PROGRAM IDENTIFICATION:

DEGREE PROGRAM	HUMAN SERVICES
Degree Level: (i.e., Certificate, A.A., A.A.S., B.A., B.S., M.A., M.S., Ph.D.)	A.A.S.

A. CHANGE IN DEGREE REQUIREMENTS: (Brief statement of program/degree changes and objectives)

The changes to the HUMS AAS w/RHS certificate requirements are to remove redundant HUMS AAS course requirements that are already met within the RHS curriculum and to add another HUMS course as an elective option.

This will result in an increase in the number of credits accepted as a block of courses from the RHS certificate:

Remove:
HUMS F102 Standards of Practice I (1cr)
HUMS F202 Standards of Practice II (2cr)
HUMS F233 Practicum (3cr)

Add:
HUMS 205 Principles of Group Counseling (3cr)

Increase:
The number of RHS credits accepted as a block of courses from 21 to 27.

AAS Degree; Minor

Minimum Requirements for Degree: 63 credits

Students in the human services program receive skills-based training within a foundation of theory. After completing foundation courses, students select an area of concentration from the following: addictions counseling, behavioral health, or interdisciplinary concentration. Students learn interviewing and assessment, case management, crisis intervention, group counseling techniques and other specific skills needed within their concentration area.

The program prepares students for entry-level positions in human services agencies. Persons with a strong desire to help others, a sincere respect for mankind and a commitment to their own personal growth may find this field rewarding. They must be emotionally stable, flexible and interested in working with people of diverse social, cultural and economic backgrounds. Recovery from life traumas and addictions can be a positive attribute if the student has successfully worked through specific issues and is willing to continue personal growth. Students who complete an addictions concentration are eligible for certification as chemical dependency counselor technicians through the Alaska Commission for Behavioral Health Certification.

Each concentration is available to BA degree students as a minor. The BA degree student must complete the concentration and three HUMS elective credits. Concentrations provide students with skills needed for employment. See minor requirements.

This degree program is delivered collaboratively within the UA system.

D. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

No impact noted.

E. IMPACTS ON PROGRAMS/DEPTS:

*What programs/departments will be affected by this proposed action?
Include information on the Programs/Departments contacted (e.g., email, memo)*

***RHS + HUMS AAS w/RHS + BSW is an articulated behavioral health academic pathway.**

RHS Program: Meetings with RHS Program Manager and RHS Lead faculty at IAC. Both endorse this proposal.

HUMS AAS program: All faculty support this proposal via discussion.

BSW cohort program: Communication with BSW Department Chair via meeting and email. Chair suggested that the change would streamline the academic pathway. She supports this proposal, as many HUMS AAS w/RHS graduates continue into the BSW cohort program.

F. IF MAJOR CHANGE - ASSESSMENT OF THE PROGRAM:

Description of the student learning outcomes assessment process.

Student work is assessed using program criteria as listed in outcomes assessment plans.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

- **Enhances and updates alignment with workforce needs, e.g. expedites certification and credentialing**
- **Removes inactive and/or redundant courses**
- **Enhances articulation with feeder program, UAF Social Work program**
- **Decreases years needed to accomplish the HUMS AAS w/RHS certificate**
- **RHS F285 Case Management (2cr) and RHS F250 Rural Counseling II (2cr) cover the material required in HUMS F102 Standards of Practice I (2cr) and HUMS 202 Standards of Practice I (1cr)**
- **RHS F287 Practicum (4cr) covers the material in HUMS F233 (3cr)**
- **This change allows students a streamlined route to accomplishing their HUMS**

AAS after having spent 2 years completing the RHS certificate.

- For students who wish to continue on to the BSW cohort program, they will be able to do so sooner.

To the Academic Review Committee:

As Lead faculty for the IAC / RHS program I would like to offer my full support to the Format 5 changes being proposed for the HUMS program. These changes will greatly benefit RHS students who choose to go on to the HUMS program in that it addresses duplicate curriculum that, unduly forced students to take more credits for curriculum already covered in the RHS program. The changes will allow student to go through the Academic pipeline much more efficiently and on to the BSW cohort program. Thank you for your consideration in this matter.

To Whom It May Concern:

This is in support of the Format 5 changes to the HUMS AAS degree requirements submitted by Assistant Professor Diane McEachern.

As the Statewide Coordinator of the BSW Rural Cohort, a streamlined behavioral health academic pipeline is of utmost importance. It is especially necessary for rural students in the academic pipeline, who commit sometimes 11-12 years to accomplish the goal of a bachelor's degree. The revisions that have been submitted ensure a streamlined process from the Rural Human Services certificate, to the HUMS AAS, to the BA in Social Work degree, and possibly cut down the time to graduation by 1 to 1.5 years. This reduction of time is a needed option for students in the academic pipeline, who are all full-time employees in their community and have substantial family obligations.

Some components of the new revision that are in the best interest of the students and the program are:

- Taking out the unnecessary Practice and Practicum requirement in the HUMS degree, removal of HUMS 102, 103 and 233. This requirement would be important as in the stand alone HUMS AAS, however students in the pipeline have already completed an RHS practicum and will look forward to a 400 hour practicum in the BA degree.
- HUMS students will also have all the essential credits for the chemical dependency credential under this new revision by adding the HUMS 205. The HUMS 205 course is also 1 of 2 courses that can count as a SWK elective, so students can come into the BSW cohort having the elective requirements already complete.

I strongly support the revisions submitted as it will take out redundancy in the course requirements and streamline the academic pipeline of the RHS certificate, HUMS AAS and the BA in Social work.

Sincerely,

Retchenda George-Bettisworth, MSW
