JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

This course completes the current minor in Sports Management. Sports is a huge industry and many students who are not athletes are interested in specific management knowledge in this field. Marketing completes that knowledge.
