**JUSTIFICATION FOR ACTION REQUESTED**

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

Students come into the HSEM program with varied backgrounds in Homeland Security (military) and Emergency Management (law enforcement, fire services, etc). This change allows students more options to complete the OE, from the new intro course to the additional subject matter courses.
