

Look Up Your Loan

Use *ELMNet* to review all your student loan information on the Web. You can monitor your loan status from the time you submit it until the day your loan is fully paid.

ELMNet is the same system your school uses to process and track your loans.

Here's how:

- Go to **www.elmresources.com**.
- Click on “**Student Loan Borrowers**”.
- Click on “**Check My Loans On ELMNet**”.
- Enter your ID and password. If this is the first time you've used ELMNet, you will need to create an ID and password.
- You will see all your loans, including your Subsidized and Unsubsidized Stafford loans and, in most cases, your alternative loans. Parent PLUS loans are also available for viewing but can only be accessed by the parent borrower who must create an ID and password.
