

Roadmap for an AAS in ECE at CTC

Submitted by Professor Patty Meritt, program coordinator for CTC ECE

All courses ECE and 3 credits unless otherwise stated:

Assumes no developmental courses are needed, beginning in the fall

First Fall: 101, 104, 110, 119, Eng 111X = 15 credits

First Spring: 107, 213, 210, 235 (2 credits) , 132 (1 credit) , Engl 211 or 213 X = 15 credits

Summer: Comm 131 or 141 (3 credits)

Second fall: 229, 140, 230 or 240, 130 (2 credits) 117, 1 elective credit = 15 credits

Second spring* 214, 170, 270, 242 = 12 credits

Many students find they need lower credits when doing practicum, so they take 270 the following summer.

With web course now available and many students who are not full time, this often can change the configuration.
