

		FALL 2011 SEMINARS			
Flyer Done	Date	Speaker	Seminar Title	Speaker Title	Affiliation
	09/02/11		No Seminar		
x	09/09/11	Sarah Fowell	Going Rogue: 2011 State of the Department Address	Associate Professor, Depart. Chair	Department of Geology & Geophysics, UAF
X	09/16/11	Rebecca Bailey Jenny Jemison	Integrating Geoscience and Engineering in Subsurface Description: Examples From Two Recent UAF Graduates Working in the Petroleum Industry		British Petroleum Alaska
	09/23/11	Jeremy M. Davis	Scenes and Tales From Field Camp 2011	M.S. Geology Candidate, Field Camp Graduate Student Instructor"	Department of Geology & Geophysics, UAF
X	09/30/11	Jeff Benowitz, Helena Buurman, Tyson Forbush, Sam Herreid, and Anna Worden	Vignettes of Summer in the Field	one PhD and Geology/Geophysics Students	Department of Geology & Geophysics, UAF
X	10/07/11	Natalia Ruppert	Review of Recent (2008-2011) Notable Global Earthquakes	Seismologist	Alaska Earthquake Information Center
X	10/14/11	Alison Till	The Composite Early Cretaceous Brooks Range-Chukotka Orogeny: Crustal Thickening Events And Basin Response (coauthors Andrew Calvert, and David Houseknecht)	Research Geologist	USGS
X	10/21/11	Erin Pettit	Glacier gossip? The Underwater sounds Produced by Tidewater Glaciers and Icebergs	Assistant Professor	Department of Geology & Geophysics, UAF
	10/28/11	Paul Decker	Source-reservoired Oil Resources, Alaskan North Slope	Petroleum Geologist	Division of Oil and Gas, Alaska Division of Geological & Geophysical Surveys
X	11/04/11	Robert Witter	Tsunami erosion and deposition in Sendai, Japan after the March 11, 2011 M9 Tohoku Earthquake	Research Geologist	US Geological Survey
X	11/11/11	Christopher Bruton Sarah Henton Summer Miller Jill Shipman	Volcano Adventures in California: Exploring Long Valley Caldera, Mono-Inyo Craters Volcanic Chain and Death Valley National Park	Graduate Students	Department of Geology & Geophysics and Geophysical Institute, UAF
X	11/18/11	Julie A. Dumoulin	Neoproterozoic-Paleozoic Paleogeographic Reconstruction of the Arctic Alaska-Chukotka Terrane (coauthors Alison B. Till and Dwight C. Bradley)	Research Geologist	USGS
	11/25/11		No Seminar -- Thanksgiving		
	12/02/11	Catherine Hanks	Unlocking Umiat's Frozen Hydrocarbons--A Case Study of the Connection Between Geoscience and Petroleum Engineering.	Associate Professor, Depart. Chair	Department of Petroleum Engineering and Geophysical Institute
X	12/09/11	Chris Puchner	The Money Knob Gold Deposit: Geology and Discovery History	Chief Geologist	Talon Gold Alaska and International Tower Hill Mines
	12/16/11
