

Vegetables, Herbs and Edible Flowers 2002

by Grant Matheke, Pat Holloway, Jan Hanscom, and Etta Gardiner

The vegetable trials are an evaluation of new and standard cultivars from commercial seed companies. We also display the All American Selection winners including the most recent selections that will be available in 2003. Look for the special AAS labels in the garden. Two special trials for 2002 include baby greens and trials of carrots for Denali Seed Co., Anchorage. Special thanks to the following companies and individuals for providing free or discounted seeds for our trials: Harris Seeds, Johnny's Selected Seeds, Geo. W. Park Seed Co. and Stokes Seeds. No endorsement of companies mentioned is intended nor is criticism implied of those not mentioned.

Vegetables
