

# Student Learning Outcomes Assessment Summary

## **Aviation Maintenance (AFPM), AAS Aviation Maintenance Technology**

*Community and Technical College*

**AY 2013-2015**

**Submitted by: Kevin Alexander**

**Contact Information: Kwalexander@alaska.edu**

**Date: 5/27/2016**

### **1. Assessment Criteria from SLOA Plan:**

Graduates will secure employment

Demonstrated skill in AFPM 270 and 272

Graduates will pass FAA written exams

Graduates will earn FAA certification

Survey of employers and committee members

### **Information Collected:**

100% gained employment

All students performed satisfactorily in exit exams when their certificate was obtained and/or already possessed an FAA A&P Certificate.

This is not a requirement for earning an AAS degree.

100% of graduates surveyed earned FAA Certification

Employers report consistent high-quality graduates.

### **2. Conclusions drawn from the information summarized above**

Many AAS recipients continue on with further degree goals.

The SLOA Plan does not adequately fit with the AFPM AAS degree grads and will be amended in future years.

### **3. Curricular changes resulting from conclusions drawn above**

Continued to incorporate/emphasize changing subject matter as needed. SEE A&P Certificate Outcomes Assessment Summary since the major is shared.

### **4. Identify the faculty members involved in reaching the conclusions drawn above and agreeing upon the curricular changes resulting**
