

2012 Alaska Policy and Technical Tour

Are you a current student or recent graduate interested in Energy Policy and travel to Iceland?

Receive a stipend to travel to Iceland November 24 - 29, 2012!

Sponsored by the Institute of the North and the University of Alaska

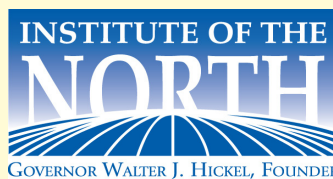

Work with mentors at the Alaska Center for Energy and Power at UAF, the University of the Arctic, and the Alaska State Legislature to develop and explore a policy or technical question with relevance to Alaska.

Application Deadline is October 1st!

To download additional information and an application package, please visit www.uaf.edu/acep/iceland. You must be 21 years old by date of travel to apply. Preference is given to: UA students or recent graduates, applicants with a demonstrated interest in Alaska issues, applicants that can contribute partial funding through an external source.
