With the program changes taking place, the CDFS program faculty and staff have carefully looked at the courses currently provided within the program. ECE 320 was originally developed without a practica piece, The CDFS staff and Faculty have made the changes for all curriculum supporting courses, that are not foundational will have field experience requirements. Through student responses, it is realized that students understand the course content of curriculum development courses better if they have a hands on opportunity for development of hypothesis, experimentation, practice and reflection. This activity not only helps them construct knowledge of their skills and understanding, but also develops understanding of why this same process is valuable for young children as well.

ECE 320 will now have 20 hours of field experience within an infant and toddler environment. As in the Curriculum and Teaching concentration, all Infant and Toddler concentration curriculum courses will contain field experiences that will build as a continuum towards the concentration capstones ECE 472 and ECE 473.

With ECE 320 being a requirement within the new proposed Infant and Toddler concentration, ECE 320 will be offered regularly each fall rather than as demand warrants.

ECE 320 may be taught within a 10-week or traditional 15-week semester schedule. The attached syllabus demonstrates a 10-week schedule.

## Computer, Internet and Software

**Problem: you cannot get your email** Make sure your Internet connection is working; to test it, you can try to go to a new web page and see if it loads.

- If you are having problems with a UAF account, you will need to contact the **UAF help desk 1.800.478.4667**. If it is another company's account, you will need to contact their customer support. There is very little we can do to assist you as we have no control or access to the computers that serve the email.
- Check with your email program's Help.

**Problem: you forgot your password**

- Only the organization that issued your password can do anything to change it. You will need to contact them. For UAF email and Blackboard it is the UAF help desk

1.800.478.4667. For most web services there is a link you can click if you forgot your password. I also recommend writing them down somewhere for back up.

**Problem: you are having problems with Blackboard**

- You will need to contact the Blackboard administrator, at: <http://classes.uaf.edu/>  
Office of Information Technology Help Desk 474.6564 or 1.800.478.4667
