#### D. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

This should have little to no impact on budget as we are just adding a few courses to minors and adjusting credit hours for them. We are adding new courses, but the courses have already been taught, but without an attachment to a minor.

#### E. DMPACTS ON PROGRAMS/DEPTS:

What programs/departments will be affected by this proposed action? Include information on the Programs/Departments contacted (e.g., email, memo)

The only department that will be affected by this is this Business Administration.

### F. IF MAJOR CHANGE - ASSESSMENT OF THE PROGRAM:

Description of the student learning outcomes assessment process.)

After an assessment of the current minors, we have determine there is a need to update the current offerings in the Business Administration minors.

#### JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

These changes better represent the SOM courses that are available and update the minors to be representative of those courses. Keeping minors updated ensures that students are receiving the best education for their money and they are taking current and up-to-date courses while doing so.
