B.A. Degree

Minimum Requirements for Degree: 120 credits

The journalism program offers a solid curriculum designed to prepare students to leave the classroom and be ready to take their places in the nation’s newsrooms.

In addition to the solid academic background they receive in the classroom, students get practical experience by working with media on and off campus. On campus, these include KUAC, a public television and public radio station, student-owned FM radio station KSUA, and the Sun Star, the campus newspaper. Off campus, students have opportunities to intern with a variety of radio and television stations, newspapers and other media-related businesses and organizations, both in and out of Alaska.

The department runs several laboratory facilities including a digital newsroom and photography lab, a digital audio bay, a digital video editing/advanced digital printing lab, two wet photography labs and a photography studio. The department is accredited by the Accrediting Council on Education in Journalism and Mass Communication.
