5. To be STACKED? YES/NO no If yes, Dept: Course #:

How will the two course levels differ from each other? How will each be taught at the appropriate level?:

Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi—undergraduate and graduate versions—will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different (i.e. is there undergraduate and graduate level content being offered); 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has qualms, they both do. Students will be able to meet their reading and writing placement requirements in four credits rather than in six (two 3-credit classes) as this will replace both Preparatory College Writing II (DEVE 104) and Preparatory College Writing III (DEVS 105) in the statewide alignment WRTG sequence.

19. LIBRARY COLLECTIONS

Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

No

Yes

Reading and writing courses were already offered at this level.**20. IMPACTS ON PROGRAMS/DEPTS**

*What programs/departments will be affected by this proposed action?
Include information on the Programs/Departments contacted (e.g., email, memo)*

This is in response to the statewide alignment of Developmental English and English classes. This Trial Course will be offered in the interim until statewide alignment takes place, at which time it will become WRTG 090. The change from DEVE, DEVS and ENGL designators to WRTG was agreed to during this process. All classes in the writing sequence will have the WRTG designator; however, all WRTG classes below 111 will be housed in the Department of Developmental English.

21. POSITIVE AND NEGATIVE IMPACTS

Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

There's not an impact on other courses, programs or departments, but there is a positive impact on students in that studying reading and writing together accelerates their learning process in both.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

The statewide agreement in Fall 2014 to use a combined writing and reading score to place students and the subsequent statewide alignment of classes created the need for this course, which combines elements of DEVE 104, Preparatory College Writing I, and DEVS 105, Academic Reading for College, and compresses the 6 credits ordinarily needed to take these two courses into one 4-credit course. This new course uses the concept of accelerated learning to allow students to move through these important requirements more efficiently. In the statewide alignment process, all universities are going to this 4-credit, integrated reading and writing model.

Course Description

DEVE 194 is a compressed course in writing and reading, which enables students to move through their writing and reading requirements more quickly than if they took either course separately. Building on the sentence and paragraph level work done in DEVE 094 or DEVE 060 and DEVS 052, it includes work on writing and revising essays. The course focuses on complex sentence and paragraph structure, essay revision techniques, and critical reading skills. It emphasizes reading and study skills that increase comprehension of written materials typically encountered in college courses, such as textbooks, websites, research articles, etc. A C or higher in this course replaces both DEVE F104 and DEVS 105 and qualifies students for DEVE 109. On completing this course students may retest on Accuplacer for placement into ENGL 111x. Prerequisites: Appropriate placement test scores, or C or higher in DEVE 094, or DEVE 060 and DEVS 052. (4-0)

Course Goals

At the end of this course students will be able to write and revise short academic essays. They will be able to write complex sentences and paragraphs to develop their essays. They will be able to identify the main idea, topic sentences, details, and writing strategies in short essays, and use those essays as models to help them develop their own. Students will know how to read and think actively, recognize organizational patterns, make inferences, read critically, and organize ideas. They will develop responsibility, self-reflection, curiosity, creativity, and persistence, which aid them in development of academic literacy.

Learning Objectives:	Assessment Tools:
Students will demonstrate that they can:	
write pieces of approximately 3-5 pages in length on one topic; produce a variety of additional writing using different formats and rhetorical strategies	writing samples, essays, peer reviews, journals
use essays as models of writing strategies and basic essay structure	essays, journals
use a variety of modes to draft and revise essays of varying length, increasingly deliberately, effectively, and precisely	writing samples, essays, peer reviews
write for different purposes, contexts, and	essays, peer reviews

audiences	
use prewriting activities to brainstorm and develop ideas, a thesis statement, organization, plan, introduction, and conclusion	essays, peer reviews
use basic revision techniques for content, voice, organization, word choice and grammar	essays, peer reviews
identify the main idea, the topic sentences, and the writing strategies in use (e.g. narration, description, process, etc.) in essays of a variety of length	journals

make accurate inferences	journals
organize, comprehend and remember ideas	journals
use strategies to read across disciplines	journals
recognize the vocabulary needed for college-level courses	journals

Grading Standard and Evaluations:

100-90, A: 89-80, B; 79-70, C; 69-60, D; 59 or less, F

Reflective Assignments	5%
Essays	40%
Peer Reviews	10%
Summary	5%
Journals	40%

Attendance, Tardiness, and Participation:

Attendance is vital to success in the class. Students are expected to be well-prepared and actively involved during every class. This means they will have their textbook and written work with them, along with a notebook and pen or pencil. They are allowed 6 unexcused absences without penalty; each subsequent absence will lower a student's final grade by 1/3 of a letter grade (e.g., B+ becomes B). Late arrivals add up to become absences.

Reflective Assignments

Students will be asked to write two, take-home, reflective essays approximately 1-2 pages in length on their experience as a writer, one at the beginning of the semester and one at the end. Questions will be provided to help students investigate that experience. These are graded pass/fail.

Essays

Students will write four essays this semester. Each essay will explore a different topic and will involve the student in using three or more modes of writing (description, narration, analysis, etc.) to develop the essay. Each essay will involve pre-writing, a rough draft, peer review, and final draft in order to develop the thesis, main ideas, supporting details, and pattern of organization. Students will work on developing content, organization, voice and grammar in their writing.

All essay assignments include a first and final draft. First drafts are graded using a “check” system which affects their grade for the final draft:

- Check-plus: Brings up a student’s grade on final draft (add 5 points)
- Check: Grade on final draft doesn’t change
- Check-minus: Brings down a student’s grade on final draft unless student does a third draft (subtract 5 points)

Second drafts are given a letter grade. If no first draft is turned in, the student loses a whole letter grade for the assignment.

Peer Reviews

In peer reviews students will reflect on their own and each other’s writing. I will provide questions that reflect the requirements for each type of essay so that students can use them to reflect on the criteria of the assignment. Peer reviews require students to show awareness of their choices regarding topic, thesis, topic sentences, paragraphs, introductions and conclusions. Peer reviews demonstrate that students understand and are putting to use the criteria of each essay assignment. Peer reviews are pass/fail.

Summary

Students will write one formal summary of an essay or book chapter assigned by the instructor this semester. This summary will demonstrate that they can identify the author’s purpose, thesis, main ideas, supporting details, patterns of organization. It will receive a letter grade.

Journals

Journal assignments will be given weekly in class. In these assignments, students will practice and demonstrate that they know how to use new vocabulary, paraphrase, summarize, reflect, question, and other forms of written interaction with the readings. Journal assignments will be given out in advance and are due on the day that readings are due. Journal assignments are graded pass/fail.

Academic Honesty and Plagiarism:

Plagiarism is stealing another writer’s work or ideas and passing them off as your own. This occurs when copying the language, phrasing, structure, or specific ideas of others and presenting them as your own. It includes improperly citing sources, purchasing papers, using internet essays, cutting and pasting other people’s writing into your own without citations, and having someone else write your papers. Even paraphrased ideas that belong to others must be cited—always give credit where credit is due. **Plagiarism of any kind, for any work in this class, may result in the failure of this entire course.**

Disabilities:

Disabilities Services, located at the Center for Health and Counseling, provides services for students with documented disabilities to ensure equal access to educational opportunities. Call 474-5655, visit Whitaker room 208, or see me to get more information.

Student Support:

Students are encouraged to visit either the Reading and Writing Skills Lab or the Writing Center for encouragement and support for this class. The Skills Lab is open five days a week in Rasmuson Library Room 407. It is open Mon/Wed 1-5 p.m., Tue/Thu 1-4 p.m., and Fri 1-3 p.m. The Writing Center is open 10-4 and 7-10 Mon through Thur, 10-1 on Fri, and 1-6 p.m. on Sun.
