

# Blueberry Baskets and Pies

**Construct a basket or a blueberry pie using paper and paint!**

## Materials Needed:

Paper (tan or brown construction paper works well), paper in contrasting color for strips, blue finger paint (or blue marker or crayon), glue, scissors.

## Instructions:

**Step 1:** For a pie, cut a circle from brown or tan paper. For a basket, cut a half circle, and glue it onto white paper.

**Step 2:** Cut paper strips and trim to fit. Glue strips on your pie or basket shape.

**Step 3:** Finger paint or draw blueberries on top of the basket or on the pie!

## Think and Discuss:

Have you ever gone berry picking? What berries have you collected, or would like to collect?

What other foods could you make with berries? Which one(s) are your favorites?
