

Go to WWW.JMP.COM/STUDENT. Select “**Get JMP for free!**”
Select “**Get Started at My JMP**” on the Instruction Page.

Free for qualified* students, faculty, and academic researchers.

Free 12-month subscription to leading statistics software used by industry professionals worldwide.

Follow these four steps to get started with JMP

- 1 Sign in to My JMP**
Once you have read through these steps, click on the blue button below to sign in to My JMP. Use the email address you use to log in to your school's or university's portal.
- 2 Tell us about you and your studies**
Identify your affiliation as a student, instructor, or academic researcher and provide the details related to JMP's intended use, along with your location. Click Next .
- 3 Authenticate**
Select your school or university from the list and provide your login credentials as usual. No personal data will be transmitted; we simply receive a notification that your login was successful.
- 4 Download, install, and authorize**
Follow the onscreen instructions to download the installer file for Windows or Mac. Install and authorize JMP Student Edition.

Let's get started with Step #1

*Students, instructors, and academic researchers must be currently enrolled at or employed by a degree-granting institution. Academic research is defined as noncommercial work that will be published in a journal, presented at an academic conference, or shared for the public good.

1a. You will be asked to sign-in to your MyJMP account. Select **sign-up**.
