Project leadership & management in research

PIPS VEAZEY

Associate Project Director, Alaska EPSCoR

My research interests include the development and implementation of interdisciplinary research teams, the interaction between teams and technology, and team science leadership.

MICHAEL CASTELLINI

Interim Dean, Graduate School, Vice-President, UArctic

I have managed programs from building research ships to marine research labs, and put field teams into the Arctic and Antarctic. Large or small, they are all a challenge and an adventure.

ROSEMARY MADNICK

Executive Director, office of grants and contracts administration

I provide guidance on developing research policies and procedures, strategic implementation of new organizational structures to support grants and contracts operations.
