

## Webinar: Uploading Citations into Faculty180

While scholarly activity can be manually entered into the Faculty 180 Activity Input Form, importing citations can save considerable time.

Please join us for a single-topic webinar on "Uploading Citations into Faculty180." This webinar will demonstrate how to:

- Import citations using the search feature within Faculty180 (e.g. Medline)
- Go to the source of the citations and export them as text or as a file in either RIS or BibTex formats
- Import the citations by attaching the file or by copying and pasting text.
