

## STUDENT LEARNING OUTCOMES

### Certificate Medical Assisting:

Students who complete a certificate in Medical Assisting will:

- Provide the student with the cognitive (knowledge) and psychomotor (skills) and affective (behavior) job skills required for entry level employment as a medical assistant in a physician's office or ambulatory care center.
- Provide the student the knowledge to successfully pass the national certified medical assistant exam.
- Demonstrate a knowledge of administrative and clinical skills used in a medical office.
