

Winged Wonders!

The Ecology & Conservation of Alaska's Migratory Birds

August 3-5, 2018

with the **Alaska Songbird Institute** and

Summer Sessions
& LIFELONG LEARNING @ **UAF**

Birds connect Alaska to the world! Learn the fascinating ecology of resident and migratory birds found in the Fairbanks area. This course includes classroom and field components. Participants will spend time at the Creamer's Field Migration Station, with opportunities to see wild birds up close, learn research techniques, and discover how local research contributes to long-term bird conservation. This is a noncredit community course.

COURSE: NONC FO41- FO2 (CRN 51762)

COST: \$125

MEETS: August 3-5 Friday, 6:00-8:00 pm (classroom)

Saturday 8:00 am-12:00 pm (field day)

Sunday 8:00 am-12:00 pm (optional field day)

INFO & REGISTRATION AT: tricia.blake@aksongbird.org or www.uaf.edu/summer
