5. To be STACKED? * YES/NO **No** If yes, Dept. ☐ Course # ☐

How will the two course levels differ from each other? How will each be taught at the appropriate level?:

* Use only one Format 1 form for the stacked course (not one for each level of the course!) and attach syllabi. Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi (undergraduate and graduate versions) will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different (i.e. is there undergraduate and graduate level content being offered); 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has qualms, they both do. The MBA program and HSEM program, both within SOM. The Veterinary Medicine program is interested in partnering with HSEM on this graduate program. They believe this graduate program of courses will benefit their doctoral students and, therefore, would bring students to the MSDM program. Beyond this positive impact on both Vet Med and MSDM there should be no impacts on other departments. A support letter from Veterinary Medicine Assoc. Dean Reynolds is enclosed with this packet.

21. **POSITIVE AND NEGATIVE IMPACTS**

Please specify **positive and negative** impacts on other courses, programs and departments resulting from the proposed action.

This course might draw students from other MBA electives but those are rotated by the department to ensure a balance between solid enrollment and availability of all electives.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

It adds to the curriculum for the MBA program as we work to make it more relevant to challenges and opportunities in Alaska. It is also critical to the proposed Master of Security and Disaster Management degree. As indicated in the program proposal, there is increasing demand in this program from around the country as nothing like it exists. MSDM students are likely to work in situations and with staff where communicating, working as a team etc are critical. This class emphasizes those particular skills. These skills are also often lacking in business but are just as important to success.

Students will learn about topics and then have assignments that will require them to practice the techniques. Internet access is required.

Course Policies:

As this is a graduate course in business, I expect professionalism.

- * There will be no late work accepted. If you must miss a deadline, you must contact the instructor in advance when physically possible. Emergencies will be taken into consideration.

- * There is no make-up work.

- * Students are expected to observe academic honesty. Dishonest practices including giving or receiving assistance in any manner or form during an examination, unauthorized possession of exam questions, and plagiarism (willfully presenting another person's writings, opinions or thoughts as one's own, without proper credit and documentation) will not be tolerated. Violations of the UAF Student Code of Conduct will be referred to the appropriate authority for possible disciplinary actions including removal of violator from this course.

- * In modules where you have a discussion post, you must make your initial post by Wednesday at 11:59 AK time so that your classmates will have time to respond by Saturday night. DO NOT put all of your posts up on Saturday evening. Doing so will result in lost points.

Students must proofread their work. This course will adhere to the School of Management's Fatal Error Policy. See below:

Fatal Error Policy: The School of Management applies a fatal error policy to all written assignments in writing intensive courses. If there are 10 or more errors (spelling, grammar, punctuation) on a written assignment, it will be returned for corrections. No credit will be given

until the errors are corrected and the assignment re-submitted in a timely manner (4 days). A letter grade will be deducted each time the assignment is returned. This policy will be strictly enforced. If you need assistance meeting this standard, there is a writing lab on campus to help.

Points will be assigned as follows:

Quizzes (5 total) 20 points each	100 points
Discussion boards (5 total) 20 points each	100
Module Assignments, (1,2,3,4,6,7) (100 points each)	600
Mod 5 Data presentation (write up & presentation 100 each)	200
FEMA certificates (2 total) 50 points each	100
Final Portfolio	400

C =	70-79%	(1050-1199 points)
D =	60-69%	(900-1049 points)
F =	59 % or less	(899 points or less)

Discussion Boards:

An important aspect to student success in an online learning environment is active participation in the online community. In order to participate fully in the ongoing dialog, contribute to and learn from bulletin board posts, contribute to the community knowledge base, and remain aware of class dynamics, each student is required to check in weekly and complete discussion board responses.

Initial posts are required by Wednesday at 11:59 pm (Alaska Time) to allow other students to read and respond to these posts. Secondary posts are due by 11:59 pm (Alaska Time) on Sunday each academic week.

You can score 20 points for Discussion Board entries. Grading is based on the following:

- Initial post total possible score = 10 points
 - Response directly relates to the question, is well formed and is on time (1 point)
 - Evidence of a well thought out response, through examples, details, or specific information (1 point)
 - Accurate response (.5 point)
 - Initial response not posted in time (-1.5 points)
- Secondary posts total possible score = 10 points
 - Evidence of a well thought out response, through examples, details, or specific information (1 point each). Responses simply agreeing with other posts will not receive credit.
 - Secondary posts on a different day than primary post (.5 points). Both secondary posts can be on the same day, but on a later day than the

primary post to get this credit.

- No credit will be given for primary or secondary posts after Sunday at 11:59 pm of the academic week

Final Portfolio:

Your portfolio is a summary of lessons in this course. It will consist of professional documents and presentations. Grading will be based on the following:

- Accuracy—Accurate reflection of the information presented the course
- Completeness—Inclusion of all information requested
- Relevance—Relation to the assignment; extraneous information will reduce your grade
- Communication—Clearly written, professional statements or documents
- Personal presence – Appearing professional in presentations; appearance, speaking and content
