM F101X ...................................................(4) ___
- BIOL F100X ...................................................(4) ___
- BIOL F103X ...................................................(4) ___
- BIOL F104X ...................................................(4) ___
- BIOL F111X ...................................................(4) ___
- BIOL F112X ...................................................(4) ___
- BIOL F115X ...................................................(4) ___
- BIOL F116X ...................................................(4) ___
- CHEM F100X ...................................................(4) ___
- CHEM F103X ...................................................(4) ___
- CHEM F104X ...................................................(4) ___
- CHEM F105X ...................................................(4) ___
- CHEM F106X ...................................................(4) ___
- GEOG F111X ...................................................(4) ___
- GEOS F100X ...................................................(4) ___
- GEOS F101X ...................................................(4) ___
- GEOS F112X ...................................................(4) ___
- GEOS F120X ...................................................(4) ___
- GEOS F125X ...................................................(4) ___
- MSL F111X ...................................................(4) ___
- PHYS F102X ...................................................(4) ___
- PHYS F103X ...................................................(4) ___
- PHYS F104X ...................................................(4) ___
- PHYS F115X ...................................................(4) ___
- PHYS F116X ...................................................(4) ___
- PHYS F175X ...................................................(4) ___
- PHYS F211X ...................................................(4) ___
- PHYS F212X ...................................................(4) ___
- PHYS F213X ...................................................(4) ___

**LIBRARY AND INFORMATION RESEARCH (0 – 1)**
Successful completion of library skills competency test **OR**
- LS F100X or F101X prior to junior standing .......... (0 – 1) ___

**UPPER-DIVISION WRITING AND ORAL COMMUNICATION (0)**
Complete the following:
Two writing intensive courses designated (W) ..............(0) ___
and one oral communication intensive course designated (O) ....................................................(0) ___
**OR**
- two oral communication intensive courses designated (O/2), at the upper-division level (see degree and/or major requirements) ...........................................................(0) ___

**CORE CREDITS REQUIRED ........................................... 38 – 39**
Minimum credits required for degree .......................... 120
