## Mining Engineering

**College of Engineering and Mines**  
Department of Mining and Geological Engineering  
907-474-7388  
www.uaf.edu/cem/min/

### B.S. Degree

**Minimum Requirements for Degree: 132 credits**

As the nation's northernmost accredited mining engineering program, our mission is to advance and disseminate knowledge for exploration, evaluation, development and efficient production of mineral and energy resources with assurance of the health and safety of persons involved and protection of the environment, through creative teaching, research and public service with an emphasis on Alaska, the North and its diverse peoples.

The mining engineering program emphasizes engineering as it applies to the exploration and development of mineral resources and upon the economics of the business of mining. The program offers specializations in exploration, mining or mineral beneficiation.

Students are prepared for job opportunities with mining and construction companies, consulting and research firms, equipment manufacturers, investment and commodity firms in the private sector, as well as with state and federal agencies.

The mining engineering program educational objectives are to graduate competent engineers who are prepared for employment in the mineral and energy industries in temperate and arctic regions, are prepared to solve problems germane to Alaska, and are prepared for graduate studies at the masters or doctoral level.

Mining engineers may aspire to, and achieve, the highest positions in the industry: operating or engineering management, government agency director or entrepreneur. Starting salaries are among the highest in the engineering profession.

Students may initiate their mining engineering program in Anchorage and transfer to Fairbanks upon completion of their freshman or sophomore year. Anchorage students intending to transfer to Fairbanks should contact faculty of the UAF mining engineering department.

Candidates for the B.S. degree in mining engineering must take the state of Alaska Fundamentals of Engineering examination. The Fundamentals of Engineering examination is a first step toward registration as a professional engineer.

The minor in mining engineering provides non-mining engineering students with an opportunity to acquire employable skills in the mining profession. Students in the mining engineering minor will be trained in a broad variety of topics such as mine ventilation, ground control, mine operation, economics, environmental law and labor management. Students will have the choice of other mining topics to make up the minor requirements.

For more information about the Mining Engineering Program mission, goals and educational objectives, visit www.uaf.edu/cem/min/about/.

### Major — B.S. Degree

1. Complete the general university requirements. (See page 131. As part of the core curriculum requirements, complete: CHEM F105X, CHEM F106X, LS F101X and MATH F200X.)
2. Complete the B.S. degree requirements. (See page 136. As part of the B.S. degree requirements, complete: MATH F201X, PHYS F211X and PHYS F212X.)
3. Complete the following program (major) requirements:*  
   - ES F208—Mechanics.................................4  
   - ES F307—Elements of Electrical Engineering...........3  
   - ES F331—Mechanics of Materials..........................3  
   - ES F341—Fluid Mechanics..................................4  
   - ES F346—Basic Thermodynamics...........................3  
   - GE F261—General Geology for Engineers...............3  
   - GEOS F262—Rocks and Minerals.............................3  
   - GEOS F332—Ore Deposits and Structure..................3  
   - MIN F103—Introduction to Mining Engineering..........1  
   - MIN F104—Mining Safety and Operations Lab............1  
   - MIN F202—Mine Surveying................................3  
   - MIN F225—Quantitative Methods in Mining Engineering...2  
   - MIN F226—Introduction to Mine Development............2  
   - MIN F301—Mine Plant Design..............................3  
   - MIN F302—Underground Mine Environmental Engineering .3  
   - MIN F313—Introduction to Mineral Preparation.........3  
   - MIN F370—Rock Mechanics................................3  
   - MIN F407W—Mine Reclamation and Environmental Management  
     2  
   - MIN F408W—Mine Reclamation and Environmental Management  
     2  
   - MIN F409—Operations Research and Computer Applications in  
     Mineral Industry..........................................3  
   - MIN F433—Principles of Applications of Industrial Explosives  
     3  
   - MIN F454—Underground Mining Methods..................3  
   - MIN F482—Computer Aided Mine Design-VULCAN........3  
   - MIN F484—Surface Mining Methods II....................3  
   - MIN F489W—Mining Design Project I....................1  
   - MIN F490W—Mining Design Project II...................2  
   - MIN F485—Mining Engineering Exit Exam....................0  
4. Complete the following program (major) requirements:  
   - MATH F202X—Calculus................................4  
   - MATH F302—Differential Equations.........................3  
5. Complete 3 credits* from the following recommended technical electives:**  
   - GE F440—Slope Stability.....................................3  
   - MIN F401—Mine Site Field Trip............................2  
   - MIN F447—Placer Mining....................................3  
   - MIN F472—Ground Control................................3  
   - MIN F481—Computer Aided Mine Design-TECHBASE ....3  
   - MIN F415—Coal Preparation.................................3  
   - MIN F646—Mining Engineering in the Arctic............3  
   - CE F603—Arctic Engineering.................................3  
   - Approved technical electives..................................3 – 6  
6. Minimum credits required........................................132

* Students must plan their elective courses in consultation with their mining engineering faculty advisor. Technical electives are selected from the list of approved technical electives for mining engineering program and other programs course listing. All elective courses must be approved by the department head.

** Students must earn a C grade or better in each course.

Minor

1. Complete 15 credits from the following:*
   MIN F301—Mine Plant Design .................................................3
   MIN F313—Introduction to Mineral Preparation ..........................3
   MIN F370—Rock Mechanics ....................................................3
   MIN F407W—Mine Reclamation and Environmental Management ....3
   MIN F409—Operations Research/Computer Applications ...........3
   MIN F370—Rock Mechanics ....................................................3
   MIN F407W—Mine Reclamation and Environmental Management ....3
   MIN F408O—Mineral Valuation and Economics .......................3
   MIN F409—Operations Research/Computer Applications ...........3
   MIN F443—Principles and Applications of Industrial Explosives ....3
   MIN F482—Computer-Aided Mine Design .................................3
   Advisor approved mining elective ...........................................1

2. Minimum credits required .......................................................15

*Students must earn a C grade or better in each course.
All degrees (e.g. B.A., B.S., etc.) require additional courses. Refer to specific degree and program requirements.

### Baccalaureate Core Requirements

#### COMMUNICATION (9)
- Complete the following:
  - ENGL F111X ..........................................................(3)
  
  ENGL F190H may be substituted.
- Complete one of the following:
  - ENGL F211X OR ENGL F213X .................................(3)
  
- Complete one of the following:
  - COMM F131X OR COMM F141X .............................(3)

#### PERSPECTIVES ON THE HUMAN CONDITION (18)
- Complete all of the following four courses:
  - ANTH F100X/SOC F100X ......................................(3)
  - ECON F100X OR PS F100X ....................................(3)
  - HIST F100X ..........................................................(3)
  - ENGL/FL F200X ......................................................(3)
- Complete one of the following three courses:
  - ART/MUS/THR F200X, HUM F201X OR ANS F202X .....(3)
- Complete one of the following six courses:
  - BA F323X, COMM F300X, JUST F300X, NRM F303X,
    PS F300X OR PHIL F322X ....................................(3)
- OR complete 12 credits from the above courses PLUS
  - two writing intensive courses designated (W) ............(3)
  - three semester-length courses in American Sign
    Language taken at the university level.

#### MATHEMATICS (3)
- Complete one of the following:
  - MATH F103X, MATH F107X, MATH F161X OR
    STAT F200X ........................................................... (3–4)
  
  * No credit may be earned for more than one of MATH F107X or MATH F161X.
- OR complete one of the following:
  - MATH F200X, MATH F201X, MATH F202X,
    MATH F262X OR MATH F272X ............................(4)
  
  *Or any math course having one of these as a prerequisite.

#### NATURAL SCIENCES (8)
- Complete any two (4-credit) courses:
  - ATM F101X ..........................................................(4)
  - BIOL F100X ...........................................................(4)
  - BIOL F103X ...........................................................(4)
  - BIOL F104X ...........................................................(4)
  - BIOL F111X ...........................................................(4)
  - BIOL F112X ...........................................................(4)
  - BIOL F115X ...........................................................(4)
  - BIOL F116X ...........................................................(4)
  - CHEM F100X ...........................................................(4)
  - CHEM F103X ...........................................................(4)
  - CHEM F104X ...........................................................(4)
  - CHEM F105X ...........................................................(4)
  - CHEM F106X ...........................................................(4)
  - GEOG F111X ...........................................................(4)
  - GEOS F100X ...........................................................(4)
  - GEOS F101X ...........................................................(4)
  - GEOS F112X ...........................................................(4)
  - GEOS F120X ...........................................................(4)
  - GEOS F125X ...........................................................(4)
  - MSL F111X ............................................................(4)
  - PHYS F102X ...........................................................(4)
  - PHYS F103X ...........................................................(4)
  - PHYS F104X ...........................................................(4)
  - PHYS F115X ...........................................................(4)
  - PHYS F116X ...........................................................(4)
  - PHYS F117X ...........................................................(4)
  - PHYS F211X ...........................................................(4)
  - PHYS F212X ...........................................................(4)
  - PHYS F213X ...........................................................(4)

#### LIBRARY AND INFORMATION RESEARCH (0 – 1)
- Successful completion of library skills competency test OR
  LS F100X or F101X prior to junior standing ...............................(0 – 1)

#### UPPER-DIVISION WRITING AND ORAL COMMUNICATION (0)
- Complete the following:
  - Two writing intensive courses designated (W) ............(0)
  - and one oral communication intensive course
designated (O) .........................................................(0)

  OR two oral communication intensive courses designated
  (O/2), at the upper-division level (see degree and/or major
  requirements) .......................................................(0)

#### CORE CREDITS REQUIRED ..................................................38 – 39
- Minimum credits required for degree ........................................120
