UAF REGULATIONS FOR THE EVALUATION OF FACULTY: INITIAL APPOINTMENT, PERIODIC REVIEW, RE-APPOINTMENT, PROMOTION, AND TENURE AND SCHOOL OF MANAGEMENT UNIT CRITERIA STANDARDS AND INDICES

THE FOLLOWING IS AN ADAPTATION OF UAF AND REGENTS CRITERIA FOR PROMOTION AND TENURE, SPECIFICALLY DEVELOPED FOR USE IN EVALUATING THE FACULTY IN THE SCHOOL OF MANAGEMENT. ITEMS IN BOLDFACE ITALICS ARE THOSE SPECIFICALLY ADDED OR EMPHASIZED BECAUSE OF THEIR RELEVANCE TO THE SCHOOL'S FACULTY, AND BECAUSE THEY ARE ADDITIONS TO AND CLARIFICATION OF UAF REGULATIONS. THESE UNIT CRITERIA ARE FOR USE IN THE ANNUAL EVALUATION OF FACULTY AS WELL.

CHAPTER I. PURVIEW

The University of Alaska Fairbanks document, "Faculty Appointment and Evaluation Policies," supplements the Board of Regents (BOR) policies and describes the purpose, conditions, eligibility, and other specifications relating to the evaluation of faculty at the University of Alaska Fairbanks (UAF). Contained herein are regulations and procedures to guide the evaluation processes and to identify the bodies of review appropriate for the university.

The university, through the UAF Faculty Senate, may change or amend these regulations and procedures from time to time and will provide adequate notice in making changes and amendments.

These regulations shall apply to all of the units within the University of Alaska Fairbanks, except in so far as extant collective bargaining agreements apply otherwise.

The provost is responsible for coordination and implementation of matters relating to procedures stated herein.

CHAPTER II. INITIAL APPOINTMENT OF FACULTY

A. Criteria for Initial Appointment

Minimum degree, experience and performance requirements are set forth in "UAF Faculty Appointment and Evaluation Policies," Chapter IV. Exceptions to these requirements for initial placement in academic rank or special academic rank positions shall be submitted to the chancellor or chancellor's designee for approval prior to a final selection decision.

B. Academic Titles

Academic titles must reflect the discipline in which the faculty are appointed.

C. Process for Appointment of Faculty with Academic Rank

Deans of schools and colleges, and directors when appropriate, in conjunction with the faculty in a unit, shall observe procedures for advertisement, review, and selection of candidates to fill any vacant faculty position. These procedures are set by UAF Human Resources and the Campus Diversity and Compliance (AA/EEO) office and shall provide for participation in hiring by faculty and administrators as a unit.

D. Process for Appointment of Faculty with Special Academic Rank

Deans and/or directors, in conjunction with the faculty in a unit, shall establish procedures for advertisement, review, and selection of candidates to fill any faculty positions as they become available. Such procedures shall be consistent with the university's stated AA/EEO policies and shall provide for participation in hiring by faculty and administrators in the unit.

E. Following the Selection Process

The dean or director shall appoint the new faculty member and advise him/her of the conditions, benefits, and obligations of the position. If the appointment is to be at the professor level, the dean/director must first obtain the concurrence of the chancellor or chancellor's designee.

Each individual faculty member's proportionate responsibility in service shall be reflected in annual workload agreements. In formulating criteria, standards and indices for evaluation, promotion, and tenure, individual units should include examples of service activities and measures for evaluation appropriate for that unit. Excellence in public and university service may be demonstrated through, e.g., appropriate letters of commendation, recommendation, and/or appreciation, certificates and awards and other public means of recognition for services rendered.

MOTION:

The UAF Faculty Senate moves to reaffirm the Unit Criteria for the Graduate Program in Marine Science and Limnology.

EFFECTIVE: Fall 2014

Upon Chancellor Approval

RATIONALE: The Unit Criteria Committee reviewed the unit criteria which were submitted by the Graduate Program in Marine Science and Limnology. Minor revisions were agreed upon by the program representatives and the Unit Criteria Committee, and the unit criteria were found to be consistent with UAF guidelines.

UAF REGULATIONS FOR THE EVALUATION OF FACULTY: INITIAL APPOINTMENT, ANNUAL REVIEW, REAPPOINTMENT, PROMOTION, TENURE, AND SABBATICAL LEAVE AND

GRADUATE PROGRAM IN MARINE SCIENCE AND LIMNOLOGY,
INSTITUTE OF MARINE SCIENCE,
GLOBAL UNDERSEA RESEARCH UNIT
STANDARDS AND INDICES

THE FOLLOWING IS AN ADAPTATION OF UAF AND BOARD OF REGENTS (BOR) CRITERIA FOR PROMOTION AND TENURE, SPECIFICALLY DEVELOPED FOR USE IN EVALUATING FACULTY WHO TEACH PRIMARILY IN THE GRADUATE PROGRAM IN MARINE SCIENCE AND LIMNOLOGY (GPMSL), AND ARE APPOINTED WITHIN THE SCHOOL OF FISHERIES AND OCEAN SCIENCES (SFOS) TO THE INSTITUTE OF MARINE SCIENCE (IMS) UNIT. ITEMS IN BOLDFACE ARE THOSE SPECIFICALLY ADDED OR EMPHASIZED BECAUSE OF THEIR RELEVANCE TO GPMSL FACULTY, AND BECAUSE THEY ARE ADDITIONS AND CLARIFICATIONS TO UAF REGULATIONS. THESE UNIT CRITERIA ARE FOR USE IN THE ANNUAL EVALUATION OF FACULTY AS WELL.

CHAPTER I

Purview

The University of Alaska Fairbanks document, "Faculty Appointment and Evaluation Policies," supplements the Board of Regents policies and describes the purpose, conditions, eligibility, and other specifications relating to the evaluation of faculty at the University of Alaska Fairbanks (UAF). Contained herein are regulations and procedures to guide the evaluation processes and to identify the

bodies of review appropriate for the university.

The University, through the UAF Faculty Senate, may change or amend these regulations and procedures from time to time and will provide adequate notice in making changes and amendments.

These regulations shall apply to all of the units within the University of Alaska Fairbanks, except in so far as extant collective bargaining agreements apply otherwise.

The Provost is responsible for coordination and implementation of matters relating to procedures stated herein.

CHAPTER II

Initial Appointment of Faculty

A. Criteria for Initial Appointment

Minimum degree, experience, and performance requirements are set forth in "UAF Faculty Policies," Chapter IV. Exceptions to these requirements for initial placement in academic rank or special academic rank positions shall be submitted to the Chancellor or Chancellor's designee for approval prior to a final selection decision.

B. Academic Titles

Academic titles must reflect the discipline in which the faculty are appointed.

C. Process for Appointment of Faculty with Academic Rank

Deans or schools and colleges, and directors when appropriate, in conjunction with the faculty in a unit shall establish procedures for advertisement, review and selection of candidates to fill any vacant faculty position. These procedures are set by UAF Human Resources and the Campus Diversity and Compliance (AA/EEO) office and shall provide for participation in hiring by faculty and administrators as a unit.

D. Process for Appointment of Faculty with Special Academic Rank

Deans and/or directors, in conjunction with the faculty in a unit, shall establish procedures for advertisement, review, and selection of candidates to fill any faculty positions as they become available. Such procedures shall be consistent with the university's stated AA/EEO policies and shall provide for participation in hiring by faculty and administrators in the unit.

E. Following the Selection Process

The dean or director shall appoint the new faculty member and advise him/her of the conditions, benefits, and obligations of the position. If the appointment is to be at the professor level, the dean/director must first obtain the concurrence of the chancellor or chancellor's designee.

F. Letter of Appointment

The initial letter of appointment shall specify the nature of the assignment, the percentage emphasis that is to be placed on each of the parts of the faculty responsibility, mandatory year of tenure review, and any special conditions relating to the appointment.

This letter of appointment establishes the nature of the position and, while the percentage of emphasis for each part may vary with each workload distribution as specified in the annual workload agreement document, the part(s) defining the position may not.

CHAPTER III

Periodic Evaluation of Faculty

A. General Criteria

Criteria outlined in "UAF Faculty Appointment and Evaluation Policies," Chapter IV, *AND GPMSL UNIT CRITERIA*, *STANDARDS AND INDICES*, evaluators may consider, but shall not be limited to, whichever of the following are appropriate to the faculty member's professional obligation: mastery of subject matter; effectiveness in teaching; achievement in research, scholarly, and creative activity; effectiveness of public service; effectiveness of university service; demonstration of professional development and quality of total contribution to the university.

For purposes of evaluation at UAF, the total contribution to the university and activity in the areas outlined above will be defined by relevant activity and demonstrated competence from the following areas: 1) effectiveness in teaching; 2) achievement in scholarly activity; and 3) effectiveness of service.

Bipartite Faculty

Bipartite faculty are regular academic rank faculty who fill positions that are designated as performing two of the three parts of the university's tripartite responsibility.

The dean or director of the relevant college/school shall determine which of the criteria defined above apply to these faculty.

Bipartite faculty may voluntarily engage in a tripartite function, but they will not be required to do so as a condition for evaluation, promotion, or tenure.

B. Criteria for Instruction

A central function of the university is instruction of students in formal courses and supervised study. Teaching includes those activities directly related to the formal and informal transmission of appropriate skills and knowledge to students. The nature of instruction will vary for each faculty member, depending upon workload distribution and the particular teaching mission of the unit. Instruction includes actual contact in classroom, correspondence or electronic delivery methods, laboratory or field and preparatory activities, such as preparing for lectures, setting up demonstrations, and preparing for laboratory

experiments, as well as individual/independent study, tutorial sessions, evaluations, correcting papers, and determining grades. Other aspects of teaching and instruction extend to undergraduate and graduate academic advising and counseling, training graduate students and serving on their graduate committees particularly as their major advisor, curriculum development, and academic recruiting and retention activities.

TEACHING IS AN IMPORTANT MISSION OF ALL SFOS TENURE-TRACK FACULTY; TEACHING IN SFOS IS NORMALLY CONDUCTED THROUGH EITHER THE GRADUATE PROGRAM IN MARINE SCIENCE AND LIMNOLOGY (GPMSL), THE UNDERGRADUATE MINOR IN MARINE SCIENCE, OR THE FISHERIES PROGRAM. THE MAJOR TEACHING ACTIVITIES OF MOST GPMSL FACULTY ARE CLASSROOM/LABORATORY/FIELD INSTRUCTION AT THE GRADUATE AND UNDERGRADUATE LEVEL. IT ALSO INCLUDES ADVISING GRADUATE STUDENTS ON THEIR THESIS AND DISSERTATION RESEARCH. GRADUATE CLASSROOM INSTRUCTION OFTEN REQUIRES EFFORT DISPROPORTIONATE TO THE NUMBER OF STUDENTS SERVED. THE NORMAL EXPECTATION FOR FULL-TIME (9 MONTH) TENURE-TRACK FACULTY IS 6 CREDITS PER YEAR. FACULTY CAN REDUCE CLASSROOM TEACHING TO A MINIMUM OF 3 CREDITS PER YEAR WITH EXTERNAL FUNDING BUY-OUT. FOR FACULTY WITH DIFFERENT WORKLOADS, THE EXPECTATION FOR FORMAL TEACHING IS TO BE ADJUSTED PROPORTIONATELY IN ACCORDANCE WITH ANNUAL WORK LOAD STATEMENTS.

1. Effectiveness in Teaching

Evidence of excellence in teaching may be demonstrated through, but not limited to, evidence of the various characteristics that define effective teachers. Effective teachers

- a. are highly organized, plan carefully, use class time efficiently, have clear objectives, have high expectations for students;
- b. express positive regard for students, develop good rapport with students, show interest/enthusiasm for the subject;
- c. emphasize and encourage student participation, ask questions, frequently monitor student participation for student learning and teacher effectiveness, are sensitive to student and clientele diversity;
- d. emphasize regular feedback to students and reward student learning success;
- e. demonstrate content mastery, discuss current information and divergent points of view, relate topics to other disciplines, deliver material at the appropriate level;
- f. regularly develop new courses, workshops and seminars and use a variety of methods of instructional delivery and instructional design;
- g. may receive prizes and awards for excellence in teaching.

2. Components of Evaluation

Effectiveness in teaching will be evaluated through information on formal and informal teaching, course and curriculum material, recruiting and advising, training/guiding graduate students, etc., provided by:

- a. systematic student ratings i.e. student opinion of instruction summary forms, **and** at least two of the following:
- b. narrative self-evaluation,
- c. peer/department chair classroom observation(s),

d. peer/department chair evaluation of course materials.

PERFORMANCE AS MAJOR ADVISOR IS EVALUATED BASED ON DEGREES COMPLETED UNDER THE FACULTY MEMBER'S SUPERVISION, SINCE EACH REPRESENTS A MAJOR INVESTMENT OF FACULTY TIME.

HOWEVER, IT IS RECOGNIZED THAT DEMAND FOR GRADUATE DEGREES IS NOT UNIFORM ACROSS DISCIPLINES, AND LIMITED AVAILABILITY OF STUDENTS MAY LIMIT A FACULTY MEMBER'S ACTIVITY IN GRADUATE ADVISING.

PROMOTION TO ASSOCIATE PROFESSOR REQUIRES THAT AT LEAST ONE M.S.
GRADUATE DEGREE HAS BEEN COMPLETED, OR ONE Ph.D. STUDENT HAS MADE
SUBSTANTIAL PROGRESS TOWARDS COMPLETION UNDER THE FACULTY MEMBER'S
SUPERVISION AS MAJOR ADVISOR IF THE FACULTY MEMBER'S WORKLOAD
INCLUDES TEACHING. PROMOTION TO PROFESSOR REQUIRES THAT AT LEAST TWO
GRADUATE DEGREES (M.S. OR PH.D.) HAVE BEEN COMPLETED UNDER THE FACULTY
MEMBER'S SUPERVISION AS MAJOR ADVISOR IF THE FACULTY MEMBER'S
WORKLOAD INCLUDES TEACHING. ADDITIONAL EVIDENCE OF PERFORMANCE
QUALITY INCLUDES PUBLICATION OF PEER- REVIEWED JOURNAL ARTICLES OR
BOOK CHAPTERS BASED ON THE ADVISED STUDENT'S THESIS OR DISSERTATION
RESEARCH; STUDENT PRESENTATIONS AT NATIONAL AND INTERNATIONAL
MEETINGS; AWARDS TO STUDENTS; AND STUDENT SUCCESS IN INITIAL
EMPLOYMENT AFTER GRADUATION.

C. Criteria for Research, Scholarly, and Creative Activity

Inquiry and originality are central functions of a land grant/sea grant/ space grant university and all faculty with a research component in their assignment must remain active as scholars. Consequently, faculty are expected to conduct research or engage in other scholarly or creative pursuits that are appropriate the mission of their unit, and equally important, results of their work must be disseminated through media appropriate to their discipline. Furthermore, it is important to emphasize the distinction between routine production and creative excellence as evaluated by an individual's peers at the University of Alaska and elsewhere.

1. Achievement in Research, Scholarly, and Creative Activity

Whatever the contribution, research, scholarly or creative activities must have one or more of the following characteristics:

- a. They must occur in a public forum.
- b. They must be evaluated by appropriate peers.
- c. They must be evaluated by peers external to this institution so as to allow an objective judgment.
- d. They must be judged to make a contribution.

2. Components of Research, Scholarly and Creative Activity

Evidence of excellence in research, scholarly, and creative activity may be demonstrated through, but

not limited to:

a. Books, reviews, monographs, bulletins, articles, proceedings and other scholarly works published by reputable journals, scholarly presses, and publishing houses that accept works only after rigorous review and approval by peers in the discipline.

THE PRIMARY EVIDENCE OF HIGH RESEARCH QUALITY IS PUBLICATION OF RESEARCH RESULTS AND INTERPRETATIONS IN RESPECTED, NATIONAL OR INTERNATIONAL, PEER-REVIEWED JOURNALS OR PEER-REVIEWED BOOKS OR BOOK CHAPTERS. IN EVALUATING SUCH PUBLICATIONS, QUALITY, AS JUDGED BY GPMSL/SFOS FACULTY PEERS, IS MORE IMPORTANT THAN QUANTITY.

SECONDARY EVIDENCE OF RESEARCH SUBSTANCE AND QUALITY CAN INCLUDE PUBLICATIONS THAT ARE NOT PEER-REVIEWED, SUCH AS FINAL CONTRACT REPORTS, DATA REPORTS, AND WEBSITES.

b. Competitive grants and contracts to finance the development of ideas, these grants and contracts being subject to rigorous peer review and approval.

SECONDARY EVIDENCE OF RESEARCH SUBSTANCE AND QUALITY CAN INCLUDE EXTERNAL FUNDING FROM SOURCES KNOWN FOR RIGOROUS PEER OR ORGANIZATIONAL REVIEW OF PROPOSALS.

IN ADDITION TO OBTAINING EXTERNAL FUNDING, SUPPORT AND TRAINING OF RESEARCH PERSONNELS, SUCH AS POST-DOCTORAL SCHOLARS AND TECHNICIANS THROUGH EXTERNAL GRANTS IS HIGHLY VALUED.

- c. Presentation of research papers before learned societies that accept papers only after rigorous review and approval by peers.
- d. Exhibitions of art works at galleries, selection for these exhibitions being based on rigorous review and approval by peers, juries, recognized artists, or critics.
- e. Performance in recitals or productions; selection for these performances being based on stringent auditions and approval by appropriate judges.
- f. Scholarly reviews of publications, art works and performance of the candidate.
- g. Citations of research in scholarly publications.
- h. Published abstracts of research papers.
- i. Reprints or quotations of publications, reproductions of art works, and descriptions of interpretations in the performing arts, these materials appearing in reputable works of the discipline.
- j. Prizes and awards for excellence of scholarship.
- k. Awards of special fellowships for research or artistic activities or selection of tours of duty at special institutes for advanced study.

- l. Development of processes or instruments useful in solving problems, such as computer programs and systems for the processing of data, genetic plant and animal material, and where appropriate obtaining patents and/or copyrights for said development.
- m. Editing or refereeing articles or proposals for professional journals or organizations.

FACULTY APPLYING FOR PROMOTION OR TENURE MUST PRESENT EVIDENCE OF HIGH-QUALITY CONTRIBUTIONS IN RESEARCH. FOR A FULL-TIME (9-MONTH) WORKLOAD, THE MINIMUM EXPECTATION FOR AWARD OF TENURE AND PROMOTION TO ASSOCIATE PROFESSOR IS A SUSTAINED PUBLICATION RECORD AVERAGING ONE PER YEAR, WITH A MINIMUM OF SIX. THE MINIMUM EXPECTATION OF PEER-REVIEWED PUBLICATIONS FOR PROMOTION TO PROFESSOR IS A SUSTAINED PUBLICATION RECORD AVERAGING ONE PER YEAR, WITH A MINIMUM OF TWELVE. TYPICALLY, AT LEAST HALF OF THE PUBLICATIONS AT EACH PROMOTION LEVEL WILL BE FIRST-AUTHORED BY THE CANDIDATE OR BY A GRADUATE STUDENT, UNDERGRADUATE STUDENT, POST-DOCTORAL SCHOLAR, OR TECHNICIAN UNDER THE CANDIDATE'S DIRECT SUPERVISION. IT IS THE CANDIDATE'S TOTAL PUBLICATION RECORD, REGARDLESS OF AFFILIATION, THAT IS CONSIDERED IN DETERMINING THESE COUNTS.

D. Criteria for Public and University Service

Public service is intrinsic to the land grant/sea grant/space grant tradition, and is fundamental part of the university's obligation to the people of its state. In this tradition, faculty providing their professional expertise for the benefit of the university's external constituency, free of charge, is identified as "public service." The tradition of the university itself provides that its faculty assume a collegial obligation for the internal functioning of the institution; such service is identified as "university service."

TO BE CONSIDERED IN PERFORMANCE EVALUATIONS, PUBLIC SERVICE ACTIVITIES MUST BE RELATED TO THE FACULTY MEMBER'S UNIVERSITY POSITION. SOME GPMSL FACULTY HAVE PART-TIME ADMINISTRATIVE POSITIONS THAT PROVIDE SERVICE TO A NATIONAL SCIENTIFIC COMMUNITY AND SIGNIFICANTLY INCREASE THE SERVICE PORTION OF THEIR WORKLOAD. THE PROPORTION OF WORKLOAD ASSIGNED TO FORMAL ADMINISTRATIVE DUTIES AND TO UNIVERSITY, PROFESSIONAL AND PUBLIC SERVICE IS OUTLINED IN THE ANNUAL WORKLOAD STATEMENT.

1. Public Service

Public service is the application of teaching, research, and other scholarly and creative activity to constituencies outside the University of Alaska Fairbanks. It includes all activities that extend the faculty member's professional, academic, or leadership

competence to these constituencies. It can be instructional, collaborative, or consultative in nature and is related to the faculty member's discipline or other publicly recognized expertise. Public service may be systematic activity that involves planning with clientele and delivery of information on a continuing, programmatic basis. It may also be informal, individual, professional contributions to the community or to one's discipline,

or other activities in furtherance the goals and mission of the university and its units.

Such service may occur on a periodic or limited-term basis. Examples include, but are not limited to:

- a. Providing information services to adults or youth.
- b. Service on or to government or public committees.
- c. Service on accrediting bodies.
- d. Active participation in professional organizations.
- e. Active participation in discipline-oriented service organizations.

f. VOLUNTARY consulting IN THE FACULTY MEMBER'S AREA OF EXPERTISE CONSISTENT WITH THE OBLIGATION FOR PUBLIC SERVICE.

- g. Prizes and awards for excellence in public service.
- h. Leadership of or presentations at workshops, conferences, or public meetings.
- i. Training and facilitating.
- j. Radio and TV programs, newspaper or trade journal articles and columns, publications, newsletters, films, computer applications, teleconferences and other educational media.
- k. Judging and similar educational assistance at science fairs, state fairs, and speech, drama, literary, and similar competitions.

2. University Service

University service includes those activities involving faculty members in the governance, administration, and other internal affairs of the university, its colleges, schools, and institutes. It includes non-instructional work with students and their organizations. Examples of such activity include, but are not limited to:

- a. Service on university, college, school, institute, departmental committees or governing bodies.
- b. Consultative work in support of university functions, such as expert assistance for specific projects.
- c. Service as department chair, or term-limited and part-time assignment as assistant/associate dean in a college, school, *OR PROGRAM*.
- d. Participation in accreditation reviews.
- e. Service on collective bargaining unit committees or elected office.
- f. Service in support of student organizations and activities.
- g. Academic support services such as library and museum programs.

- h. Assisting other faculty or units with curriculum planning and delivery of instruction, such as serving as guest lecturer.
- i. Mentoring JUNIOR FACULTY
- j. Prizes and awards for excellence in university service.

3. Professional Service

- a. Editing or refereeing articles or proposals for professional journals or organizations.
- b. Active participation in professional organizations.
- c. Active participation in discipline-oriented service organizations.
- d. Committee chair or officer of professional organizations.
- e. Organizer, session organizer, or moderator for professional meetings.
- f. Service on a national or international review panel or committee.

4. Evaluation of Service

Each individual faculty member's proportionate responsibility in service shall be reflected in annual workload agreements. In formulating criteria, standards and indices for evaluation, promotion, and tenure, individual units should include examples of service activities and measures for evaluation for that unit. Excellence in public and university service may be demonstrated through, e.g., appropriate letters of commendation, recommendation, and/or appreciation, certificates and awards, and other public means of recognition for services rendered.

FOR GPMSL FACULTY, EVIDENCE OF HIGH-QUALITY PERFORMANCE MAY INCLUDE (1) EVALUATION LETTERS FROM PEERS, ADMINISTRATORS, OR OTHERS WITH DIRECT KNOWLEDGE, (2) SPECIFIC ACCOMPLISHMENTS AS REPORTED IN THE SELF-EVALUATION AND/OR ACTIVITY REPORTS, AND (3) EVIDENCE OF REPEATED REQUESTS FOR THE FACULTY MEMBER TO PERFORM NEW OR EXPANDED SERVICE ACTIVITIES. SUCH REQUESTS ARE STRONG EVIDENCE FOR QUALITY PERFORMANCE.

FACULTY APPLYING FOR PROMOTION OR TENURE MUST PRESENT EVIDENCE OF QUALITY SERVICE CONTRIBUTIONS. FOR PROMOTION TO ASSOCIATE PROFESSOR AND TENURE, SERVICE IN AT LEAST TWO OF THE THREE CLASSES OF SERVICE (PUBLIC, UNIVERSITY, PROFESSIONAL) IS NORMALLY EXPECTED. FOR PROMOTION TO PROFESSOR, FACULTY SHOULD DEMONSTRATE AN EXPANDED SERVICE CONTRIBUTION, NORMALLY INCLUDING SERVICE AT THE NATIONAL OR INTERNATIONAL LEVEL.

MOTION:

The UAF Faculty Senate moves to amend the UAF Regulation for Emeritus Status as follows:

EFFECTIVE: Immediately

RATIONALE: These changes provide clearer instructions for routing nominations in order to facilitate their handling and delivery to the review committee.

CAPS = Additions [] = Deletions

A. A full-time faculty member who has already attained the rank of full professor and who has retired after a minimum of ten years at the University of Alaska immediately prior to retirement may be honored through appointment as professor emeritus. Nominations for conferring emeritus status originate with the appropriate dean in consultation with the faculty, or with the faculty. If the nomination originates with the faculty, it shall be the appropriate peer review committee. Recommendations [[are]] **WILL BE** forwarded to the campus promotion committee **BY THE PROVOST'S OFFICE** to be evaluated on the basis of the criteria for promotion to the rank of full professor with the added caveat that the position of professor emeritus is the highest honor that is bestowed upon a retiring faculty member. The committee's recommendations will be made to the Provost who will then forward his/her recommendations to the Chancellor whose decision is final and non-reviewable.

MOTION:

The UAF Faculty Senate moves to amend the academic policy regarding undergraduate probation.

EFFECTIVE: Fall 2014

RATIONALE: While an academic plan is an important tool for students on probation, the current policy is neither being followed nor enforced. The dean and advisor may still impose additional conditions on probation students, including the preparation of an academic plan, but the requirement that one be filed before a student is allowed to register is confusing and difficult to enforce. A comprehensive review of probation policies is currently underway.

Current *UAF Catalog* language from the online version, page 51:

PROBATION

Undergraduate students -- Students whose semester and/or cumulative GPA falls below 2.0 after each fall and spring semester will be put on academic probation. Students on probation may not enroll in more than 13 credits a semester, unless an exception is granted by the appropriate dean. Probation may include additional conditions, as determined by the dean of the college or school in which the student's major is located. Students on probation will be referred for developmental advising/education and/or to an advising or support counseling center. The student will work with an academic advisor to prepare an academic plan for achieving a higher GPA; the advisor is responsible for forwarding this plan to the appropriate dean. A student on probation will not be allowed to register unless the academic plan is on file. Removal from probation requires the student's cumulative and semester GPAs to be at least 2.0.

MOTION:

The UAF Faculty Senate moves to allow the UA Regulation definition of general education requirements (R10.04.040) to be applied when determining which transfer courses may be used to meet UAF's Perspectives on the Human Condition (PHC) core requirements.

Effective: Fall 2014

Rationale: Students transferring to UAF who do not have an AA, AS, or a bachelor's degree from a regionally accredited institution outside the University of Alaska system do not receive core waivers and their transfer courses are evaluated on a course-by-course basis using the Non-UA Table of Substitutions (page 37 of the 2013-2014 UAF catalog). This results in many transfer students receiving very little UAF PHC credit for transfer courses they have taken to meet general education requirements.. These courses transfer as elective credit. This motion seeks to make it possible for transfer students, who have taken general education classes in good faith at other institutions, to receive a more liberal review of these transfer courses and receive more credits which will meet UAF PHC requirements, based on the BOR definition of general education requirements. We further note (a) these proposed transfer regulations are fully in line with the proposed changes in UAF's General Education requirements, (b) the changes in UAF's General Education requirements will not take place until (at earliest) school year 2015-2016, (c) based on numbers of transfer students with typical transfer courses (approximately 1327 students per academic year) at least 500 students would benefit from this proposed change, and (d) the Registrar, the Provost, and the Dean of General Studies strongly support this proposal.

Proposed Revision to Perspectives on the Human Condition section of the Non-UA Table of Substitutions:

Perspectives on the Human Condition	Transfer Courses
HIST F100XModern World History	introductory courses in different social sciences
ECON/PS F100XPolitical Economy	
ANTH/SOC F100X—Individual, Society and Culture	
ENGL/FL F200XWorld Literatures	an introductory course in the humanities
ART/MUS/THR F200X, HUMS F201X, ANS F202XAesthetic Appreciation	an introductory course in the arts which does not stress skills acquisition
BA F323X, COMM F300X, JUST F300X, NRM F303X, PHIL F322X, PS F300XEthics (Values and Choices)	an upper-division course in ethics, or, with approval of the philosophy department, a lower-division course in ethics

1. Approve Minutes of last meeting

Minutes for 13 January 2014 were approved as submitted.

2. GERC update via Jonathan Rosenberg + Cindy Hardy

Cindy Hardy provided an update for the GERC. They have reviewed input from CRCD, Geology and Geophysics, CAC, and others. David Valentine, FS President and former member of the committee, met with them to talk about changes to GERs in the University regulations. David has been involved in discussions with Faculty Alliance and the General Education Learning Outcomes Committee (GELO).

Feedback can still be submitted to Jonathan and/or Cindy. CNSM will be responding as a unit; and Doug G. mentioned that CEM will be discussing proposed changes very soon. Doug will see if the topic of GERs (existing and proposed changes) can be added to the agenda for Dean's Council.

Cindy mentioned the interest in this topic of the faculty involved with the AAS and Certificate degrees.

3. OLD BUSINESS

The motion was discussed after approval of the Minor in Leadership. We attempted to find the best wording. It was agreed that data needs to be added to support the motion. Discussion will continue.

Motion to Revise Non-UA Transfer of Courses

Motion:

To allow the UA Board of Regents' definition of general education requirements (R10.04.040) to be applied when determining which transfer courses may be used to meet UAF's Perspectives on the Human Condition (PHC) core requirements.

4. New Business: Proposed Minor in Leadership

CAC approved the new minor with some edits: Change "Liberal Arts" to "Communication"; and, put in actual course titles in the "track" for "Outdoor Leadership."

The meeting was quietly adjourned in the hush of minds' wheels gaining traction over the grit of weighty topics. Possibly the calm before the storm.

Curricular Affairs Committee

13 January 2014 **MINUTES** 10 am – noon, CCR

Present: Rainer Newberry; Cindy Hardy; Margaret Short; Dennis Moser; Todd Radenbaugh (audio); Alex Fitts; Libby Eddy; Caty Oehring, Holly Sherouse, Casey Byrne, Linda Hapsmith

The meeting consisted of a discussion of various aspects of the proposed General Education Requirements, as set forth by GERC. Our objective was to create a document summarizing the committee's reactions to the proposal. After 98 minutes of discussion, the Chairperson was delegated to write up the various thoughts and send them out for revisions. The statement below is the final version sent to GERC.

A Statement to the General Education Revitalization Committee, a sub-committee of the Faculty Senate's Curricular Affairs Committee, from the Curricular Affairs Committee

The original impetus behind modifying UAF's core requirements was to make the core as a whole easier to assess for UAF's accreditation efforts as well as to modernize courses as needed. We very much appreciate the time and effort you have put into developing a proposed new GER. We agree entirely with your efforts to offer more options to the 'perspectives on human conditions' section of the current core. However, we believe that the system you propose will be more complicated—not easier—to assess and contains inherent flaws that need more than minor modifications. We unanimously feel that the proposed GER needs considerable modification before it should be brought to the Faculty Senate. We sincerely regret taking this stand, but feel that doing so is in the best interests of our students and faculty. We give three major recommendations below.

- 1. We do not like the proposed attribute system. (One member's comment: 'makes my head swim'.) We feel it is complicated, cumbersome, difficult to implement, and will require numerous faculty committees to approve and oversee courses. We urge you to find a simpler and less faculty-intensive means to accomplish your goals. One possibility is (e.g., G&G dept. comments) a defined short list of courses that meet the social science, humanities, and arts requirements and also possess characteristics (e.g., diversity) considered desirable.
- 2. As you know, the proposed GER for social science, humanities, and arts courses will require significant modification of the BOR General Education regulations before they can be implemented. We would be happy to forward proposals for such changes to the Faculty Senate but wish to first see some evidence that such changes are necessary. In particular:
- (a) do the social science faculty as a group (or at a minimum, the heads of social science departments) feel it is in our students' best interests to allow them to satisfy the social science requirement by taking <u>any</u> two social science courses, <u>at any levels</u>, in <u>any fields</u>? Do they feel that the current restriction to 'broad overview' and to 'two different fields' does our students a disservice?
- (b) do the humanities faculty as a group (or at a minimum, the heads of humanities departments) feel that easing the BOR requirements for 'introductory level' humanities courses is necessary or desirable?
- (c) do the Arts Faculty (heads of departments) feel that requiring 'theory and practice' (e.g., eliminating art or music or theater or film appreciation or history courses) is a necessary change? Is it the intention of the GERC proposal to do this? If not, the GERC proposal needs clarification and modification.
- 3. We feel that the single greatest deficiency that afflicts our baccalaureate students concerns their written communication abilities. The proposed GER does nothing to address such needs (e.g., additional or different courses to satisfy the "two written communication courses" requirement). Further, the proposed 'C' attribute dilutes and weakens the current 'W' requirement by allowing a variety of non-writing activities to substitute for writing. We feel that writing skills need to be more, not less, emphasized. We urge you to consult with ALL UAF faculty that teach W and that teach O courses for suggestions about modifying the current 'O' and 'W' requirements.

Permanent Meeting Time for Spring this time works well for most; next month on Feb. 3rd is the face-to-face Faculty Senate meeting face to face on Monday the 3rd from 11:30-12:30 works for all but not Debu; kept it on Feb. 4th from 11:30-12:30; Feb. 4th, 18th, March 4th, 25th, April 8th, 22nd, May 6th
- II. School of Management: Reaffirmation of Existing Unit Criteria; See attachments: Guest from the School of Management: Dr. Michael Davis
 - SOM Criteria
 - Minutes of 11/19/13 meeting detailing the committee's concerns

Effectiveness in Teaching-pg. 6: H--how would they document this section Documenting teaching effectiveness; this has been out there for 5 or 6 years and no one has said anything, so this took them by surprise; account by narrative section on annual activities report, the first three criteria are demonstrated by looking at the IAS (questions 5, 12, and 13 get at those issues), F and G in criteria is obvious because faculty point out; Question – are there letters that come from other instructors? When they come up to evaluation they need to put two of three options – faculty critique of teaching (peer review), self-evaluation, student eval (IAS); Q – in the past, has anyone used the criteria H (DISSEMINATE NEW IDEAS TO THE STUDENTS RESULTING FROM RESEARCH AND OTHER MANAGEMENT ACTIVITIES, SUCH AS CONSULTING AND SERVICE ON REVIEW PANELS); - only if they put in narrative self-evaluation; the department feels it has been working in the past and therefore they kept it the same

I-- mentor instead of mentoring-pg. 7 – ok with change to mentor

C. Criteria for Research, Scholarly, and creative Activity
SPECIFIC SOM CRITERIA FOR REAEARCH PERFOMANCE: pg. 9
clearly describe the two tracks; formatting of paragraphs
Different from other schools because research is not as high – basically on published articles; the two tracks – 6 journal articles in referred journal, versus using journals and other activities such as research presentations and proceedings; that has been used for years as well – only concern is date published versus date accepted and faculty member decides that (really only different

options to measure that performance); Q – in other departments it is not about numbers but quality, so within your school is it the same as in other schools how they evaluate? There are schools that rank journals, but it really depends on the research nature of the college; here they are looking at research performance – making sure you are active and keeping current in the field, because teaching load is higher than in other research focused schools

B. Professor: look at language on line 5 "and" should it be "or" – ok with change to or Now make changes in underline versus all caps; only changes implemented are the two grammatical changes

Debu motioned to move the criteria forward and have Chris C. review as chair and make sure the changes are implemented and she will move them forward to the Senate; Javier seconded; All approved on vote

- III. Continued Discussion of Committee Bylaws See attachments:
 - Proposed Bylaws.
 - "Quorum" from *Robert's Rules* simple majority is what it states, but need to be present to vote (either face to face or by distance); if not a quorum, then should not proceed with an official meeting (anything transacted without a quorum is null and void); if unable to attend a meeting, then email Chris so she can determine if a quorum will be held (she will monitor for quorum) if no quorum then the meeting will be cancelled; Discussion regarding if people are absent can they vote at last meeting the group decided that no electronic voting after the fact; felt that the discussion was important and the vote should be taken during the meeting after discussion (no electronic voting); majority of the full membership (8) needs to be upheld to pass a vote

12:10pm – Christine moved to adjourn and Debu seconded

Core Review Committee

Minutes from December 6, 2013 Meeting

Voting members:

Miho Aoki (Chair), Jennifer Schell, Jean Richey, Walter Skya, Xiangdong Zhang Phone Andy Seitz, Tyson Rinio

Nonvoting members:

Stacey Howdeshell, Caty Oehring

1. Meeting minutes from November 22nd meeting
The committee approved the meeting minutes from November 22nd.

2. GERC update

Miho proposed inviting the chair of GERC in the spring semester to increase communication between this committee and GERC about core/general education assessment. Jean will bring this to GERC.

3. Core Course Petitions

The committee reviewed seven core course petitions. There would be more petitions from graduating students before the end of the semester. The committee will review and vote over email if any petitions have to be processed in this semester.

- 4. Revising the Faculty Senate Bylaws on the committee Miho brought draft version of revised committee bylaws. The most of the changes are in the membership and voting policy area. The committee members agreed that including CRCD faculty member as a voting member of the committee is a good idea. The committee also discussed the meeting quorum. Also the draft includes a quorum number: 5 voting members. The committee did not feel that the certain number of the voting member must be from core component areas. Miho brought up possibility of including voting policy via email in case the committee cannot meet quorum.
- Lower division core credit transfer policy change update
 Caty and Miho reported the summary of discussion happened in the Faculty Senate meeting on
 December 2nd. Miho also asked questions about the proposed transfer policy about
 ART/MUSIC/THR 200X.
- 6. Oral and Writing Intensive Course Assessment Miho will send draft email letters to the committee members who reviewed the syllabi in the week of December 9th. Miho briefly went over the courses Walter reviewed. Jean brought her review result in hard copy.
- 7. The committee will decide the meeting time for the next semester in mid January

Minutes of the SADA Committee

Jan 17, 2014

Attending: Gordon Williams, Alex Fitts, Sarah Stanley, Cindy Hardy, Curt Szuberla, Sandra Wildfeuer, John Creed, Brandon Uzzell

Committee logistics: According to our new committee definition, which still needs to be approved, we will need another CLA person. We will ask Dean Todd Sherman to find a faculty member who is available to come to SADA.

Our meeting schedule for Spring semester will be: Feb 14, Mar 14, Apr 11, May 9 (if needed to wrap up business) These are all Friday dates. Meeting times will be 10-11:30AM.

Learning Commons: Sarah spoke with Susan Bishop, development officer at Rasmusen Library, who didn't know there was a faculty motion to put a Learning Commons in place. We agreed to invite Suzan Hahn to our next meeting. Sarah reported that Susan B mentioned three learning commons proposals put forward in the library plans, one that cost no money (the dedication of a portion of the 3rd floor for use in tutoring and other student/faculty uses), one a \$250,000 proposal (this would involve clearing out the third floor space and digitizing all periodical), and a third, involving extending the building onto the current patio would cost millions. We discussed the Chancellor's Gala as a venue for raising funds for the learning commons in support of students.

There was a subcommittee of SADA and the Library: Suzan Hahn, Cindy Hardy, Dana Greci, Amy Barnsley, and Reba Dupras--that met over several years and wrote up a proposal for the Library dean. Cindy will follow up with Suzan on the status of this project.

Obstacles to student success: Alex is working on a questionnaire that is going out to English 111X students, asking questions about how many hours students work, their use of Degree works and the Academic Advising Center, and whether or not they live on campus. This survey is going out now to students. We asked how SADA can help support the process. Alex noted that there's not much to do now until she sees what types of responses she is getting on the survey. Sarah noted that the survey is also part of a pilot assessment of English 111X, and is also looking at student writing.

Alex also informed us that there is a group meeting to talk about students on academic probation and academic recovery. This committee can track this information, and we can move things along to help with policy changes that come out of the committee process.

GERC: For the remainder of the meeting the committee discussed and drafted a response to the GERC proposal, which follows:

Response from SADA Committee To GERC Proposal January 17, 2014

Members of the SADA committee addressed the GERC proposal and had the following comments:

We are excited about the ability to have the GER outcomes clearly stated by means of the attributes and to have many courses fulfill these outcomes. This will give students more choice in fulfilling outcomes, rather than being limited in their course options. We believe that this will help with student retention. Furthermore, it fixes the problem of bottleneck courses that devolve into a dire experience for students. Once this proposal is enacted, courses that already have the content that applies to the attributes will come forward to adapt to the curriculum—and this will lead to the expansion of recognition of these courses as fulfilling Gen. Ed. requirements.

In general, we see that the proposal doesn't dilute the rigor of the Gen Ed program, but offers students multiple choices. This proposal will also allow students to double count classes, which will be a benefit to students taking elective credits. For students whose programs don't currently allow electives, it will encourage exploration and help with retention. Finally, it will put transfer students and current UAF students on the same footing. The current system is harder on our own students because they have a limited list of courses to pick from in comparison to the list of acceptable transfer courses. The new system will give more choices to our current students.

We note that this could involve a messy and frustrating transition for students, faculty, and staff. Students with old transcripts—re-enrolling students—may have additional criteria to meet, especially as courses required under the current Perspectives begin to go away or be offered less frequently. There will be some potential for confusion on the part of advisors and students based on increased choice and during the transition period. DegreeWorks will need to change to adapt to the new GenEd requirements, and the new attribute system will initially create a greater burden on the registrar's office, but the changes, overall, will be better for students.

Recommendations:

Expand current "h," "s," and "n" attributes to allow students greater choice in meeting these parts of the BOR requirements. Currently the "h" and "s" attributes are required only in the BA degree. More classes could fit under these attributes.

Solicit student input into this process—they are the ones who will be most impacted by this change.

Continue with work on the motion to change BOR requirements so that they better fit the GERC proposal. We are not sure where this motion stands at this point, but we would like it to go forward.

Develop a review structure for the attributes as subcommittees of the current Core Review committee. This would provide more committee service opportunities for junior faculty.

Continue discussion about the C attribute and the role of written and oral communication at UAF.

Submitted by Faculty Development, Assessment and Improvement Committee

UAF Faculty Development, Assessment and Improvement Committee Meeting Minutes for January 23, 2014

I. Franz Meyer called the meeting to order at 4:02 pm.

II. Roll call:

Present: Mike Davis, Cindy Fabbri, David Fazzino, Andrea Ferrante, Kelly Houlton, Eric Madsen, Trina Mamoon, Madara Mason (guest from eLearning and Distance Education), Franz Meyer, Channon Price,

Leslie Shallcross, Amy Vinlove

Excused: Joy Morrison

Absent: Bill Barnes, Mike Castellini

III. News and Notes

a. Discussion on review committee appointment procedures

Franz reported that due to time constraints, the topic was tabled at the last Administrative Committee meeting but that it would be discussed at their meeting tomorrow.

b. Mission statement

Franz has submitted our mission statement to Faculty Senate but has heard nothing back yet.

c. Possible name change for FDAI

Franz will reopen the discussion via email and requested that we all weigh in with our thoughts.

IV. Faculty Development Activities at eLearning & Distance Education

Madara Mason, invited guest, gave our committee some background on herself and what faculty development opportunities are available from eLearning and Distance Education. She explained that she works with Instructional Designers and that her team has a lot of experience with curriculum development, both with face-to-face and online classes. There is a Blackboard specialist available, and they can offer help for faculty creating video or audio files.

Their largest faculty development effort is iTeach. It is offered about three times per year as a 4- or 5-day class for eight hours a day. In it, they cover such things as Blackboard, Word Press, Google Apps, and creating classes from the ground up. Separate from their iTeach class, they have a website, iteachu.uaf.edu, which offers a lot of information that people from all over are using, not just UA faculty. The next iTeach is March 7, 10, 12, and 15 from 8:00 am to 5:00 pm each day. There is also one scheduled for May the week of the $19^{th} - 23^{rd}$. There is an application process due to the fact that they can only take 18 people, but she reported that they are also doing some specialized iTeach presentations for departments wanting to set up more online classes.

Madara reminded us that they offer three hours of instructional course design for UA faculty for free. Anyone can email or call her to schedule a meeting with an Instructional Designer. Her team is also responsible for the weekly Teaching Tips and Blackboard Collaborate. Four times per semester they offer a Teaching Tips Live session. She will be presenting one soon on Google Apps.

Franz asked how eLearning and Distance Education are coordinating their efforts with the Office of Faculty Development. Madara explained that she tries to keep Joy informed of her schedule and vice versa, and said that Joy helps them get the word out to faculty on what eLearning has to offer.

Franz asked if most of their work is directed toward technique and using technologies. Madara reported that they do focus on pedagogy and backwards design by helping faculty hone-in on their "big idea". Franz asked how we can improve communication between eLearning and the FDAI committee. Kelly remarked that it seemed Joy was the connection between the two. Madara responded that while that is true, it is difficult to keep up with one another due to their busy schedules, so she relies a lot on hearing directly from faculty. Franz asked that Madara think about how our committee can help her.

V. Discussion on Electronic Course Evaluation Review Report

After a brief recap of what has been done so far, Franz informed us that he and Eric are currently writing up the Review Report. They would like to run it by our committee to review the recommendations put forth therein before submitting it to Faculty Senate. There will be two main pieces: 1) results of the working group; and 2) suggestions about implementing the recommendations. The final report will be submitted to Faculty Senate through the FDAI committee. Franz explained that this report will be more specific than last year's in that a recommendation will be made that UAF switch to a hybrid paper/online course evaluation system. He asked that when committee members scrutinize the report that we look to make sure all justifications of the recommendations are clear. Since the report will need to be completed by the end of February, the discussion will have to take place online. Eric stated that in addition to himself, Franz, Kelly and Andrea, other faculty, staff and administrators have joined in and been involved. Franz noted that the decision by the group was *really* clear. Eric said that all that is left to do is a cost proposal – this was not a consideration since cost should not drive the decision. Franz requested that any committee members that have suggestions about how to facilitate the online discussion should please let him know. There is a possibility that an audio-conference could be arranged.

VI. Other Business

Franz told us that Joy (who will return in February) asked us to provide her with some input regarding the "Speed Dating" model for helping researchers connect and collaborate. CP questioned whether people could really explain their research in 2-5 minutes. There was also some discussion on the name: does it sound too superficial? Due to time constraints we agreed to discuss it further at our next meeting.

VII. Upcoming events

a. Scheduling remaining FDAI meetings

We agreed upon the following dates – all Thursdays from 4:00-5:00 pm: February 20, March 27, and April 24

IX. Adjourned at 5:02 pm. Respectfully submitted by Kelly Houlton.
