Introduction

The Drug Free Schools and Communities Act Amendments of 1989 requires that each college and university receiving federal financial assistance provides annual information on drug and alcohol use and to promote healthy lifestyles and prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by all students and employees. The alcohol and other drug (AOD) prevention program must include, at minimum, the following:

1. Annual Distribution of a document to all students and employees that includes:
 - a. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees
 - b. A list of applicable legal sanctions under federal, state, or local laws for the unlawful possession or distribution of illicit drugs and alcohol
 - c. A description of the health risks associated with the abuse of alcohol or use of illicit drugs
 - d. A list of drug and alcohol programs (counseling, treatment, rehabilitation, and re-entry) that are available to employees or students
 - e. A clear statement that the University will impose disciplinary sanctions on students and employees for violations of the standards of conduct and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution
2. Completion of the biennial review by the University of its Drug and Alcohol Program that includes the following objectives:
 - a. To determine the effectiveness of, and to implement any needed changes to, the AOD prevention program
 - b. To ensure that campuses enforce the disciplinary sanctions for violating standards of conduct consistently
 - c. Recommendations for revising AOD programs and policy changes as needed.

A copy of the biennial review must remain on file and be available for inspection by the U.S. Department of Education. University of Alaska Fairbanks is committed to maintaining an environment that supports health and wellbeing of its community members, while discouraging the illicit use of drugs and alcohol. The University demonstrates this commitment through the intent of the document is to meet the legal requirements of conducting a biennial review and summarize the various activities and programs that occur on the UAF campus as they relate to drug and alcohol prevention during the 2020- 2021 and 2021-2022 academic years.

Distribution

UAF distributes the Drug Free Schools and Communities Notification once a semester to faculty, staff, and students via a broadcast email message. The notification provides a clear description of the University's standards of conduct regarding the use of alcohol and other drugs, which clearly prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as any part of any of its activities. The document describes disciplinary actions, legal sanctions, and the University's commitment to invoke them. It also lists the health risks associated with alcohol abuse and drug use, counseling services, self-help groups, and other rehabilitation resources.

The biennial review is updated biennially on the Center for Student Rights and Responsibilities website at <https://uaf.edu/csrr/safety-prevention/biennial-review.php>.

Health Risks Associated with Substance Abuse

Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely affecting a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce these effects.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and intellectual disabilities. In addition, research indicates that children of parents with alcohol addiction are at a greater risk than others of developing an alcohol addiction.

From page 62 of "What Works: Schools Without Drugs" published by the US Department of Education

Drugs

Drug use can have a wide range of short-term, long-term, direct, and indirect effects. Short-term effects can range from changes in appetite, wakefulness, heart rate, blood pressure, and/or mood to heart attack, stroke, psychosis, overdose, and even death. These health effects may occur after just one use.

Longer-term effects can include heart or lung disease, cancer, mental illness, HIV/AIDS, hepatitis, and other diseases. Long-term drug use can also lead to addiction. Drug addiction is a brain disorder. Not everyone who uses drugs will become addicted, but for some, drug use can change how certain brain circuits work. These brain changes interfere with how people experience normal pleasures in life and can make it much more difficult for someone to stop taking the drug even when it's having negative effects on their life and they want to quit.

Drug use can also have indirect effects on both the people who are taking drugs and on those around them. This can include affecting a person's nutrition; sleep; decision-making and impulsivity; and risk for trauma, violence, injury, and communicable diseases. Drug use can also affect babies born to women who use drugs while pregnant. Broader negative outcomes may be seen in education level, employment, housing, relationships, and criminal justice involvement.

From National Institute on Drug Abuse. Health consequences of drug misuse.

Drugs of Abuse/ Uses and Effects

| Narcotics | CSA Schedules | Trade or Other Names | Medical Uses | Dependence <small>Physical/Psychological/Tolerance</small> | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|-----------------|------------------------------|--|---------------------------------------|---|---------------------------------|--|--|---|
| Heroin | Substance I | Diamorphine, Horse, Smack, Black tar, Chiva, Negra (black tar) | None in the U.S. | High/High/Yes | Injected, Snorted, Smoked | Euphoria, drowsiness, respiratory depression, constricted pupils, nausea | Slow and shallow breathing, clammy skin, convulsions, coma, possible death | Watery eyes, runny nose, yawning, loss of appetite, irritability, tremors, panic, cramps, nausea, chills and sweating |
| Morphine | Substance II | MS-Contin, Roxanol, Oramorph SR, MSIR | Analgesic | High/High/Yes | Oral, Injected | | | |
| Hydrocodone | Substance II, Product III, V | Hydrocodone w/ Acetaminophen, Vicodin, Vicoprofen, Tussionex, Lortab | Analgesic, Antitussive | High/High/Yes | Oral | | | |
| Hydromorphone | Substance II | Dilaudid | Analgesic | High/High/Yes | Oral, injected | | | |
| Oxycodone | Substance II | Roxicet, Oxycodone w/ Acetaminophen, OxyContin, Endocet, Percocet, Percodan | Analgesic | High/High/Yes | Oral | | | |
| Codeine | Substance II, Product III, V | Acetaminophen, Guaifenesin or Promethazine w/Codeine, Fiorinal, Fioicet or Tylenol w/Codeine | Analgesic, Antitussive | Moderate/Moderate/Yes | Oral, injected | | | |
| Other Narcotics | Substance II, III, V | Fentanyl, Demerol, Methadone, Darvon, Stadol, Talwin, Paregoric, Buprenex | Analgesic, Antitussive, Antidiarrheal | High-Low/High-Low/Yes | Oral, Injected, Snorted, Smoked | | | |

| Depressants | CSA Schedules | Trade or Other Names | Medical Uses | Dependence <small>Physical/Psychological/Tolerance</small> | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|---------------------------|--------------------------|--|---|---|----------------|--|--|---|
| Gamma Hydroxybutyric Acid | Substance I, Product III | GHB, Liquid Ecstasy, Liquid X, Sodium, Oxybate, Xyrem | None in the US | Moderate/Moderate/Yes | Oral | Slowed speech, disorientation, drunken behavior without odor of alcohol, impaired memory of events, interacts with alcohol | Shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, possible death | Anxiety, insomnia, tremors, delirium, convulsions, possible death |
| Benzodiazepines | Substance IV | Valium, Xanax, Halcion, Ativan, Restoril, Rohypnol (Roofies, R-2), Klonopin | Antianxiety, Sedative, Anti-convulsant, Hypnotic, Muscle relaxant | Moderate/Moderate/Yes | Oral, Injected | | | |
| Other Depressants | Substance I, II, III, IV | Ambien, Sonata, Meprobamate, Chloral Hydrate, Barbiturate, Methaqualone (Quaalude) | Antianxiety, Sedative, Hypnotic | Moderate/Moderate/Yes | Oral | | | |

| Stimulants | CSA Schedules | Trade or other names | Medical Uses | Dependence <small>Physical/Psychological/Tolerance</small> | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|------------------------------|-------------------|--|--|---|---------------------------------|--|--|---|
| Cocaine | Substance II | Coke, Flake, Snow, Crack, Coca, Blanca, Perico, Nieve, Soda | Local anesthetic | Possible/High/Yes | Injected, Snorted, Smoked | Increased alertness, excitation, euphoria, increased pulse rate and blood pressure, insomnia, lack of appetite | Agitation, increased body temperature, hallucinations, convulsions, possible death | Apathy, long periods of sleep, irritability, depression, disorientation |
| Amphetamine/ Methamphetamine | Substance II | Crank, Ice, Krystal Meth, Cristal, Speed, Adderall, Dexedrine, Desoxyn | Attention deficit/Hyperactivity Disorder, Narcolepsy, Weight control | Possible/High/Yes | Oral, injected, smoked | | | |
| Methylphenidate | Substance II | Ritalin (Illy's), Concerta, Focalin, Metadate | Attention deficit/Hyperactivity Disorder | Possible/High/Yes | Oral, injected, snorted, smoked | | | |
| Other Stimulants | Substance III, IV | Adipex P, Ionamin, Prelu-2, Didrex, Provigil | Vasoconstriction | Possible/Moderate/Yes | Oral | | | |

| Hallucinogen | CSA Schedules | Trade or other names | Medical Uses | Dependence Physical/Psychological/Tolerance | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|---------------------------|----------------------|---|-----------------------|--|---------------------------------|---|---|--|
| MDMA and Analogs | Substance I | Ecstasy, XTC, MDA, Love Drug, MDEA, Eve, MBDB | None | None/Moderate/Yes | Oral, Snorted, Smoked | Heightened senses, teeth grinding and dehydration | Increased body temperature, electrolyte imbalance, cardiac arrest | Muscle aches, drowsiness, depression, acne |
| LSD | Substance I | Acid, Microdot, Sunshine, Boomers | None | None/Unknown/Yes | Oral | Illusions and hallucinations, altered perception of time and distance | (LSD) Longer, more intense "trip" episodes | None |
| Phencyclidine and Analogs | Substance I, II, III | PCP, Angel Dust, Hog, Loveboat, Ketamine, Special K, PCE, PCPy, TCP | Anesthetic (Ketamine) | Possible/High/Yes | Oral, smoked, injected, snorted | | Unable to direct movement, feel pain, or remember | Drug seeking behavior |
| Other Hallucinogens | Substance I | Psilocybe mushrooms, Mescaline, Peyote Cactus, Ayahuasca, DMT, Dextromethorphan (DXM) | None | None/None/Possible | Oral | | | |

| Cannabis | CSA Schedules | Trade or other names | Medical Uses | Dependence Physical/Psychological/Tolerance | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|-------------------------|--------------------------|--|----------------------------------|--|---------------------------------|---|---------------------------------------|---|
| Marijuana | Substance I | Pot, Grass, Sinsemilla, Blunts, Mota, Yerba, Grifa | Federally None | Unknown/Moderate/Yes | Oral, Smoked | Euphoria, relaxed inhibitions, increased appetite, disorientation | Fatigue, paranoia, possible psychosis | Occasional reports of insomnia, hyperactivity, decreased appetite |
| Tetrahydrocannabinols | Substance I, Product III | THC, Marinol | Antinauseant, appetite stimulant | Yes/Moderate/Yes | Oral, Smoked | | | |
| Hashish and Hashish Oil | Substance I | Hash, Hash Oil | None | Unknown/Moderate/Yes | Oral, Injected, Snorted, Smoked | | | |

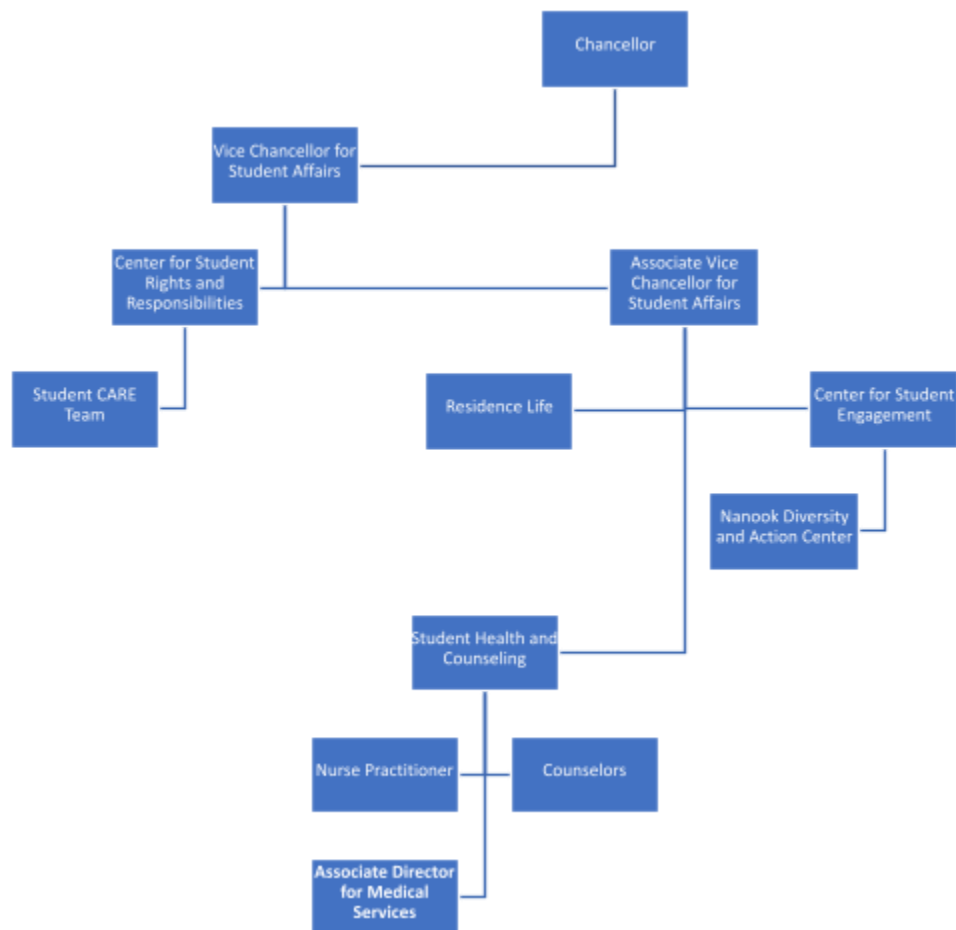

| Anabolic Steroids | CSA Schedules | Trade or other names | Medical Uses | Dependence Physical/Psychological/Tolerance | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|-------------------------|---------------|---|-----------------------|--|----------------|--|---------------------|---------------------|
| Testosterone | Substance III | Depo Testosterone, Sustanon, Sten, Cypot | Hypogonadism | Unknown/Unknown/Unknown | Injected | Virilization, edema, testicular atrophy, gynecomastia, acne, aggressive behavior | Unknown | Possible depression |
| Other Anabolic Steroids | Substance III | Parabolan, Winstrol, Equipose, Anadrol, Dianabol, Primobolan Depo, D-Ball | Anemia, Breast Cancer | Unknown/Yes/Unknown | Oral, injected | | | |

| Inhalants | Trade or other names | Medical Uses | Dependence Physical/Psychological/Tolerance | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|------------------------|--|---------------|--|--------------|--|---|--|
| Amyl and Butyl Nitrite | Pearls, Poppers, Rush, Locker room | Angina (Amyl) | Unknown/Unknown/No | Inhaled | Flushing, hypotension, headache | Methemoglobinemia | Agitation |
| Nitrous Oxide | Laughing gas, Balloons, Whippets | Anesthetic | Unknown/Low/No | Inhaled | Impaired memory, slurred speech, drunken behavior, slow onset vitamin deficiency, organ damage | Vomiting, respiratory depression, loss of consciousness, possible death | Trembling, anxiety, insomnia, vitamin deficiency, confusion, hallucinations, convulsions |
| Other Inhalants | Adhesives, Spray paint, Dry cleaning fluid, fluid, spot remover, lighter fluid | None | Unknown/High/No | Inhaled | | | |

| | Trade or other names | Medical Uses | Dependence Physical/Psychological/Tolerance | Usual Method | Possible Effects | Effects of Overdose | Withdrawal Symptoms |
|---------|----------------------|--------------|--|--------------|---|---|--|
| Alcohol | Beer, Wine, Liquor | None | High/High/Yes | Oral | Impaired memory, slurred speech, drunken behavior, slow onset, vitamin deficiency, organ damage | Vomiting, respiratory depression, loss of consciousness, possible death | Trembling, anxiety, insomnia, vitamin deficiency, confusion, hallucinations, convulsions |

Description of Alcohol and Other Drug Prevention and Support

Center for Student Rights and Responsibilities:

Formerly the Dean of Students office, this office is responsible for areas governing the reduction of harmful behaviors related to drug and alcohol abuse, in addition to concerning behaviors. CSRR partners with Housing & Residence Life, New Student Orientation, and the Center for Student Engagement, which includes Student Activities, Student Leadership and Involvement, Nanook Diversity and Action Center, and more. Director and Chief Conduct Officer supervises, interprets, and enforces the student code of conduct with the assistance of student conducts administrators present in CSRR, Residence Life, Eileen House, Center for Student Engagement (Student Clubs) and Sackett Hall.

The Student Health and Counseling Center:

The Student Health and Counseling Center serves eligible students at UAF by providing general health care and laboratory services as well as mental health services. This includes after-hours counseling services for students who need immediate mental health care. In addition to these services, the clinic can also offer resources and referrals for students impacted by drug and/or alcohol use

Center for Student Engagement:

The Center for Student Engagement houses a variety of departments focused on providing engaging and community building events on campus. These departments include, though are not limited to: Student Activities Office, Student Leadership and Involvement, and the Nanook Diversity and Action Center. These events build community while

promoting safe alternative activities on campus during evenings and weekends. The Nanook Diversity and Action Center provides prevention programs including bystander intervention, suicide prevention, and alcohol and drug misuse prevention.

Residence Life:

Residence Life staff (including the Director, Associate Director, Resident Directors, and more) uphold community standards, enforce drug and alcohol policies, recognize students of concern, and act as an officer for compliance with substance related sanctions resulting from student conduct outcomes. Residence Life staff creates a substance free environment for students under 21 by providing floor plans and dorms which are designated for this population. Additionally, the Residence Life staff works to provide alternative activities that build community and promote substance free experiences.

The Student Care Team:

The purpose of the Student Care Team is to problem solve student issues and to evaluate students of concern – with a goal of developing recommended options for early intervention. The team frequently assists students in crisis and provides support for students who may experience substance use and/or abuse. Team members include UAF staff positions from diverse backgrounds and experiences who can effectively assist the student of concern. This team is made up of the following units, CSRR Residence Life, UPD, UFD, Office of the Provost, Faculty Representative, RSS, Eileen House, Bursar, Associate Vice Chancellor for Student Affairs, eCampus, Center for Student Engagement, Disability Services, CRCD, Student Health and Counseling Center, and KuC.

Distance Campus Directors and Coordinators:

While not located on the main campus, the Directors and Coordinators of the various distance campuses housed under the University of Alaska Fairbanks are integral parts of the Alcohol and Drug prevention programs and policies, including enforcement for students engaging with the campus community online or at distance locations. All University policies apply on each of the UAF campuses and resources are available to all students, regardless of location.

Funding

The positions noted above are funded with a combination of general funds and auxiliary funds. In addition to the funding of positions, these same types of funding sources are utilized in student affairs to pay for student interventions and programming. The only exception is that students do receive a monetary fine for drug and alcohol violations which goes directly to pay for educational sanctions.

History of Alcohol and Other Drugs at UAF

In 1965, UAF president Ernest Patty passed a campus-wide ban on alcohol. Campus prohibition lasted for 16 years until 1981 in which it was lifted. Since then, policies and procedures have been continuously refined to promote and maintain a safe environment. Revised last in October of 2010, UAF Alcohol Beverage Policy ([UAF Policy 05.12.001](#)) requires compliance with state laws and sensitivity to the public's perception of the University when serving alcoholic beverages at events on campus, or at UAF events located off-campus.

Ultimately, the sale and dispensing of alcoholic beverages is regulated by the State of Alaska Alcohol & Marijuana Control Office (AMCO). An AMCO permit is required when alcohol is served at a UAF supported event. When a UAF supported event on or off campus requires an AMCO permit, the permit application must be approved by the Contract Manager for Dining Services and Contract Operations.

Non-compliance can lead to arrest, fines and are subject to the student code of conduct process. The UAF Police Department can terminate an event if the AMCO permit is not displayed, if alcohol is served by anyone that does not have an approved alcohol server education card, or if alcohol is served to anyone under the age of 21. The university can take additional actions as deemed necessary.

The University of Alaska Fairbanks maintains a tobacco and drug free establishment.

Students of concern, including those who have been identified as using and/or abusing substances, are reported to the UAF Student CARE Team and appropriate campus partners for resources, intervention and correction.

Alcohol-Free Options

Substance Free Dorms:

Freshman housing provides a substance free environment and can be available to students under 21 upon request (depending on availability). All first time freshmen are required to live in on campus housing if they are taking in-person classes. Exceptions can be requested through the Department of Residence Life.

Trainings and Education:

Events that are educational in nature are provided by a variety of departments throughout the year. National Collegiate Alcohol Awareness Week occurs annually on campus and is composed of a variety of educational and awareness raising events on campus. Additional educational opportunities include in person alcohol and drug awareness classes, online judicial educators hosted by 3rd Millennium and programming hosted by Residence Life Resident Assistants.

Events on Campus:

Numerous events on campus are designed to build community while promoting a safe alternative activity on campus during evenings and weekends. Events in which alcohol will be available for consumption are clearly labeled as 21+ events, with underage alternative or similar substance free experiences usually being provided.

Student Clubs, Boards, and Organizations:

UAF supports a variety of student clubs, boards, and organizations on campus annually. Many of these organizations provide late-night, alcohol free campus events throughout the year. Additionally, clubs, boards, and organizations are expected to attend required training and uphold community standards.

Wellness and Community Fairs:

Departments regularly host wellness and community fairs which showcase campus and community resources, including organizations related to alcohol and/or substance abuse education and recovery.

Alcohol and Other Drug Information and Available Services

Nanook Engage:

Nanook Engage has everything students need to know about clubs, events, and activities happening at UAF. The platform is maintained by the Center for Student Engagement and serves as a single location to coordinate all programming happening on campus.

Strength: Easy to use and post events for those who have opted in to the platform. Helps provide a live snapshot of what events are happening on campus. Easy search options for students who are seeking involvement on campus.

Weakness: Hard to search for event specific items. Consistency of clubs/ users going in and updated information/ posting events.

National Collegiate Alcohol Awareness Week (NCAAW):

NCAAW activities vary from campus to campus, but typically include informative presentations and social events that promote responsibility and healthy, safe decisions about alcohol. For the Troth' Yeddha campus this year, a variety of events took place, to include, Pub Nachos (outside the Pub) with alcohol awareness facts, Trivia hosted both at Residence Life and at the UAF Pub, tabling events with resources for addition and content around alcohol use and abuse.

Strength: National platform with resources pooled from many colleges to help enhance programmatic efforts. Community buy-in brings enhanced community partnerships.

Weakness: Limited to a single week of engagement. Requires coordination of offerings to maximize the total events for this week while avoiding crossover with competing student activities.

21st Birthday Project

The Nanook Diversity and Action Center, The Pub, and Student Leadership and Involvement have partnered to send postcards to students on or before their 21st birthday. The postcard contains safe drinking tips plus a coupon for free nachos at The Pub.

Strength: An individualized approach to helping students who chose to drink, do so responsibly.

Weakness: Staff capacity and student tracking limitations.

Peer Prevention Educators

Prevention peer educators, or PPEs, are trained to support their fellow students in the areas of mental health, suicide, alcohol and drug misuse, and sexual assault and harassment.

Strength: Peers helping to educate peers (and model positive behaviors) is incredibly impactful. These students can get a great pulse on the struggles they and their peers are experiencing which can be used to guide programming efforts. Increases capacity of staff to offer supportive programming and gives students a great opportunity to impact change and grow professionally.

Weakness: Difficulty in hiring and training of students who are interested and passionate about doing the work. Staff requires the capacity to train students and help them feel supported in this role.

Skills Building Drug and Alcohol Class

This class is in person and run in partnership with Student Health and Counseling. Students attending the class fill out both a pre- and post-class survey – used to assess their understanding of drug/alcohol risk taking behaviors as well as help them reflect on their relationship with these substances. This class also provides students an opportunity to connect with a counselor and explore their relationship with alcohol or drugs in an individualized setting.

Strength: In person and individualized to the students in attendance. Ran by professionals who are knowledgeable in treating addiction and recovery.

Weakness: Class portion could make students feel vulnerable because of the presence of other students. Capacity limitations allow for a single monthly class – which could result in a long wait for students wishing to attend.

Campus-wide Drug and Alcohol Events Small Scale Programming

Throughout the school year, Student Affairs units coordinate programming that addresses current trends the campus community is seeing around risk taking behaviors, specifically around drug and alcohol issues.

Strength: A flexible approach based on actual trends seen through student conduct and care. Many opportunities for student involvement.

Weakness: Requires close coordination between departments. Sometimes events conflict with one another. If programming is not intentionally coordinated it could fall off the radar of critical partners.

Drug and Alcohol Resources

Students

The University of Alaska offers numerous health education seminars, workshops, and events, and students are encouraged to participate. Treatment, personal counseling options, and campus resource information for our University of Alaska campus can be found below.

Employees

Employees experiencing substance abuse-related issues are strongly encouraged to seek confidential counseling services. The ComPsych Employee Assistance Program is a free service provided for employees, spouses/FIPs, dependents, and anyone living in the employee's home. It offers a wide variety of counseling, referral, and consultation services that are completely confidential. The program can be accessed 24/7 by contacting ComPsych's toll-free helpline at 1-888-969-0155. Online access is also available at <https://www.guidanceresources.com/groWeb/login/login.xhtml>, (click register, and use the WebID: UofAK). The University of Alaska employee health insurance program also contains benefits for some in-patient and out-patient treatment.

Applicable Local Laws and Penalties

The top chart classifies specific drugs into categories called schedules. These schedule classifications are used in the charts below to describe laws pertaining to those categories of drugs.

| SCHEDULE AK Statute Title 11.71 | DRUGS |
|------------------------------------|---|
| IA | Raw Opium, Opium Extracts, Codeine, Ethylmorphine, Hydrocodone, Hydromorphone, Morphine, Oxycodone, Oxymorphone, Thebaine |
| IIA | Bufotenine, LSD, Mescaline, Peyote, Psilocybin, Psilocyn, MDMA |
| IIIA | Hashish, Barbiturates, Imitation controlled substance |
| IVA | Barbital, Chloral Betaine, Diazepam, Flurazepam |
| VA | Small amounts of Codeine or Opium in non-narcotic mixtures, Anabolic Steroids |
| VIA | Marijuana |

| Offense | | Penalty |
|---|--|--|

| False Identification, AS 17.38.050 | A person under 21 presenting or offering to a marijuana establishment a false age for the purpose of purchasing or procuring marijuana products | \$400 |

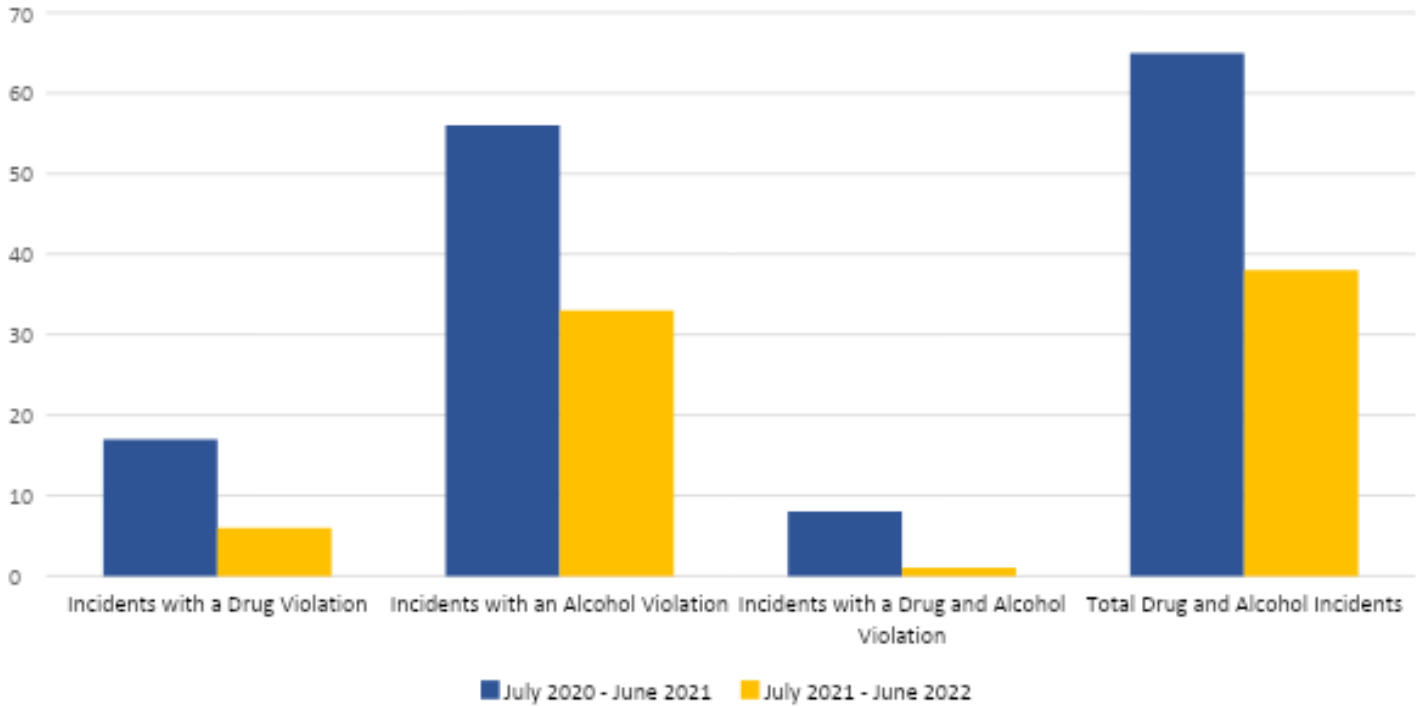

Marijuana is federally classified as a schedule I drug; possession, consumption, cultivation, and sale of it can result in penalties including imprisonment and serious fines. The University of Alaska is a federally funded institution and must comply with federal law. Therefore, no person may possess, consume, cultivate, or be perceptively under the influence of marijuana on university property or at university-sanctioned events. Violation of this policy can result in disciplinary action, including suspension or expulsion and termination of employment, as well as local, state, and federal penalties. Please note that although Alaska state law allows individuals over the age of 21 to possess and consume marijuana, it is still prohibited on all UA property and at UA activities, and violators face serious university sanctions.

In addition to the state laws listed above, the possession, use, or distribution of illicit drugs is also prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The misuse of prescription medication, including giving or sharing medication with another person, is unlawful use or distribution of a controlled substance. Penalties can include jail time and serious fines.

Alcohol and Drug Related Violations

Alcohol and Drug Violations Two Year Comparison

The chart below shows a comparison of the number of alcohol or drug violations where a student was found responsible on the Fairbanks campus between July 2020 – June 2021 and July 2021- June 2022.

During the 2020-2021 academic year, there were 65 responsible drug and/or alcohol violations at UAF. During the 2021-2022 academic year, there were 38 responsible drug and/or alcohol violations at UAF. The last Biennial Review we saw 72 responsible drug and/or alcohol violations during the 2018-2019 academic year and 35 responsible drug and/or alcohol violations during the 2019-2020 academic year.

We saw an increase in responsible alcohol and drug violations from the 2019-2020 academic year (35) to the 2020-2021 academic year (65). There was then a decrease in the 2020-2021 academic year (38). The COVID-19 virus was declared a pandemic in March 2020 and Alaska had its first confirmed case the same month. As a result dining, travel, and group activities were significantly limited during the 2020-2021 academic year. This may have contributed to increases in both the use of alcohol and use in prohibited locations (such as dry dorms). The University saw that students were isolated more and experiencing stressors of uncertainty, family loss and insecurity in health, in addition to those typical stressors experienced from attending school. Student housing assignments were also altered in Spring 2020 (to include most students returning home for the remainder of the semester) and Fall 2020 saw students living in single housing assignments.

Numbers of incidents trended downward in July 2021. This is very likely from university programming of events returning, though modified, on campus delivery of classes and activities began to rebound from the previous semester. In addition, Student Affairs was able to review the data from the first year of the pandemic and redirect intervention and prevention efforts.

Disciplinary Procedures and Sanctions for Students and Employees

Students

Students found responsible for misuse of alcohol or other intoxicants or drugs will have disciplinary sanctions imposed. Additionally, student conduct violating federal, state, or local laws may be referred for prosecution. In determining appropriate University sanctions, a student's present and past disciplinary record, the nature of the offense, the severity of any damage, injury, or harm resulting from the prohibited behavior, and other factors relevant to the matter will be considered. The following list of sanctions is an illustrative rather than exhaustive list of disciplinary measures that may be taken by the University. The University reserves the right to create other reasonable sanctions or combine sanctions as it deems appropriate. Sanctions include:

1. **Warning** - A written notice that the student is violating or has violated the Code, and that further misconduct may result in more severe disciplinary action.
2. **Probation** - A written warning that includes the probability of more severe disciplinary sanctions if the student is found to be violating the Code during a specified probationary period.
3. **Denial of Benefits** - Specific benefits may be denied a student for a designated period of time.
4. **Restitution** - A student may be required to reimburse the University or other victims related to the misconduct for damage to or misappropriation of property, or for reasonable expenses incurred.
5. **Discretionary Sanction** - Discretionary sanctions include community service work or other uncompensated labor, educational classes, research papers, reflective essays, counseling, or other sanctions that may be seen as appropriate to the circumstances of a given matter. Costs incurred by the student in fulfilling a discretionary sanction will be the responsibility of the student.
6. **Restricted Access** - A student may be restricted from entering certain designated areas and/or facilities or from using specific equipment for a specified period of time.
7. **Suspension** - The separation of the student from the University for a specified period of time, after which the student may be eligible to return. During the period of suspension, the student may be prohibited from participation in any activity authorized by the University and may be barred from all property owned or controlled by the University.
8. **Expulsion** - Expulsion is considered to be the permanent separation of the student from the University. The student may be prohibited from participation in any activity authorized by the University and may be barred from property owned or controlled by the University.
9. **Group Sanctions** - Student groups or organizations found to have violated provisions of the Code may be put on probation or sanctioned, which may include loss of University-related benefits and access to University facilities and University-held funds.

UA Amnesty Policy

This policy provides amnesty from minor policy violations, such as the misuse of alcohol, to students who may be hesitant to report student misconduct, such as sexual assault. This policy provides amnesty to individuals who help others in need, students who ask for help with addictive behaviors, and individuals who bring serious crimes to the University's attention. To review the full amnesty policy, please refer to BOR Policy and Regulations [09.02](#).

The University holds the right to create other reasonable sanctions or to combine sanctions as it deems appropriate in an effort to help support and encourage our students to make positive decisions.

The following charts outline specific sanctions for violations depending on substance use and number of offenses. These charts are to be used as a basic guide as the University reserves the right to create other reasonable sanctions or combine sanctions as it deems appropriate.

These guidelines are meant to help educate our campus community about the consequences of actions involving marijuana, alcohol and other drugs. The guidelines provided help give direction for decision-makers when considering possible courses of action pertaining to policy violations. These guidelines will also provide transparency and consistency throughout the process. Violations are evaluated on a fiscal year basis for this matrix, with discretion available depending on the nature of the violation.

| Alcohol and Marijuana Violation Sanctions | | | |
|---|---|---|--|
| 1st Offense | 2nd Offense | 3rd Offense | 4th Offense |
| Written Warning | University probation for 8 months; | University probation for 12 months; | One-year suspension with 24 months university probation upon re-enrollment |
| Completion of an alcohol or marijuana class (provided by 3rd millennium or in person designed for UAF students); <i>option for Restorative Sanction instead if deemed appropriate</i> | Completion of an alcohol or marijuana class (provided by 3rd millennium or in person designed for UAF students); <i>option for Restorative Sanction instead if deemed appropriate</i> | Formalized Referral to SHCC | Attend an off-campus substance abuse assessment and comply with any recommendations for treatment. |
| \$50 Alcohol and Drug Education Fee; | \$50 Alcohol and Drug Education Fee; | \$50 Alcohol and Drug Education Fee; | Completion of required parameters for re-enrollment |
| Post Meeting: If under 21, emergency contact contacted with a phone call. | Post Meeting: If under 21, emergency contact contacted with a phone call. | Post Meeting: If under 21, emergency contact contacted with a phone call; | Post Meeting: If under 21, emergency contact contacted with a phone call. |
| | Review of housing placement for students living in residence life; restricted access evaluated | Review of housing eligibility; Termination of housing considered. Restriction from the University of Alaska's residential communities if housing is terminated; | Review of housing; Termination of housing. Restriction from the University of Alaska's residential communities |
| | | If housing is removed: forfeiture of Housing Cost Return and Cancellation Fee | |
| | | Warning that any further incidents of student misconduct may result in major sanctions (suspension or expulsion). | |

These guidelines are meant to educate our campus community about the consequences of actions involving marijuana, alcohol and other drugs. The guidelines provided are not mandatory but help give direction for decision-makers when considering possible courses of action pertaining to policy violations.

**Contributing to the delinquency of a minor will also be considered under endangerment and loss of housing will immediately be evaluated regardless of the number of violations.*

| Personal Use of Other Drugs (Cocaine, Methamphetamines, LSD, Fentanyl, etc) Violation Sanctions |
|--|
| 1st Offense |
| University probation for 12 months; |
| Completion of a drug education class as determined by Residence Life or Conduct Staff |
| Meeting at the Center for Student Rights and Responsibilities (evaluation for suspension/expulsion) |
| Review of housing; Termination of housing considered -Restriction for the University of Alaska's residential communities if removed from housing |
| Warning that any further instances of student misconduct may result in major sanctions (suspension or expulsion); |
| \$50 Alcohol and Drug Education Charge |
| Post Meeting: Emergency contact contacted with a phone call |

These guidelines are meant to educate our campus community about the consequences of actions involving marijuana, alcohol and other drugs. The guidelines provided are not mandatory but help give direction for decision makers when considering possible courses of action pertaining to policy violations.

| Misuse of Prescription Drugs, Illegal Possession of Prescription Drugs, Abuse of Over-the-Counter Drugs, Mushrooms, or Spice Sanctions | | |
|---|---|--|
| 1st Offense | 2nd Offense | 3rd Offense |
| University probation for 8 months; | University probation for 12 months; | Two-year suspension with 24 months of University probation upon re-enrollment; |
| Completion of a drug education class as determined by Residence Life or Conduct Staff; | Meeting at the Center for Student Rights and Responsibilities; | Attend an off-campus substance abuse assessment and comply with any recommendations for treatment; |
| \$50 Alcohol and Drug Education Charge; | Review of housing eligibility; Termination of housing considered; | Review of housing; Termination of housing; |
| Post Meeting: Emergency contact contacted with a phone call | Restriction from the University of Alaska's residential communities; | Completion of required parameters for re-enrollment; |
| | Warning that any other instances of student misconduct may result in major sanctions (suspension or expulsion); | Post Meeting: Emergency contact contacted with a phone call |
| | \$50 Alcohol and Drug Education Charge; and | |
| | Post Meeting: Emergency contact contacted with a phone call | |

These guidelines are meant to educate our campus community about consequences of actions involving marijuana, alcohol and other drugs. The guidelines provided are not mandatory but help give direction for decision makers when considering possible courses of action pertaining to policy violations.

| Sale or Distribution of Marijuana, Edibles, Prescription Pills or Mushrooms Sanctions | |
|---|--|
| 1st Offense | 2nd Offense |
| University probation for 12 months; | Two-year suspension with 24 months university probation upon re-enrollment; |
| Completion of a drug education class as determined by Residence Life or Conduct Staff | Attend an off-campus substance abuse assessment and comply with any recommendations for treatment. |
| Meeting in the Center for Student Rights and Responsibilities - evaluation of major sanctions (suspension/ expulsion) | Review of housing eligibility; termination of housing |
| Termination of housing agreement; | Completion of required parameters for re-enrollment |
| Restriction from the University of Alaska's residential communities; | Post Meeting: Emergency contact contacted with a phone call |
| Warning that any other incidents of student misconduct may result in major sanctions (suspension or expulsion); | |
| \$50 Alcohol and Drug Education Charge; | |
| Post Meeting: Emergency contact contacted with a phone call | |

| Sale or Distribution of Other Drugs (Cocaine, Methamphetamines, LSD, Fentanyl, etc) Sanctions | |
|---|--|
| 1st Offense | |
| Two-year university suspension with 24 months university probation upon re-enrollment; and (expulsion evaluated based on the amount distributed/ sold, the danger involved, & aggravating factors) <i>*expulsion evaluated at first offense</i> | |
| Attend an off-campus substance abuse assessment and comply with any recommendations for treatment. | |
| Post Meeting: Emergency contact contacted with a phone call | |
| Review of housing eligibility; termination of housing | |
| Completion of required parameters for re-enrollment | |

1. Educational classes used during the conduct process are provided by 3rd Millennium or are in-person classes designed by UAF Student Health and Counseling for UAF students. 3rd Millennium utilizes proven techniques aimed at positively impacting students and the culture they live in.

Employees

The university will take one or more of the following personnel actions against an employee who violates [P04.02.040](#) or this regulation including requiring the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved by the university. Such actions may include, but are not limited to, the following which may be taken in any order as deemed appropriate by the University:

1. **Oral Warning**- An oral warning is an oral statement or conversation initiated by a supervisor with an employee indicating a performance expectation has not met. As a part of the verbal warning the supervisor will revisit with the employee what is expected moving forward.
2. **Written Reprimand**- A written reprimand describes the nature of the offense or deficiency, the method or methods of correction, and the probable action to be taken if the offense is repeated or the deficiency persists. The written reprimand will be placed in the employee's official personnel file and also state the employee's right to request administrative review of the action.
3. **Written Notice of Intent to Take Corrective Action**- If corrective action more formal than written reprimand is necessary, the supervisor will work with HR to notify the employee in writing of the action to be taken.
4. **Disciplinary Probation**- Any employee who fails to meet the performance standards or employment conditions of the supervisor may, at the discretion of the supervisor, be placed on disciplinary probation for a period not exceeding six months. Failure to meet the performance standards or employment conditions of the supervisor may result in termination of employment for cause.
5. **Investigatory Leave**- After review by UA Human Resources, a supervisor may place an employee on paid investigatory leave without prior written warning in order to review or investigate allegations of serious misconduct of a nature which, at the discretion of the university, requires removing the employee from the premises.
6. **Suspension**- Suspension without pay of not greater than 10 working days may be used in circumstances which the supervisor believes that by its use the employee will correct the employee's job related behavior or performance and where discharge appears unwarranted. The employee will be provided the reason for the suspension and the date and time to return to work in writing. The written notice will also state the employee's right to request administrative review of the action. A suspended employee will not receive holidays, wages, sick or annual leave accrual or other benefits based on hours worked during the leave period, but will continue to be covered by the applicable group insurance program.
7. **Referral for prosecution**- The University may report and refer illegal activities to law enforcement for prosecution.
8. **Termination of Employment**- Regular employees may be terminated from employment for cause. In the event of a decision to terminate an employee for cause, the supervisor will provide the employee a written statement of the reason for the planned action, a statement of the evidence supporting the reason for the planned action, and notice of the employee's right to request a hearing in accordance with the procedure set forth in university policy.

Alcohol and Drug Violation Sanctions and Consistency

Alcohol and Drug Related Violation Sanctions

The chart below shows a comparison of the number of sanctions given to responsible alcohol and/or drug violations to a student on the Fairbanks campus between July 2020- June 2021 and July 2021 – June 2022.

During the 2020-2021 academic year, there were 292 sanctions given for the 68 responsible drug and/or alcohol violations at UAF. During the 2021-2022 academic year, there were 190 sanctions given for the 40 responsible drug and/or alcohol violations at UAF.

After student feedback suggested probation gave them the impression we did not believe they had capacity to change behaviors, the use of university probation was modified to be applied only after the second offense. After noting that restorative sanctions were often not completed in full, we unfortunately had to direct back to online and in person educators. The goal moving forward is improved training for Resident Directors in creation of the restorative sanction and procedures for follow-through – with an aim to increase the effectiveness of restorative sanctions.

CSRR will work with Residence Life to correct the inconsistencies with notifying parents/ guardians when individuals under 21 are found responsible for alcohol and drug violations. We are also working with them to understand the philosophy behind restorative sanctioning and how best practices need to be demonstrated to fully implement this specific sanction.

Sanction Numbers

The highlighted columns are the sanctions that follow the sanction matrix.

| Sanction | 2020-2021 | 2021-2022 |
|---|------------------|------------------|
| Additional Sanctions | 41 | 12 |
| Administrative Residence Life Hall Restriction - UA | 5 | 2 |
| Administrative University Trespass | 2 | 1 |
| Dean of Students Registration Hold | 19 | 13 |
| Interim Loss of Housing Eligibility - UA | 0 | 1 |
| Loss of Housing Eligibility - UA | 8 | 6 |
| Online Educators | 57 | 29 |
| Parent Notification | 36 | 24 |
| Reflective Essay | 0 | 1 |
| Restorative Sanction - UAF | 25 | 11 |
| Restitution | 0 | 1 |
| Substance Use Education Fee | 1 | 20 |
| Suspension with Restriction | 1 | 0 |
| University Probation - UA | 67 | 38 |
| Written Apology | 1 | 2 |
| Written Warning | 29 | 29 |

The goal of the student conduct process is to provide compassionate accountability through education and intervention. Ideally, the process will help students develop tools to use throughout their lives. We adapt the intervention approach to each unique circumstance and provide an opportunity for growth. We strive for fair and consistent practices for sanctioning. While a matrix exists that helps guide the conduct administrator, at times it is appropriate to deviate from the matrix to meet students where they are developmentally. This contributes to some of the variety within sanctions.

Analysis of Efficiency of Alcohol and Other Drugs Use and Abuse Efforts

Effectiveness

Out of the 292 sanctions assigned to students 272 were consistent with the matrix. The matrix was 93% accurate representing sanctioning for DOA responsible cases for the 2020-2021 academic year.

Out of the 190 sanctions assigned to students 174 were consistent with the matrix. The matrix was 92% accurate representing sanctioning for DOA responsible cases for the 2021-2022 academic year.

Additional sanctions are assigned to students if sanctions are not completed or other policy violations occur.

The observed trends for sanction follow-through and recidivism (referenced below) indicate we are on the right track with our educational interventions. In addition, sanctions being typically consistent with the matrix indicates our student conduct administrators are sanctioning within the prescribed guidelines.

Recidivism with Alcohol and Other Drug Violations

For the 2020-2021 academic year 19% of the students who had a responsible drug or alcohol violation had two responsible drug or alcohol violations during the 2020-2021 academic year.

For the 2021-2022 academic year 18% of the students who had had a responsible drug or alcohol violation had two responsible drug or alcohol violations during the 2021-2022 academic year.

Alcohol and Drug Program and Policy Recommendations

Conclusion

The pandemic posed an entirely new situation to our campus and across the country. We saw a drastic increase in reports of students in crisis. Meanwhile we were experiencing an exodus of the student population aware from campus activity and on-campus housing. Compared to our previous Biennial report where drug and alcohol violations were trending downward, the pandemic reversed the trajectory. Students have struggled with barriers from 2020 to the present; including a lack of social engagement and instability in the classroom as well as at home. Routines have regularly been disrupted, causing destabilization and an inability to make long-term plans. With COVID-19 a little more understood, and with increased options for medical intervention, Fall 2022 has seen increased opportunity for programming. These increasing opportunities bring new hope of restoring our vibrant campus life.

Recommendations for future programming and tools to continue meeting the campus community needs around drug/alcohol use and abuse, include:

- Implementation of AlcoholEDU as a way to create foundational and consistent education around use/misuse of alcohol and drugs (Tentative Spring 2023)
- On-going education training with student conduct administrators around the importance of timely responses for addressing concerning behavior

- Reigniting the Social Norms Campaign - through Center for Student Engagement to create campus awareness around current student behaviors
- Directive to the Prevention and Wellness Committee to guide alcohol/drug educational efforts and assessing programs on a semesterly basis
- Strategic initiatives for programming support from CORE leadership at UAF
- Creating consistency in partnerships across campus for prevention and education programming - which can be facilitated through the Prevention and Wellness Committee

Appendix A: UAF Residence Life Alcohol and Drug Policy

Alcohol Policy

Residents and guests are expected to follow state laws and University regulations related to alcohol use and possession. With the exception of legal dependents, residents and guests under 21 years of age may not be in the same room or apartment as an open container of alcohol. If a minor is present in an apartment, residents 21 and over can consume alcohol in their individual bedroom with the door closed.

- If alcohol is found in residential facilities, it is considered to be in the resident's possession. In all residential areas, any alcoholic beverages possessed in violation of UAF regulations will be confiscated and disposed of by Residence Life staff.
- Alcohol must be confined to individual rooms, suites, and apartments. The consumption of alcohol is not permitted in or on public and common areas, including hallways, lounges, lobbies, and porches.
- Displays of alcohol or alcohol containers are permitted for residents of legal age, as long as displays are not in public view (able to be viewed by someone outside the room or apartment or through a window). Underage residents or residents of substance-free halls may not display containers that once held alcohol.
- The sale of alcoholic beverages to a person by another individual on campus is prohibited.
- Use of common sources of alcohol, including but not limited to kegs, party balls, beer pong, trashcans, and punch bowls is prohibited.
- In order to transport alcohol into halls residents must live in that particular building, and not be perceptibly under the influence of alcohol.
- Neither alcohol possession nor intoxication are not allowed in Moore or Skarland Hall, regardless of resident age.

Drugs and Other Substances, Including Marijuana

The unauthorized use, manufacture, distribution, possession, or being under the influence of illegal drugs or other controlled substances in violation of local, state or federal law, Regents' Policy, University Regulation or MAU rules and procedures, is prohibited. Possession or use of marijuana or any other substance controlled pursuant to 21 U.S.C. 841 et seq. anywhere on university property is prohibited.

- It is a violation of the Student Code of Conduct and the Department of Residence Life policy to possess, distribute, or use any substance solely for the purpose of becoming intoxicated.
- Residents cannot store drugs, including marijuana, in personal vehicles while the vehicles are on campus.
- Paraphernalia is prohibited in Residence Life facilities.

Appendix B: UAF Alcohol Beverage Application

Email: uaf.aia@alaska.edu

University of Alaska Fairbanks

UAF Alcohol Beverage Application Instruction Sheet

This UAF Alcohol Beverage Application must be submitted for all events where alcoholic beverages will be served on University property or UAF events located off-campus. Please complete all questions fully. Failure to provide all required information, or complete the form properly, may result in delay or rejection of this application.

This form must be RECEIVED by email, uaf-dining@alaska.edu, no less than **14 days prior to the event**. Late requests may be denied.

I. APPLICANT INFORMATION:

Applicant – The individual requesting alcohol approval, usually the event planner.

Dean/Director – The individual authorizing alcohol to be served at their sponsored event or facility. This person must be affiliated with UAF and have authority to make such approvals for the event and/or location.

Facility Approver – The Facility Approver is only used for events not affiliated with the University.

Sponsoring Organization – The College, Department or Organization sponsoring this event. If Sponsoring Organization is not affiliated with the University, the Applicant MUST be an authorized representative of the organization. They must initial and sign the form, binding the third-party Sponsor Organization to each of the provisions of this application, including the indemnification provisions and the UAF Alcohol Policy and Procedures.

II. EVENT INFORMATION:

This section provides details of the event. Please be specific as to the location of the event; including name of hall/building and room number, or street address if located off university property. Ensure all questions have at least one response. Please note the [Events Request Form](#) must be completed for any event with alcohol.

III. AUTHORIZED REPRESENTATIVE INFORMATION:

Authorized Representative of the University – A responsible adult must be in attendance for the entirety of the event. The Authorized Representative must abstain from alcohol service and ensure [Alaska state law and university policy](#) is upheld during the event. Authorized Representatives can include the event planner, security officer, or other designated point of contact during event.

IV. FOOD AND BEVERAGE SERVICE:

Alcohol may not be the main focus of the event. Food and non-alcoholic beverages must be available as well. Provide the name of food service provider or where it will be purchased. Also indicate if food will be sold or complimentary. **A copy of the menu is required if food is not being provided by UAF Catering.**

Approved Bartender/Alcohol Service Provider – Alcoholic beverages must be served by a vendor who has a certificate of insurance on file with the University and agrees to be bound by the provisions of this application, state law and regulations and UAF Policy and Procedures.

The University does not recommend alcohol service providers, however we can inform you of who has approved insurance certificates on file with us.

V. SECURITY INFORMATION:

State law and University policy states alcohol must be served and consumed in a controlled environment. The information collected in this section will help determine where the designated area for alcohol service will be located and how access to and from this area will be monitored. Please contact DSCO at 907-474-6661 for questions or assistance identifying an acceptable security plan

Area where event is being held – Please indicate if this event will be located in a confined space (such as an office or room) or common area (such as lobby, hall or outside). If event will be held in an area accessible by through traffic, boundaries for alcohol service are required to be clearly defined. Please explain how the barriers for this event will be delineated.

Monitoring Exits – Describe how entry and exits will be monitored for access and ensure alcohol remains in the designated room or area specified.

Individuals Under 21 – If yes, provide an explanation on how those under aged will be prevented from loitering in and around the alcohol service area. For example, stanchions will be placed around the alcohol service area and a state certified server will check ID to ensure access

by only those attendees over 21.

Police or Security – If yes, please indicate who will be providing security (i.e., certified servers to check ID, event staff monitoring exits, Community Security Officer (CSO), etc.).

VI. APPLICANT AGREEMENTS:

This section must be signed by the Applicant and Dean, Director or if not a university sponsored event, the Facility Approver.

REVIEW PROCESS:

DSCO will facilitate all necessary department approvals, to include UAF Risk Management, Dean of Students, UAF Police Department, Event/Facility approval, etc. If application is found to be incomplete or additional clarification is required, the form may be returned to applicant and require re-submittal once all corrections or information has been provided.

When the review is completed and the application meets all requirements, approved application will be returned to the applicant. Any conditions required during the event for approval (i.e. special signage, security), will be listed in the comment section of the approved form as well as communicated to applicant.

If a request for alcohol service at an event is denied, the form will be returned to applicant with stated reason for denial. Applicant may re-submit request for alcohol if additional actions can be taken for approval. Resubmission should not take place until all requirements have been arranged.

The approved UAF Alcohol Beverage Application must be displayed at event along with the state alcohol permit (if required).

UAF ALCOHOL BEVERAGE APPLICATION CHECKLIST:

Please submit this application with **all** items on checklist.

- All questions on this form have been answered completely.
- The [UAF Events Request Form](#) has been completed.
- This form has been initialed and/or signed by:
 - Non-affiliated Sponsor Organization, page 1 (if required)
 - Applicant, page 2
 - Dean/Director/Facility Approver, page 2
- Menu for food and beverage.
- Floorplan indicating layout of event location, including entry/exits, food service, bar and alcohol service area, seating, etc.

SUBMIT APPLICATION AND ATTACHMENTS TO:

UAF Dining Services and Contract Operations (DSCO)
uaf-dining@alaska.edu

Phone: 907-474-6661 Fax: 907-474-5707
 Email: uaf.dining@alaska.edu

UAF Alcohol Beverage Application

Please complete and submit this form at least 14 days prior to the event to the Director of Dining Services and Contract Operations (DSCO) at uaf-dining@alaska.edu or fax to 907-474-5707.

I. APPLICANT INFORMATION:

Applicant Name _____ Title _____

Email _____ Phone _____

Dean/Director/Facility Approver: Person approving alcohol at their sponsored event or facility _____

Sponsoring Organization full name, no abbreviations _____

UAF Affiliation: College/Department/Organization Student Organization Not Affiliated

If Not Affiliated is selected; Applicant must be a member of the Sponsor Organization and authorized to make this application and to bind the Organization. By Applicant's signature, Sponsoring Organization agrees to be bound by each of the provisions of this application, including the indemnification provisions below and the UAF Alcohol Policy and Procedures attached.

Indemnification by Non Affiliated Sponsoring Organization: Sponsor organization agrees to indemnify and hold harmless the University of Alaska Fairbanks and their respective employees from and against any and all claims, demands, suits, actions, proceedings, loss, costs, and damages of every kind and descriptions, including attorneys' fees and/or litigation expenses, which may be brought or made against or incurred by the Indemnitiees, on account of loss of or damage to any property or for injuries to or death of any person, caused by, arising out of, or contribution to, in whole or in part by reason of any act, omission, professional error, fault, mistake or negligence of Sponsor Organization, it's employees, agents, representatives, volunteers or subcontractors in connection with or incident to the event.

Non Affiliated Applicant initials _____

II. EVENT DETAILS:

Event Name _____ Event Date _____

Location (building and room #: address if off-campus) _____

Estimated Attendance Count _____ Event Start/End Time ____/____ Alcohol Service Start/End Time ____/____

1. Will UAF students be present? Yes No
2. This event is: Open to Public Private, by invitation only
3. Is this an outdoor event? Yes No
4. Will beer and/or wine be auctioned off? Yes No
5. Is this a wine tasting? Yes No
6. Is this a fundraising event in which monetary donations be received? Yes No
7. This event will have (check all that apply): Entry fees Cover charge Ticket sales for food and/or beverage N/A
8. Has the Events Request Form been submitted? Yes No [The Events Request Form](#) must be submitted for all events with alcohol.

III. AUTHORIZED REPRESENTATIVE OF THE UNIVERSITY:

Identify the individual(s) designated to have responsibility for the event. This person is to remain present for the duration of the event and ensure Alaska state law and university policy is upheld.

Name/Title _____ Email _____

Name/Title _____ Email _____

IV. FOOD AND BEVERAGE SERVICE:

Alcohol may not be the main focus of an event. As such, the presence of alcohol requires the accompaniment of food and non-alcoholic beverages. **This application does not approve food and non-alcoholic beverages. Please submit a [Food and Beverage Authorization Request](#), if required.**

Food will be provided by: please provide the name(s) of Caterer/Donor/Other _____

Food service will be offered: For Sale Complimentary **Required:** Attach a copy of proposed menu.

Alcohol will be: Purchased Donated by: please list name of Donor(s) _____

Type of alcohol offered (no hard liquor): Beer Wine/Sparkling Wine

Alcohol will be available: For Sale Complimentary

Name of Bartender/Alcohol Service Provider: _____

Contact Information: Email _____ Phone _____

V. SECURITY INFORMATION:

Event is being held in a: Confined area (i.e. ballroom, office, etc.) Common area with through traffic (i.e. a lobby, outdoors, etc.)

If Common area, how will alcohol service boundaries be delineated?

Stanchions Other physical barrier: be specific _____

All entry/exit points from alcohol service area must be monitored.

Please list who will be monitoring all entry/exit points: _____

Required: Attach a copy of proposed floorplan indicating layout of the location for exits, food service, bar, seating, etc.

Individuals under the age of 21 will be present. Yes No

If Yes, the following steps are **required** to ensure under-aged attendees do not consume alcohol:

- Alcohol Service Provider/certified servers will ID attendees.
- Attendees under 18 years of age **MUST** be accompanied by parent, legal guardian, or adult spouse.
- Alcohol Service Provider/certified servers will monitor attendees age 18-20.
- Alcohol will be served and consumed in a partitioned section that limits access to under aged individuals.

Describe boundaries, barriers, signage or staff present to control alcohol consumption (be specific based on physical parameters of room/venue/event location): _____

Will there be police and/or other security? Yes No If Yes, who? _____

VI. APPLICANT AGREEMENTS:

The information provided on this application accurately describes how the event will be managed. I agree to submit any changes to the event details to DSCO for approval prior to the event; including but not limited to location, floorplan, and underage guests. I have received and reviewed the UAF Alcohol Policy and Procedures. By signing below, I accept responsibility for adherence to all applicable Alaska laws and university policy related to the sale and service of alcohol on or off campus for this event. Failure to adhere to UAF policies and state laws may result in disciplinary proceedings and denial of requests for alcohol at future events.

Applicant Signature _____ Date _____

Dean/Director/Facility Approver Signature _____ Date _____

A COPY OF THIS APPROVAL MUST BE POSTED ON-SITE WHERE ALCOHOL IS BEING SERVED.

University of Alaska Fairbanks Alcohol Policy

Serving alcohol beverages at events on campus or at UAF events located off campus requires compliance with state laws and sensitivity to the public's perception of our institution. It is the university's desire to provide a safe and secure environment for all faculty, staff, students and visitors attending UAF events. All persons who consume alcohol beverages will do so in a responsible manner.

The sale and dispensing of alcohol beverages is regulated by the state Alcohol & Marijuana Control Office (AMCO). A state alcohol permit is required when alcohol is sold at a UAF event or an event held at a UAF facility. The UAF Alcohol Beverage Application must be approved by the Director of Dining Services and Contract Operations (as the Chancellor's designee). Additional approvals from Dean of Students, Risk Management and UAF Police Department may be sought as appropriate. Individuals serving alcohol must comply with AMCO laws and regulations.

Non-compliance can lead to arrest and fines. The Police Department or authorized university official can terminate an event if the alcohol permit is not displayed, if alcohol is served by anyone that does not have an approved alcohol server education card, or if alcohol is served to anyone under the age of 21. The university can take additional actions as deemed necessary. Sponsoring departments, organizations and individuals should be cognizant of vicarious liability and the consequences to the organization should a vicarious liability suite be filed against the university when a person, regardless of age, attending an event and consuming alcohol beverages is involved in an accident resulting in personal injury and/or death. Organization should also be aware of their exposure to legal risk when event sponsors permit the violation of laws concerning alcohol at their event. These laws include serving alcohol to minors and/or intoxicated individuals.

University of Alaska Fairbanks Alcohol Procedures

Approval is required of the Chancellor or designee to serve alcohol on campus or at a UAF event off-campus. Anyone who intends to serve alcohol must submit a UAF Alcohol Beverage Application no less than 14 days prior to the event to the Director of Dining Services and Contract Operations, as the Chancellor's designee, at uaf.aux@alaska.edu.

- UAF events and non-university events held at a UAF facility must comply with all Alcohol & Marijuana Control Office (AMCO) laws and regulations.
- Alcohol served at any event in a university facility is limited to beer and wine.
- An alcohol permit must be obtained for any event at which alcohol is either offered for sale or distributed. The Event Planner is responsible for completion of the UAF Alcohol Beverage Application, obtaining the alcohol permit from AMCO (if applicable) and proper display at the event.
- Access to all events where alcohol is served must be restricted to individuals 21 years of age or older, except when accompanied by parent, legal guardian or adult spouse. Alcohol beverages may NOT be served to anyone under the age of 21.
- Alcohol beverages must be served in a controlled environment and may not be removed from the room(s) or area(s) specified.
- Alcohol beverages must be served by UAF Dining Services or other licensed caterer, or by UAF employees assigned to the function. Any individual serving alcohol must complete an alcohol server education course approved by the AMCO.
- The event must be a private function (not open to the public) unless specifically approved by the Director of Dining Services and Contract Operations.
- If the applicant intends to charge those in attendance for alcohol beverages, the applicant must provide specific information as to the format (i.e. cash bar, ticket price). Admission charge for UAF events may not include the cost of the alcohol beverage that will be served, unless specifically approved by the Director of Dining Services and Contract Operations.
- Alcohol may not be the main focus of the event. Alcohol beverages will not be approved for functions at which alcohol is the inducement for attendance. Food and non-alcohol beverages must be provided and prominently displayed at the event. Large quantity containers of alcohol are not permitted. Contests involving the consumption of alcohol are not allowed. Events where alcohol beverages are to be served shall not be advertised or publicized. The use of symbols and pictures implying the presence of alcohol at an event is prohibited. Fund raising events involving alcohol, e.g., wine tasting, are required to meet the AMCO requirements.
- Warning signs are required to be displayed at all events serving alcohol beverages. Signs must be at least 11"x14" and lettering must be at least 1/8 inch in contrasting colors. It is the responsibility of the license holder to ensure that the following warning signs are displayed properly:
 - WARNING: Drinking alcohol beverages such as beer, wine, wine coolers and distilled spirits or smoking cigarettes during pregnancy can cause birth defects.*
 - WARNING: A person, who provides alcohol beverages to a person under 21 years of age, if convicted under AS 04.16.051, could be imprisoned for up to five year and fined up to \$50,000.*
 - WARNING: A person under 21 years of age, who enters these premises in violation of law under AS 04.16.049 (e), could be civilly liable for damages of \$1,500.*
- All invitations to UAF events where alcohol is to be served will include the following statement: "Attendees must be twenty-one (21) years old or older unless accompanied by parent, legal guardian, or adult spouse." At the option of the sponsor, such event may be restricted to individuals at least age 21 ("no minors under the age of 21").
- The area serving alcohol beverages must be roped off at any event where unaccompanied minors will be present.
- An authorized representative of the university must be present for the duration of the event to ensure all obligations specified in the application and permits are fulfilled.
- In cases where an individual becomes intoxicated, event sponsors will immediately alert the UAF Police Department to intervene and remove the person from the premises and prevent that individual from driving.
- Alcohol shall not be served at university functions or events designated for students unless approved by the Dean of Students (in addition to the other required approvals)
- The event planner is required to have the approved UAF Alcohol Beverage Application visible at the event.
- The Wood Center Pub will operate within its rules, policies and license.

The university reserves the right to amend this policy in accordance with the law, community standards or best interests of the university. Please direct questions about the alcohol policy and procedures to the Director of Dining Services and Contract Operations at 907-474-6661.

legal@alaska.edu

Dear UA Students, Faculty and Staff:

As most of you know, Ballot Measure 2 regarding marijuana passed and went into effect February 24, 2015. Despite the changes in state law,¹ it is critically important to understand that federal law regarding marijuana has **not** changed. While the federal government may or may not choose to prosecute violations of federal law regarding marijuana, it remains a federal crime, for example, to possess and use even small amounts of marijuana.

You also should be aware that Regents' Policy, University Regulation and Student Codes of Conduct related to marijuana are not required to change² and are not likely to change. As a result, violating applicable Board of Regents Policy or University Regulation relating to illegal drugs, including marijuana, will continue to result in disciplinary action.

As a recipient of federal funds, UA has to comply with the Safe & Drug-Free Schools and Communities Act and the Drug-Free Workplace Act. These laws require among other things that UA maintain and enforce policies prohibiting the use of illegal drugs. Failure to comply with federal laws and regulations regarding marijuana would jeopardize UA's continued receipt of federal funds.

Also, under Federal regulations certain University employees are subject to drug and alcohol testing because of the type of work they perform. Testing positive for marijuana is a violation of these regulations and will remain grounds for employment sanctions including termination, even if the marijuana use occurred outside of work hours and otherwise in accordance with state law.

Please review the following drug-related policies and information as applicable to your university status:³

- **Regents' Policy & University Regulation 04.02.040** - Federal Drug-Free Workplace requirements;
- **Regents' Policy & University Regulation 04.02.050** - UA's Controlled Substance Testing program.
- **Regents' Policy 05.12.104** – prohibition of possession or use of marijuana on UA property.

¹The law eliminates certain **state** criminal penalties and offenses related to marijuana and regulate the possession, distribution, use, and growing of marijuana by those 21 and over in Alaska.

<http://www.elections.alaska.gov/petitions/13PSUM/13PSUM-Proposed-Law.pdf>

² **The law would provide employers (AS 17.38.120(a)), schools (AS 17.38.120(d)) and recipients of federal funds (AS 17.38.010(d)) flexibility to restrict marijuana.**

³ UA policies and regulations can be found at <http://www.alaska.edu/bor/policy-regulations/>

Page 2 of 2

- **Regents' Policy & University Regulation 09.02.020C (15)** - student conduct involving illegal substances, including marijuana.

If you have any questions or concerns, please contact your Dean of Students or Human Resources office.

(General Counsel rev. 05/10/18)

Michael
Hostina 

Appendix D: University of Alaska Board of Regents Policy Chapter 09.02.020 Student Code of Conduct

R09.02.020. Student Code of Conduct.

Disciplinary action may be initiated by the university and disciplinary sanctions imposed against any student or student organization found responsible for committing, attempting to commit, or intentionally assisting in the commission of any of the following categories of conduct prohibited by the Code.

The examples provided in this section constituting forms of conduct prohibited by the Code are not intended to define prohibited conduct in exhaustive terms, but rather to set forth examples to serve as guidelines for acceptable and unacceptable behavior.

14. Misuse of Alcohol

Examples include, but are not limited to:

- a. use, possession, manufacture, or distribution of alcoholic beverages in violation of local, state or federal law, Regents' Policy, University Regulation, or MAU rules and procedures.; or
- b. Engaging in any other category of prohibited conduct while under the influence of alcohol may constitute a violation of this category.

15. Misuse of Drugs or Other Intoxicants

Examples include, but are not limited to:

- a. use, possession, manufacture, distribution, or being under the influence of illegal drugs or other controlled substances in violation of local, state or federal law, Regents' Policy, University Regulation or MAU rules and procedures;
- b. abuse or misuse of prescription or over-the-counter medications, other chemical substances or other intoxicants;

- c. engaging in any other category of prohibited conduct while under the influence of legal drugs or other intoxicants may constitute a violation of this category; or
- d. use, possession, manufacture, distribution, or being under the influence of designer drugs.
