The annual flower display demonstrates the wide range of varieties which can be grown here. We use this garden to feature recommended varieties and also test new ones. As this is an All-America Selections Display Garden, we display recent AAS flowers and vegetables, including the newest selections which are not yet available to the public. Annual flowers in this garden were grown in our greenhouse and transplanted outside in early June.

Special thanks to the following seed companies for providing seed to us without charge this year: Ball Seed Co., W. Atlee Burpee & Co., Johnny's Selected Seed, Geo. W. Park Seed Co., Stokes Seeds, Thompson & Morgan, Inc., and Vaughan's Seed Co.

No endorsement of firms mentioned is intended, nor is criticism implied of those not mentioned.
