JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

Minor change: Edited to change grade level of licensing. Originally submitted as a 7-12 grade level program but 2014-15 catalog has entered the level as 8-12 which is incorrect.

Minor changes: to add content major degree completion; to add additional reference information; change of title to course requirement; and to revise World Language application testing requirements

Change to application deadline: Deadline for professional year entered as two different dates. Revised to new deadline for application to the professional internship year.

To reflect that change of course title to EDSE 422.

Updating our requirements so SOE is in compliance with the new test adopted by the Alaska Department of Education and Early Development. Educational Testing Services has revised the Praxis I test (as of August 31, 2014 it is no longer available). The new test is Praxis Core Academic Skills for Educators (Praxis Core ASE or ASE).
