February 1, 2019

TO: James R. Johnsen, UA President

FROM: Daniel M. White, UAF Chancellor 

SUBJ: Fab-lab Space & Equipment

In late November 2018, I requested feedback from UAF vice chancellors and their deans and directors on new and existing fab-lab space and equipment ideas. This was in preparation for your request of \$2M in strategic funding in UA's FY20 budget.

I've attached a schematic layout of UAF's current preliminary fab-lab infrastructure and the proposed level of investment needed to optimize these spaces and create a thriving innovative environment across UAF campuses and UA more broadly.

If you would like additional information on any of these spaces, please let me know.
