Instructor Progress Reports

Proactive outreach through Nanook Navigator (EAB Navigate)

What are Progress Reports?
Progress reports are an early alert system designed to provide students and advisors timely feedback of instructor concerns/feedback about attendance, engagement, and/or academic performance at key points during the term. Student feedback progress reports trigger emails to students.

Who will be completing Progress Reports?

How Do I Complete a Progress Report?

Watch the recorded demonstration or one page quick guide.

You will receive emails during the semester with a PR link.

By clicking on the “Begin Entering Student Feedback” link within this email you will be taken a single-sign-on screen. Your username and password are the same as your UAOnline/Blackboard credentials. The link connects you to a web page that displays your course(s) and roster(s).

You will be asked to report on your feedback. Only those students for whom you want to provide feedback on need to be marked (Yes). You can choose 1+ alert reasons that represent your feedback. Choose “Yes” for concern and “No” for “Kudos:...”.

Example: If, the student has poor attendance and failure to turn in coursework then, you may choose both reasons.

Provide optional information and additional context. The comments are intended for advisors to review. Grades entered are optional, but utilized by several units. The grades do not go on the student’s Banner record, these are intended to be for early intervention.

Instructor Progress Reports

Completing Progress Reports, continued

Click the Submit button at the bottom of the screen. Click the second button if you have checked all of your students for feedback and do not need to come back (I’m all done). *Reminder emails are sent until you click submit (I’m all done). You will not be able to re-open the PR once you click submit (I’m all done).

Choose the first button if you need to save your progress and come back (but I’m not done).

Once you click submit, the students marked may receive an automated email from the student success coordinator. Students marked “no” feedback do not receive an email.

Here are a few resources for managing the at-risk student conversations:

- Access your Nanook Navigator profile
- How to view the alerts you have issued (page 2)
- Report on an appointment & use the “Progress Report Concern Support” service
- Deadline to withdraw
- Forms for students
- Academic advisors

We recommend completing a report on appointment. By reporting on an appointment, advisors are able to see that they met with their instructor. Use the “Progress Report Concern or Alert Intervention Support” service and the course when reporting. You can complete a report on an appointment even if the outreach from the student was just a phone call, text, or email communication.

Where can I find my completed progress reports and issued alert?
