

Political Science		College of Liberal Arts	
Table 4.1 Outcomes Assessment Implementation Summary			
Complete a separate table for each degree and certificate program			
	Academic Year		
	2010-2011	2011-2012	
Assessment information collected	1) survey of graduates 2) senior theses were reviewed by two faculty per thesis and the rubric adopted by the department was used to examine performance across thesis components	1) survey of graduates 2) senior theses	

Submitted by: Jerry McBeath, CLA Political Science

<p>Conclusions drawn from the information collected above and how are faculty collectively involved in drawing conclusions</p>	<p>1) <i>2 exit surveys were completed and students reported satisfaction with courses and faculty. One suggested more help in post-graduate placement.</i></p> <p>2) <i>9 senior theses were reviewed and the key challenges involved writing skills and effectively employing theory from two subfields of political science</i></p> <p><i>Faculty reviewed an analysis of outcomes and commented on conclusions and recommendations through email. A meeting at the beginning of the next academic year will be held to discuss results.</i></p>	<p>1) <i>0 exit surveys were completed, as 2011-2012 surveys were included in the previous year's report. In November 2012, we sent a second e-mail to all 2012 graduates requesting that they complete the survey. These will be included in the 2012-13 review</i></p> <p>2) <i>3 senior theses were reviewed and the key challenges involved writing skills</i></p> <p><i>Faculty reviewed an analysis of outcomes and commented on conclusions and recommendations through email. A meeting at the beginning of Spring semester 2013 will be held to discuss results.</i></p>

Curricular/other changes resulting from conclusions drawn above	<i>Faculty will insure that thesis-writing students have taken all pre-requisites.</i>	<i>At the spring 2013 meeting we also will consider evaluation of PS 475 and the Juneau legislative internship (the other two means students may use to complete PS graduation requirements)</i>

Student Credit Hours, by Subject and Level

Subject and level	FY08	FY09	FY10	FY11	FY12
PS - Lower	873	915	960	687	831
PS - Upper	623	862	750	663	558
PS -Grad	31	18	30	45	69
PS -Outside	717	678	633	501	498

Courses taught by the department during the regular fall and spring terms are listed on the "developmental", "lower", "upper", and "grad" lines. Courses taught by Summer Sessions, the Center for Distance Education, and rural campuses are pooled and reported on the "Outside" line. Only departmentally produced credit hours are considered when evaluating service teaching effort and faculty productivity.

All data in this section taken from Banner closing freezes.

Service Teaching

Enrollee's major	FY08	FY09	FY10	FY11	FY12
In department	334	593	561	426	417
In unit, outside department	384	372	462	342	405
Outside unit	818	851	729	627	639

"Service Teaching" is defined here as the number of credit hours a department delivers to students who are not seeking a degree from that same department.

Headcount of Majors

Degree and major sought	FY08	FY09	FY10	FY11	FY12
BA Political Science	58	72	72	69	70
BI Premajor - Political Science	3	7	3	7	6
Unduplicated headcount	61	79	75	76	76

A student seeking more than one degree, or changing major during a fiscal year, is counted more than once, except on the "unduplicated headcount" line. The unduplicated headcount is further broken down in the next table.

Majors by Race and Gender

	FY08	FY09	FY10	FY11	FY12
Native female	6	6	6	7	7
Native male	2	3	3	1	3
Non-native female	24	35	29	26	30
Non-native male	29	35	37	42	36
Total minorities	21	14	14	17	21

Degrees Awarded

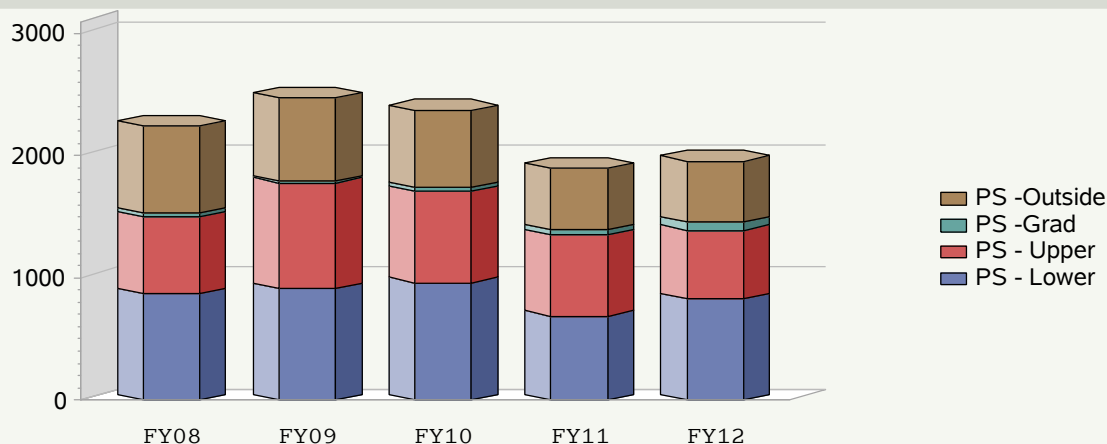

Degree and major	FY08	FY09	FY10	FY11	FY12
BA Political Science	5	9	13	12	12
Total # awards	5	9	13	12	12

Ratio of Degrees Awarded to Majors Enrolled

	FY08-12
BA Political Science	0.15
BI Premajor - Political Science	0.15

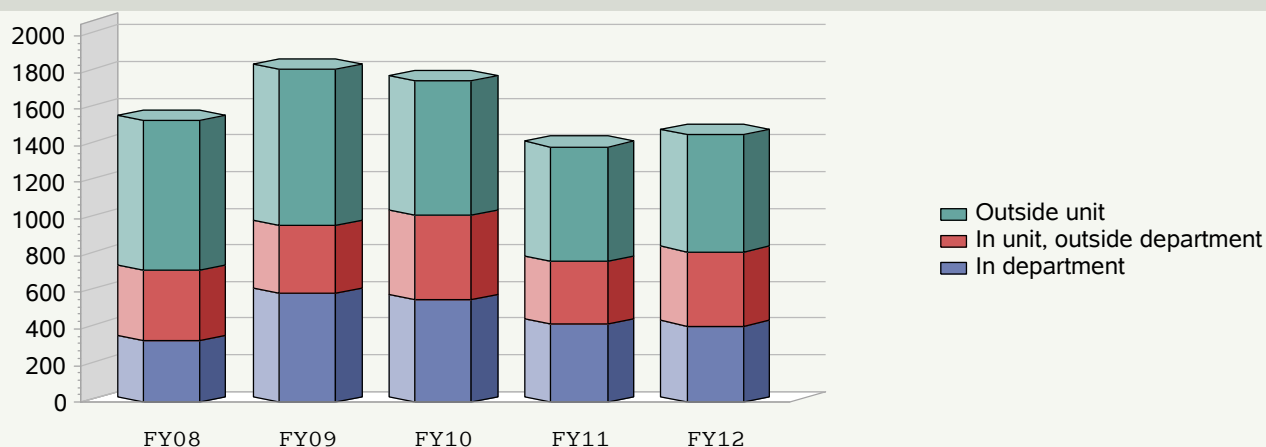

The average number of awards per degree, major, and year over the five-year period(as reported in the previous table), devided by the average count of majors over those same years.
Reported only for programs with at least one major in the respective years.

Student Credit Hours, by Subject and Level

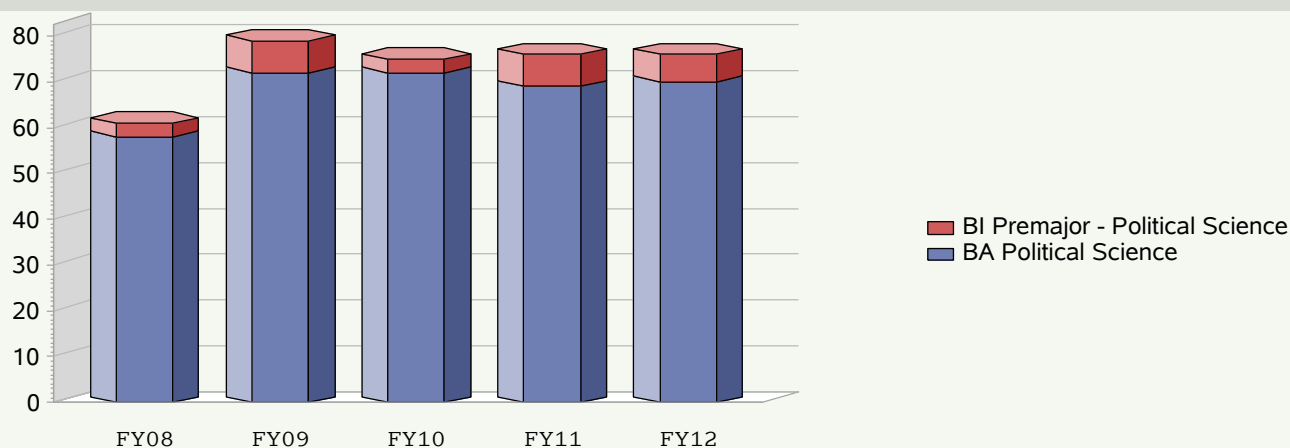

Courses taught by the department during the regular fall and spring terms are listed on the "developmental", "lower", "upper", and "grad" lines. Courses taught by Summer Sessions, the Center for Distance Education, and rural campuses are pooled and reported on the "Outside" line. Only departmentally produced credit hours are considered when evaluating service teaching effort and faculty productivity. All data in this section taken from Banner closing freezes.

Service Teaching

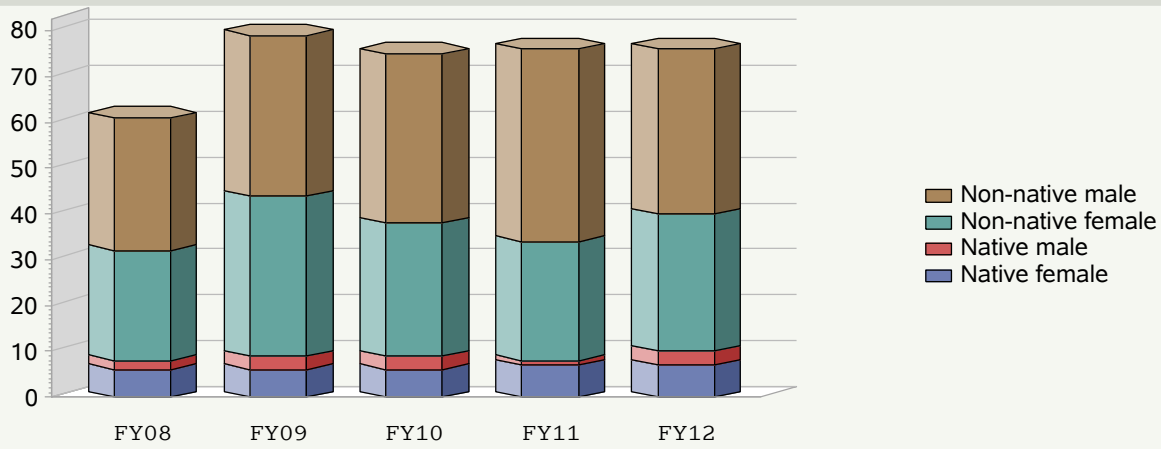

"Service Teaching" is defined here as the number of credit hours a department delivers to students who are not seeking a degree from that same department.

Headcount of Majors

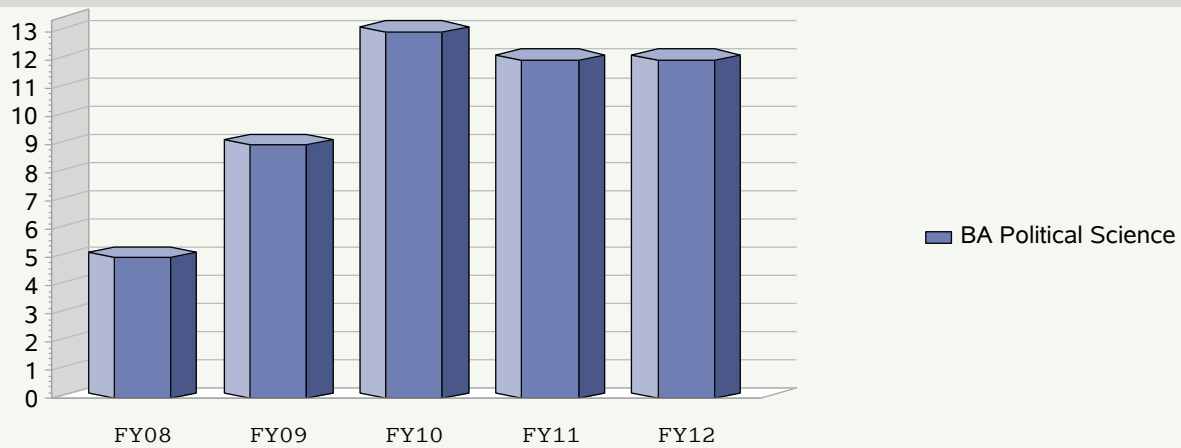

A student seeking more than one degree, or changing major during a fiscal year, is counted more than once, except on the "unduplicated headcount" line. The unduplicated headcount is further broken down in the next table.

Majors by Race and Gender

Degrees Awarded

Tuition Revenue Generated

	FY08	FY09	FY10	FY11	FY12
Tuition generated	\$210,353	\$258,190	\$264,090	\$228,909	\$257,988

Calculated from departmental credit hour production (as shown on page 1) and the published lower-division, upper-division, and graduate tuition rates. Out-of-state surcharges, tuition waivers, and fee-in-lieu-of-tuition adjustments are NOT applied.

Departmental FTEs by Job Class

Job class	FY08	FY09	FY10	FY11	FY12
Adjunct FTEs	.	0.06	0.08	.	0.23
Faculty FTEs	3.77	4.24	4.64	5.03	3.85
Staff FTEs	0.56	0.56	0.56	0.56	0.56
Student FTEs	0.33	0.17	0.18	0.01	0.00

For the faculty, staff, and student job classes, this table is based on the actual number of days each employee is in active status in each fiscal year, and on the organization code(s) responsible for paying each person's salary. Note that full-time faculty on 9-month contracts will be counted as only 0.75 FTEs each.

Adjunct FTE has been approximated by counting the number of course hours taught by people who have adjunct contracts with each department and dividing by 40.

Names of Affiliated Faculty and Grants Status

Faculty name	FY08	FY09	FY10	FY11	FY12
Anahita Jensine M		No			
Corbin Tanya B				No	
Gladden James N	Yes	Yes	Yes		
Kleinfeld Judith S		Yes			
Kohler Pia M	No	No	No	No	No
Lovecraft Amy L	Yes	Yes	Yes	Yes	Yes
McBeath Gerald A	Yes	Yes	Yes	Yes	Yes
Meek Chanda L			No	Yes	Yes
Parson Sean M				No	No
Rosenberg Jonathan	Yes	Yes	Yes	Yes	Yes
Winzer Jane A		No			

All faculty who have received any support from the department in the last 5 years are listed. For each year that a faculty member received support from a department, a NO or YES flag indicates whether that faculty member was listed as a Principal Investigator for a research grant active during that year. A blank indicates that the faculty member did not receive funding from the department during that particular FY.

Many faculty receive support from more than one department. This table does not specify how much of a faculty member's support came from this department, and does not specify whether their research grants were administered through this department.
