

# Virtual Junior Curators: Space Series

## Join us for 3 virtual sessions!

Children 6 and older are invited to register for the Virtual Junior Curators: Space series. Participants will receive an activity supplies packet (more than a dozen activities included!) and meet online with a museum educator on December 2, 9, and 16. The museum educator will guide participants through activities and share fun facts and demonstrations via Zoom.

**Cost:** \$35 (non-members), \$25 (museum members). **Register before 11/22!**  
**Register Online:** [bit.ly/uamnhomeschool](https://bit.ly/uamnhomeschool)

*Materials will be available via local pick-up only. Space is limited!*

### Solar System

**December 2, 1-2pm**

Get to know our solar system by exploring planets and comets. Discover the scale of our solar system with a DIY pocket solar system.

### Light

**December 9, 1-2pm**

Explore where light comes from, why light sustains life on Earth, and how we use light to study the universe! Make your own artwork using sunlight.

### Exploration

**December 16, 1-2pm**

Explore our universe by imagining environments beyond Earth, discovering instruments scientists use to study outer space, and creating a model spacecraft!
