

### Registration Checklist for Community Members

Select your Summer Sessions & Lifelong Learning course from the class schedule at UAF Coursefinder or see the listing on our website.

Register for your courses using our online registration form.

Review the course syllabus or information for the course(es) you've registered for. They are available on our website under Courses.

Order supplies for your course. Many supplies are covered in the course fees, but some instructors ask you to bring your own materials.

Payment for tuition and fees for all registered Summer Session courses is due the **FIRST DAY** of the session you are enrolled in. See the Dates and Finances page for more details on specific deadlines. You can pay over the phone by calling the UAF Bursar's office at 907-474-7384.

Attend class beginning the FIRST day of instruction. Summer Sessions courses are very compressed and attendance is critical. Our non-credit courses are often very short sessions so you might miss a lot if you miss a day.

Visit us at our office in room 216, upstairs in the Eielson building if you have any questions!
