

The UAF Faculty Senate passed the following at Meeting #175 on May 2, 2011:

MOTION:

The UAF Faculty Senate moves to amend the policies on course compression and course approval as shown below:

EFFECTIVE: Fall 2011

RATIONALE: If core courses are important enough to be reviewed for compressed offerings, then why not all courses? Are not all courses important? Doing so creates a uniform evaluation method for this variety of course offerings. Further, we ought to be able to use the lessons learned in compressing core courses to non-core courses. Along those lines we intend to have guidelines for course compression created as part of the 'course and degrees manual'.
