

	SPRING 2011 SEMINARS				
Flyer Done	Date	Speaker	Seminar Title	Speaker Title	Affiliation
	01/21/11		No Seminar		
X	01/28/11	Sarah Fowell	Mass Extinction, Mountains and Martyrs in the Marche: Teaching and Learning Geoscience in Italy	Associate Professor	Dept of Geology & Geophysics
X	02/04/11	Kenneth Papp	The Alaska Geologic Materials Center: The Little Core Repository that Could or...Alaska's Rock Core is Where?	Geologist IV	Geological Materials Center DGGs, State of Alaska
X	02/11/11	Alessio Gusmeroli	Radar And Seismic Exploration of Glaciers And Ice Sheets: Examples From Sweden And Antarctica	Postdoctoral Fellow in Glaciology	ESTES/CNSM, UAF
X	02/18/11	James Coleman, Jr.	Tight-Gas Sandstone Reservoirs: 25 Years of Searching for "The Answer"	Director of the Eastern Energy Resources Science Center, Distinguished Lecturer	U. S. Geological Survey (USGS)
X	02/25/11	Eva Enklemann	Tectonics And Surface-Process Interaction in the St. Elias Range	Research Scientist and Lecturer	Universitat Tubingen, Germany
X	03/04/11	Cole Sonafrank	The Challenges of Making Sustainable Concrete in Alaska	Assistant Director of Research	Cold Climate Housing Research Center
X	03/11/11	Lutz Schirrmeister	The Yedoma Suite: An Outstanding Ice-Rich Permafrost Sequence Of Northeast Siberia	Alaska Quaternary Center invited speaker	Alfred Wegner Institute for Polar and Marine Research, Postdam
	03/18/11		No Seminar -- SPRING BREAK		
X	03/25/11	Andrew Mahoney	Sea Ice and Its Local and Global Importance	Research Assistant Professor	Geophysical Institute, University of Alaska Fairbanks
X	04/01/11	Robert Herrick	Stereo-Derived Topography: A New, High-Resolution Data Set For Venus	Research Associate Professor	Geophysical Institute, University of Alaska Fairbanks
X	04/08/11	Pavel Izbekov	Recent Eruptive Activity in the Kurile Islands: Results of the 2010 Sailing Expedition to Sarychev Peak Volcano	Research Associate	Geophysical Institute, University of Alaska Fairbanks
X	04/15/11	Andreas Aschwanden	Inferring Greenland's Present State From Models and Observation	Postdoctoral Fellow	Arctic Research Supercomputing Center, UAF
X	04/22/11	James Baichtal	Paleogeography, Glacially Induced Crustal Movements, and Late Quaternary Coastlines in Southeastern Alaska	Forest Geologist	Tongass National Park, U.S. Forest Service
	04/29/11		No Seminar -- SPRING FEST		
	05/06/11	John M. Miller	The Last Alaskan Barrel	Former Manager Former Chair Author	Alaska Petroleum Projects Trans-Alaska Pipeline Owners Committee <i>The Last Alaskan Barrel</i>
