

# GoPro & Video Editing

Workshop for Fieldwork

Tuesday, May 20

**Capturing Footage**  
**9 a.m.-12 p.m.**  
**Murie Building**  
**room 107**

Discover how to use film (with a focus on GoPro technology) to communicate and document your fieldwork with David Selle, UAF videography instructor known for his work with the Discovery Channel, and specifically the Alaska-based series Ice Road Truckers. Participants are encouraged to bring their own camera gear.

In the afternoon participants will get the chance to import and edit their footage using Adobe Premier Pro, with Azara Mohammadi, University of Alaska Publication Staff at the Arctic Region Supercomputing Center. Learn how to quickly chop up and rearrange your footage quickly and easily.

**Video Editing**  
**2-4 p.m.**  
**WRRB 009**

SPACE IS LIMITED!
