JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

The Interdisciplinary Studies General Studies option is a degree completion program for students who have completed at least 100 credits but have not completed the requirements for a UAF major. Students must complete 130 credits and all other baccalaureate requirements. The PRAXIS exam is not integrated into their program and merely presents a final hurdle before graduation. Many of the degree completion students are distance students and the PRAXIS presents a particular hardship for them, as it is administered on campus. Elimination of the exam does not affect any of the curricular degree requirements.
