NEXT ISSUE: DEBRIS LOBES

“DEBRIS LOBES” — THE NAME MIGHT CONJURE IMAGES OF ALIENS OR A WEIRD GROWTH YOU’D WANT A DOCTOR TO SEE. ACTUALLY, THEY’RE WORSE. FORTY-THREE OF THESE SLOWLY SLIDING FIELDS OF ROCKS AND TREES LIE NEAR THE DALTON HIGHWAY AND TRANS-ALASKA PIPELINE WHERE THEY PASS THROUGH THE BROOKS RANGE. A HANDFUL HAVE STATE HIGHWAY OFFICIALS AND PIPELINE OWNERS WORRIED. READ MORE ABOUT THE FROZEN DEBRIS LOBES IN THE FALL 2014 ISSUE OF *AURORA*.
