Vegetables, Herbs and Edible Flowers 2001

by

Grant Matheke, Jan Hanscom, Pat Holloway, Etta Gardiner, Tracy Terry & Cori Campanella

The vegetable trials are an evaluation of new and standard cultivars from commercial seed companies. We also display the All America Selections winners including the most recent selections that will be available in 2002. Look for the special AAS labels in the garden. Two special trials for 2001 include outdoor tomatoes from Territorial Seed Co. compared against the standard, 'Subarctic 25' and trials of carrots, red cabbage and broccoli for Denali Seed Co., Anchorage. Special thanks to the following companies and individuals for providing free or discounted seeds for our trials: Harris Seeds, Johnny's Selected Seeds, Geo W. Park Seed Co. and Stokes Seeds. No endorsement of companies mentioned is intended nor is criticism implied of those not mentioned.
