

**Memorandum of Understanding**  
**Between University of Alaska Fairbanks Bristol Bay Campus (UAF/BBC)**  
**And Dillingham City School District (DCSD)**

**Tech Prep Program General Agreement**  
**Policies and Procedures**

**1. Definition**

The Tech Prep Program is a partnership between University of Alaska Fairbanks Bristol Bay Campus (UAF/BBC) and Dillingham City School District (DCSD). It is a program that recognizes technical and related academic preparation and, where possible, work-based learning in a specific career field. It partners secondary education, post-secondary education, labor and business in a sequential course of study without duplication of coursework that will lead a student to a certificate, credential, apprenticeship, associate degree or baccalaureate degree.

To further the parties' mutual objectives detailed in this agreement, each party shall appoint a person to act as the point of contact for the agreement and keep the other party informed if there are changes.

Dr. Deborah McLean  
Director, Bristol Bay Campus  
University of Alaska Fairbanks  
Phone 907-842-5109  
dlmclean@alaska.edu

Daniel Frazier  
Superintendent  
Dillingham City School District  
Phone 907-842-5221  
dfrazier@dlgsd.org

Period of this agreement shall be effective on the date of signature by the second party through termination.

Start Date: 11-5-2015 End Date: 11-4-2020

This agreement will be valid for a period of five (5) years from the latest date appearing on the signature page. It may be renewed for additional periods of five years if both institutions, acting independently, agree in writing to review it before it expires. The parties also agree that either party for any reason may terminate this agreement at any time by giving the other party at least six (6) months advance written notice of the party's intent to terminate.

**2. Purpose**

The purpose of the Tech Prep Program is to offer students in a technical field of study an opportunity to receive lower-division college credit toward a UAF certificate or undergraduate degree. Students may receive UAF credit by successfully completing specific courses that have been approved for articulation by UAF. Tech Prep Program articulation agreements use the university's curriculum standards and measures for articulating course work from secondary school districts and other partnerships into UAF credit. Motivated, able learners will greatly benefit from this outcomes based program.

Students who complete course work through the Tech Prep Program will be better prepared to:

- go directly to work or into a training program requiring an entry-level technical base,
- continue to work towards a university certificate or degree while using technical skills in the workplace,
- attend UA with a head start toward a certificate or degree, or
- transfer credits from UAF to another university or college.

### 3. Opportunities

Tech Prep students will have the opportunity to take advantage of UAF multiple services for prospective students such as those provided by the Advising and Counseling Center, Career Services Center, Educational Opportunity Center, Learning Resources Center and departmental advising. Advising and correct placement of Tech Prep students will be more appropriate since the University will know what skills the student has already achieved. It also allows the University to plan a pathway of study that helps maximize the student's course work and avoids duplication of work done at Dillingham City School District

### 4. General Information

- a. **Credits:** There is no limit on the total number of UAF credits a student may receive through the Tech Prep Program.
  - UAF credit received through the Tech Prep Program will be considered resident credit. Credit will not be awarded for a course that duplicates one for which UAF credit was already received.
  - Credit through the UAF Tech Prep Program is generally not included in the computation of study load for UAF full-time or part-time status.
  - If the Tech Prep Program is delivered collaboratively with UAA and/or UAS, credit from each participating institution will be counted toward fulfillment of residency requirements.
  - Students may take advantage of the Tech Prep Program while attending Dillingham City School District (DCSD) or they may request credit anytime during the academic year the course was taken, providing the course was articulated and approved at the time of completion.
- b. **Credit After The Fact:** Credit for a course may be given after the fact if these conditions are met:
  - There is a Course Reference Number for the course time and place.
  - The high school transcript must match.
  - The student must pay course fee and complete registration form.
  - The high school course for which credit is sought is an articulated course.

If these conditions are met, the course will be given regular college credit and will be factored into the UAF grade point average (GPA) and appear on the official UAF transcript. Credit will not be awarded for a course that duplicates one for which UAF credit was already received.

c. Grades

- Recommended GPA's for acceptance in the UAF Tech Prep Program is a 2.00 or higher GPA at Dillingham City School District and a 2.00 or higher cumulative GPA for any courses taken at UAF.
- Some UAF courses are graded pass/no pass (P/NP) rather than academic letter grades (A-F). Grades received in the Dillingham City School District course will be converted to the appropriate grading basis of the UAF course. For performance comparison only, a grade of "P" (Pass) is considered equivalent to a grade of "C" or higher.
- The final grade received in the Dillingham City School District course, taken through the Tech Prep Program, will be posted on the student's UAF transcript as the final grade in the concurrently registered course.
- Academic letter grades (A-F) will be included in the student's UAF GPA.

5. Articulation of Courses

a. Articulation is governed by the following guidelines:

- Tech Prep courses are those specifically identified and approved through the articulation process to be in alignment with UAF courses. However, some Dillingham City School District courses may be articulated to UAF lower division elective credit.
- There must be a clearly defined articulation agreement for each articulated course, based on a set of competencies that will be determined by relevant UAF and Dillingham City School District faculty. Although teaching and testing methods may differ, each course will be subject to the instructional objectives and outcomes of comparable, traditionally taught courses.
- Each articulation agreement is unique and will be subject to reconsideration or change each academic year. A comprehensive review will be conducted each year or at the earlier request of either party, to assure industry and performance standards are being met and that any curriculum changes are incorporated into the articulation agreement.
- Some UAF departments may require students to meet specific standards such as an entrance GPA, course prerequisites, a particular final grade, or completion of a qualification test. Other criteria such as an interview or a letter of recommendation may be required. Specific standards and/or criteria will be reflected in the course articulation agreement.
- Tech Prep is designed to recognize quality technical training. Both UAF and the Dillingham City School District will continuously maintain high course standards.

NOTE: Not all UAF courses are available for articulation through the Tech Prep Program.

**6. BBC Responsibilities**

BBC's responsibilities include the following:

- a. To UAF community
  - To inform UAF community of the student application and registration process.
  - To inform UAF community of the availability and opportunities of the Tech Prep Program.
- b. To Dillingham City School District
  - To meet with Dillingham City School District personnel (faculty) to complete the course articulation procedure through the school/college faculty curriculum process.
  - To meet with Dillingham City School District personnel to provide an introduction and orientation to BBC's Tech Prep Program.
  - To provide BBC application and registration forms and coordinate training of Dillingham City School District personnel for registering interested students.
  - To provide Dillingham City School District personnel with a calendar reflecting the Tech Prep registration, and grading processes and deadlines.
- c. To students
  - To assist students in developing educational plans consistent with career/life goals, providing them with the information and skills needed to pursue those goals.
  - Upon receipt of the Tech Prep Program application and registration forms, to register students concurrently in the articulated BBC course(s).
  - Upon receipt of the official Dillingham City School District transcript reflecting course completion and final grade, to record the appropriate final grade on the student's UAF transcript.

**7. School District Responsibilities**

The responsibilities of the Dillingham City School District include the following:

- a. To school community
  - To inform students, parents and necessary Dillingham City School District personnel (faculty, counselors, administrative staff) of the UAF/BBC Tech Prep Program career pathways and registration opportunities.
  - To provide information to students, and other secondary school districts and partnership institutions, about the UAF/BBC Tech Prep Program student application and registration process.
- b. To UAF/BBC
  - To provide current course syllabi and course content guides that clearly identify what objectives the instructor intends to accomplish in the course, what the student should know and/or be able to do as a result of completing the course, and what evaluation methods are appropriate for determining how well the goals and outcomes have been met.
  - To provide UAF/BBC with an official Dillingham City School District transcript reflecting course completion and final grade received in the articulated course.

- To meet with UAF/BBC personnel (faculty) to complete the course evaluation and articulation procedure.
  - To coordinate and implement the Tech Prep Program application and registration process with UAF/BBC personnel.
- c. To students
- To advise students of their eligibility and responsibility to become familiar with the policies and procedures associated with the Tech Prep Program and subsequent registration at UAF/BBC.
  - To obtain permission from each student officially registered in the Tech Prep Program in order to discuss/release information and supply official transcripts reflecting the student's registration and course completion.

#### **8. Student Responsibilities**

The student's responsibilities include the following:

- a. To inform partnership institution personnel of interest in the UAF/BBC Tech Prep Program.
- b. To complete the required UAF registration form, and pay the non-refundable fee.
- c. To be aware of and comply with both the Dillingham City School District and UAF academic policies, regulations, procedures and deadlines associated with the Tech Prep Program as well as those reflected in the current UAF catalog, pertaining to open enrollment, formal admission, registration, academic action and certificate or degree completion.
- d. To demonstrate learning skills and a satisfactory level of performance in the methods and techniques of the subject, commensurate with the appropriate UAF course level (100 or 200 level).
- e. To provide Dillingham City School District and UAF with permission in order for them to discuss/release information and supply official transcripts reflecting the Tech Prep registration and course completion.

#### **9. Registration**

Registration is governed by the following guidelines:

- a. Students will not be officially registered in the Tech Prep Program or at UAF until all forms are received and fees paid. Students are held academically and financially responsible for their UAF registration. A non-refundable administrative fee will be charged. The University reserves the right to cancel courses or change its fees at any time.
- b. If, after registering at UAF/BBC, a student changes plans or is unable to complete the Dillingham City School District course, the student must officially withdraw from the concurrent UAF course(s) prior to the end of the course. A student who does not complete the partnership course and does not withdraw from the concurrent UAF course will receive a final grade of "F" or "NP," depending on the grading basis of the UAF course.
- c. Students registered through the Tech Prep program, in one (1) or more UAF credit(s) may elect to pay the non-refundable Student Activities Fee for access to available

activities and facilities. Students registered in six (6) or more UAF credits may elect to pay the non-refundable Student Health Center Fee for access to campus health services and programs.

**NOTE:** Registration in the Tech Prep Program does not guarantee subsequent formal admission to a UAF certificate or degree program.

**10. UAF Grades and Transcripts**

- a. Students will not receive a paper copy of their UAF grades in the mail. Grades will be available by Internet (<http://uaonline.alaska.edu>) shortly after the end of each semester.
- b. Requests for official transcripts of all UAF course work, including Tech Prep Program courses, must be written and include the signature of the student whose record is being requested. A transcript fee is charged and must be paid in advance.

**11. Family Educational Rights and Privacy Act (FERPA)**

FERPA was designed to protect the privacy of education records. No one outside UAF shall have access to, nor will UAF disclose any information from a student's record without the written consent of the student.

**12. Administration**

The University of Alaska Fairbanks and the Dillingham City School District subscribe to the policy of equal opportunity and will not discriminate on the basis of race, sex, age, ethnicity, religion, citizenship, or national origin. Both institutions shall abide by these principles in the administration of this agreement and neither institution shall impose criteria which would violate the principles of non-discrimination. Neither party assumes any financial responsibility through signatures on the agreement and any commitment of resources by either university for collaborative activities will require review and approval by both parties. Both parties agree that this agreement does not create legally enforceable obligations for either party nor does it establish a standard of care attributable to the activities outlined in this document. This agreement may be modified at any time upon written approval of the parties. There may be no changes to the scope of this agreement without the written consent of both parties.
