Stories from MOSAiC

Join the International Arctic Research Center for this month's IARC Salon featuring scientists Rob Rember and Marc Oggier. The pair will speak about their science on the historic Multidisciplinary drifting Observatory for the Study of Arctic Climate (MOSAIC) expedition.

Rob Rember & Marc Oggier

Sea ice scientists studying the interface between the ocean, ice and atmosphere. Recently returned from four months on the MOSAiC expedition in the central Arctic Ocean.
