Directed Study allows a student to contract with an instructor to enroll individually in a course that exists in the catalog, outside of the regularly-scheduled sections of the course in a given semester. For example, a directed study proposal may be approved if the course is not being offered for the semester and completion of the course is needed for graduation. Directed study courses are as listed in the catalog. If your intention is to pursue a class that is not listed in the current catalog, or if there will be changes to the course listed in the catalog, use the Individual Study Approval Form. (Example: adding W or O to a class not designated as such)
