LUNCH and Concurrent Sessions

Lunch at Dine Forty-nine

Wood Center

Grab a bite to eat in our campus food court. Stop by the Inside Out table near the entrance to Dine Forty-nine to pick up "Have a Meal on Us" card – good for \$10 toward the cost of your lunch and a free fountain beverage.

Admissions Help Desk

Wood Center

Stop by to ask an admissions staff member about the college admissions process or apply to UAF for free!

Residence Life Open House

Moore-Bartlett-Skarland Complex (MBS)

Staff from the Department of Residence Life will be on hand to show you a typical dorm room. Learn about the programs and support offered by living on campus.

Rural Student Services Open House

Brooks Building

Meet the advisors of Rural Student Services (RSS) and learn how they support the success of Native and rural students.

Study Away

Wood Center C, D, E, F

Study elsewhere, earn UAF credits and (in some cases) pay UAF tuition. Our national and international student exchange opportunities are a great way to see the world while earning credit toward your degree.

Honors, URSA and BLAST

Honors House

Learn about research and honors opportunities for dedicated undergraduates. UAF students have access to funding for research and unique academic opportunities wherever their field of interest lies.

Paying for College

Wood Center C, D, E, F

Experts from the Office of Financial Aid will answer your questions about the FAFSA, financial aid and scholarships.

Academic Presentations

Business and Management

Bunnell 122

Students learn/develop innovation, leadership and entrepreneurialism as they prepare for professional success in the fields of accounting, business administration, economics and emergency management.

Career and Technical Education

Gruening 409

Associate, certificate and occupational endorsement programs prepare students for work in public safety, the technical and trade fields as well as the healthcare industry.

Education

Gruening 719

Prepare for a career in K-12 education while developing a deep understanding of the cultural, environmental and emotional context of education in Alaska's diverse communities.

Engineering and Mining

Engineering Learning and Innovation Facility (ELIF) 305

Help build a better world through civil and environmental, computer science, electrical and computer, mechanical, mining and geological and petroleum engineering.

Liberal Arts - Humanities, Social Sciences, Languages and the Arts

Gruening 205

The liberal arts explore the human experience by studying arts, humanities, social sciences, human behavior and languages to better understand and interpret the world.

Marine Biology, Fisheries and Ocean Sciences

Signers' Hall 215

Healthy communities, cultures and economies depend on healthy oceans and waterways. You can help protect and promote this vital resource through fisheries, marine biology or oceanography.

Natural Resources, Environmental Science and Sustainability

O'Neill 305

Implementing sustainable natural resource decisions in contemporary society requires an interdisciplinary approach to facilitate the management of renewable resources. Help protect and manage our natural resources by examining the interconnectedness of our society and environment.

Natural Sciences and Mathematics

Reichardt 252

Studying natural sciences opens a world of career possibilities. Explore geosciences, forensic chemistry, physics, space science, biomedicine, wildlife conservation or mathematics, just to name just a few.

General Studies - Undecided and Undeclared

Duckering 252

Unsure what you want to study? Not ready to declare a major? Explore the variety of academic and career opportunities at UAF.
