

Transferring to UAF's School of Education

START HERE

www.uaf.edu/soetransfer/

After you complete the short form at www.uaf.edu/soetransfer/ (a new application for admission is not required), UAF's Office of Admissions will call you directly.

UAF's Office of Admissions will then notify UAF's Transfer Credit team that you've been admitted.

UAF's Transfer Credit team will give you immediate priority as they evaluate and post credit for all the courses you took at UAA or any previous institution. Education course work will be granted temporary, place-holder credit until reviewed by UAF's School of Education.

UAF's School of Education will consider your individual circumstances to review your UAA School of Education transfer credits and determine how best to apply your UAA credits to UAF's education program requirements.

Your UAF DegreeWorks audit will be updated upon final review of your transferred credits by the UAF School of Education.

You'll be notified as soon as this process is complete.
