AAS Outcomes Assessment Implementation Summary			
2010-2011 SLOA is based off of updated SLOA plan			
	Academic Year		
	2008-09	2009-10	2010-2011
Assessment information collected	1) NCCER Certification: 20 out of 24 students received NCCER Certification 2) 3 of the 5 graduates were surveyed after completion of course work. 3) Student Practicum: 100% pass rate of the 8 students enrolled in the practicum. Each was reviewed by the Program Head. 4) Information on students continuing on to a BT degree not collected	1) Student practicum: 100% pass rate of the 9 students enrolled in the practicum. Each was reviewed by Program Head. 2) 2010 CTT Advisory Council Meeting 3) Information on students continuing on to a BT degree not collected	1) Student Practicum: CTT 299 (AAS Level Practicum) was not offered in AY 11. 2) There were no CTT AAS graduates in AY 11. 3) There were no CTT AAS Graduates in AY 10 to conduct employment survey.
Conclusions drawn from the information collected above and how are faculty collectively involved in drawing conclusions	1) 83% of students received NCCER Certification within each CTT course unit. 2) 100% of the students surveyed expressed overall satisfaction with the skills and knowledge obtained. 3) The 100% pass rate in the practicum shows satisfaction from the employers with the skills and knowledge that the student obtained in the course work.	1) The 100% pass rate in the practicum shows satisfaction from the employers with the skills and knowledge that the student obtained in the course work. 2) February 2010 the CTT Program held an advisory council meeting where it was decided to drop NCCER certification and develop a Project Management track	1) The CTT AAS program has been developing a new Project Management track that included new courses. As such AAS level CTT course were not offered during 2010-2011. AAS CTT Faculty focused work on new course to be offered in the Project Management Track.
Curricular changes resulting from conclusions drawn above	none	1.) The CTT Program have been developing the Project Management track courses	1) CTT 240: Intro to Project Development for Rural Residential Construction & CTT 241: Intro to Estimating, Cost Control, and Quality Control for rural Residential Construction were approved by Faculty Senate. These courses are the basis for the Project Management Track.
