B.A. Degree

Minimum Requirements for Degree: 123 – 124 credits

The journalism program offers a solid curriculum designed to prepare students to leave the classroom and be ready to take their places in the nation's newsrooms.

In addition to the solid academic background they receive in the classroom, students get practical experience by working with media on and off campus. On campus, these include public television and public radio stations, a student-owned FM station and the campus newspaper. Off campus, students have opportunities to intern with a variety of radio and television stations, newspapers and other media-related businesses and organizations, both in and out of Alaska.

The department runs several laboratory facilities including a news writing/digital photography lab, a multimedia lab, a digital audio production lab, a digital video editing lab, two photography labs and a photography studio, and an electronic newsroom. The department is accredited by the Accrediting Council on Education in Journalism and Mass Communication.
