A.A.S. Degree

Minimum Requirements for Degree: 60 Credits

The renewable resources degree program is offered by the College of Rural and Community Development on the Fairbanks campus and through rural campuses. Students interested in the degree should first contact a faculty advisor at the Bristol Bay Campus (toll free number above) to discuss program content, requirements and expectations. This two-year A.A.S. degree program helps students gain employment with state, federal or tribal resource management agencies, Alaska Native Claims Settlement Act (ANCSA) corporations or other entities. For those already employed in this field, this program provides an opportunity to improve job skills.

Major — A.A.S. Degree

1. Complete the general university requirements (page 92).
2. Complete the A.A.S. degree requirements. (See page 96. As part of the A.A.S. degree requirements, complete MATH F103X or MATH F107X, CHEM F103X or CHEM F105X.)
3. Complete the following program (major) requirements:*  
   a. Complete the following:
      ECON F235—Introduction to Natural Resource Economics ...............................3  
      NRM F101—Natural Resources Conservation and Policy ................................3  
      NRM F204—Public Lands Law and Policy ...................................................3  
      RD F255—Rural Alaska Land Issues ..............................................................3  
      RD F280—Resource Management Research Techniques ...................................3  
   b. Complete one course from each of the following groups:
      Group 1
      BIOL F104—Natural History of Alaska .........................................................3  
      BIOL F104X—Natural History of Alaska .......................................................4  
      BIOL F115X—Fundamentals of Biology I .......................................................4  
      Group 2
      GEOG F111—Elements of Physical Geography ...........................................3  
      GEOG F111X—Earth and Environment: Elements of Physical Geography ..........4  
      GEOS F100X—Introduction to Earth Science ................................................4  
      NRM F380W—Soils and the Environment .....................................................3  
      Group 3
      NRM F102—Practicum in Natural Resources Management ................................1 – 2  
      WLF F304—Wildlife Internships ..................................................................1 – 3  
   c. Complete the following:
      CIOS F100—Introduction to Personal Computers ........................................1  
      CIOS F111—Computer Software for Beginners ............................................2  
      CIOS F150—Computer Business Applications .............................................3  
      FISH F101—Introduction to Fisheries ............................................................3  
      FISH F101—Survey of Wildlife Science .......................................................1  
      MIN F101—Minerals, Man and the Environment ...........................................3  
      NRM F304O—Perspectives in Natural Resources Management ......................3  
      NRM F340—Natural Resources Measurement and Inventory .........................3  
      RD F265—Perspectives on Subsistence in Alaska .........................................3  
      RD F492—Rural Development Leadership Seminar ......................................3  
      STAT F200X—Elementary Probability and Statistics ..................................3  
      WLF F101—Wildlife Management Principles ...............................................3  
      WLF F303W—Wildlife Management Techniques .........................................3  
      Or other advisor approved renewable resource related electives .................................9 – 14  
   d. Complete 9 – 14 credits from the following courses:
      ANTH F242—Native Cultures of Alaska ......................................................3  
      BIOL F116X—Fundamentals of Biology II ....................................................4  
      BIOL F150—Introduction to Marine Biology ................................................3  
      BIOL F239—Introduction to Plant Biology ..................................................4  
      BIOL F271—Principles of Ecology ...............................................................4  
      CE F112—Elementary Surveying ..................................................................3  
      EMS F152—Emergency Trauma Training First Responder ............................3  
      ENGL F314W/O—Technical Writing ..........................................................3  
      FISH F101—Introduction to Fisheries .........................................................3  
      MIN F101—Minerals, Man and the Environment ...........................................3  
      NRM F251—Silvics and Dendrology ............................................................4  
      NRM F304O—Perspectives in Natural Resources Management ......................3  
      NRM F340—Natural Resources Measurement and Inventory .........................3  
      RD F255—Rural Alaska Land Issues ..............................................................3  
      STAT F200X—Elementary Probability and Statistics ..................................3  
      WLF F101—Wildlife Management Principles ...............................................3  
      WLF F303W—Wildlife Management Techniques .........................................3  
      Or other advisor approved renewable resource related electives .................................9 – 14  
   e. Complete the following:
      CIOS F100—Introduction to Personal Computers ........................................1  
      CIOS F111—Computer Software for Beginners ............................................2  
      CIOS F150—Computer Business Applications .............................................3  
      FISH F101—Introduction to Fisheries ............................................................3  
      FISH F101—Survey of Wildlife Science .......................................................1  
      MIN F101—Minerals, Man and the Environment ...........................................3  
      NRM F304O—Perspectives in Natural Resources Management ......................3  
      NRM F340—Natural Resources Measurement and Inventory .........................3  
      RD F265—Perspectives on Subsistence in Alaska .........................................3  
      RD F492—Rural Development Leadership Seminar ......................................3  
      STAT F200X—Elementary Probability and Statistics ..................................3  
      WLF F101—Wildlife Management Principles ...............................................3  
      WLF F303W—Wildlife Management Techniques .........................................3  
      Or other advisor approved renewable resource related electives .................................9 – 14  

4. Minimum credits required ...........................................................................60

* Student must earn a C grade or better in each course.
Note: Prerequisites required for many courses.
All degrees (e.g. Certificate, A.A., A.A.S., A.S., etc) require additional courses. Refer to specific degree and program requirements.

## Certificate Requirements

**COMMUNICATION (2-3)**
Complete one of the following:
- ENGL F111X .............................................. (3)
- ABUS F170 .................................................. (3)
- ABUS F271 .................................................. (3)
- ENGL F211X ................................................ (3)
- ENGL F212 .................................................. (3)
- ENGL F213X ................................................ (3)
- COMM F131X .............................................. (3)
- COMM F141X .............................................. (3)
- DEVS F104 ................................................. (1 – 3)
- DEVS F105 .................................................. (3)

*Other program-approved discipline-based communication course or discipline-based courses with embedded communication content. (2 – 3)*

* ENGL F212 does not fulfill the second half of the written communication requirement for the bachelor's degree.

**COMPUTATION (2-3)**
Complete one of the following:
- Any course at the F100-level or above in mathematical sciences (computer science, math or statistics) ...................................... (3)
- ABUS F155 .................................................. (3)
- DEVM F105 .................................................. (3)
- ECE F117 .................................................... (3)
- HLTH F116 ................................................... (3)
- HUMS F117 ................................................... (3)
- PRT F155 .................................................... (3)
- TTCH F131 ................................................... (3)

*Other program-approved discipline-based computation course or discipline-based courses with embedded computation content. (2 – 3)*

**HUMAN RELATIONS (2-3)**
Complete one of the following:
- ANTH F100X/SOC F100X ......................... (3)
- ABUS F134 .................................................. (3)
- ANL F287 .................................................... (3)
- ECE F245 .................................................... (3)
- ED/PSY F245 .............................................. (3)
- HLTH F106 ................................................... (3)
- HUMS F120 ................................................... (3)
- RHS F110 .................................................... (1)

* Other program-approved discipline-based human relations course or discipline-based courses with embedded human relations content. (2 – 3)*

**MAJOR SPECIALTY CREDITS (minimum) .................. 21**

Minimum credits for required certificate .......................... 30

## Associate of Applied Science Requirements

**COMMUNICATION (9)**
- ENGL F111X .............................................. (3)

Complete one of the following:
- ABUS F271 .................................................. (3)
- ENGL F211X ................................................ (3)
- ENGL F212 .................................................. (3)
- ENGL F213X ................................................ (3)

* ENGL F212 does not fulfill the second half of the written communication requirement for the bachelor's degree.

**COMPUTATION (3)**
Complete one of the following:
- ABUS F155 .................................................. (3)
- DEVM F105 .................................................. (3)
- ECE F117 .................................................... (3)
- HLTH F116 ................................................... (3)
- HUMS F117 ................................................... (3)
- PRT F155 .................................................... (3)
- TTCH F131 ................................................... (3)

*Other program-approved discipline-based computation course or discipline-based courses with embedded computation content. (3)*

**HUMAN RELATIONS (2-3)**
Complete one of the following:
- ANTH F100X/SOC F100X ......................... (3)
- ABUS F134 .................................................. (3)
- ANL F287 .................................................... (3)
- ECE F245 .................................................... (3)
- ED/PSY F245 .............................................. (3)
- HLTH F106 ................................................... (3)
- HUMS F120 ................................................... (3)
- RHS F110 .................................................... (1)

* Other program-approved discipline-based human relations course or discipline-based courses with embedded human relations content. (3)*

**MAJOR SPECIALTY CREDITS (minimum) .................. 30**

Minimum credits required for degree ................................. 60
